

ANNIVERSARY OF MACNAB.

Prof. Kilpatrick Was the Preacher Yesterday

Congregational Mission Also Celebrates Its Anniversary.

Strong Temperance Sermons In Two City Churches.

Anniversary of the MacNab Street Presbyterian Church was celebrated yesterday, special services being held morning and evening. The church was filled on both occasions, and the edifice presented a bright and pleasing appearance, the floral decorations being beautiful. The members of the choir of the church were out in full force and rendered appropriate music.

The annual sermons were preached by Rev. Professor Kilpatrick, D. D., of Knox College, and he delivered two thoughtful and eloquent discourses, which were listened to with rapt attention. In the evening his subject was "Prayer," and he dealt with it in a most impressive way. His sermon was based on the following passages from Ephesians iii.:

"In whom we have boldness and access with confidence by the faith in Him. Wherefore I desire that ye faint not at my tribulations for you, which is your glory."

"For this cause I bow my knees, and unto the Father of our Lord Jesus Christ."

The preacher said that many Christians pray in too formal a way, particularly in offering supplication in public service. They use too many set phrases, and arise from their knees without fully feeling that they have had experience with spiritual power. He did not consider a book of common prayer a necessity; the Bible should be used as a manual for devotion, just as it is used as a book of instruction in history, poetry and Christian doctrine. By a study of the prayers of men of the Bible, Christians should be able to enter more fully into the joys of supplication. We must not expect that every request we make to God will be answered. We may not be asking for something which would not tend to our being filled with "all the fulness of God." We are in the same position to our Heavenly Father as children to their father; they often plead for things which no father who loves his child could give.

This evening's anniversary services will be continued. A congregational social will be held in the school house. A short programme of music and speeches will be carried out.

Centenary Church.

The special quarterly meeting in connection with the sacramental service was very largely attended yesterday morning. The full choir gave, as usual, excellent music, while the special selections by Mrs. Mabel M. Pickard, soloist, from Toronto, were very fine. Rev. Mr. Whiting, the pastor, took for his text, "Without faith it is impossible to please Him." The preacher's treatment of his theme was unique and original. He showed the process by which men may come to a proper conception of God. God is a spirit, and we have spirits, and by spiritual law we may have fellowship with the Father of spirits. To do a thing that pleases God implies that we may do some other thing that displeases Him. A fine distinction and difference were made to appear between the man who prides himself as a rationalist, and the man who has faith in God. Reason is but the process of creeping forward to the ultimate—the climax of reality in faith. The eye of reason sees only so far downward into the mystery of things, but faith is the microscope that looks into the infinitesimal. Reason looks upward, but reaches a natural limit, but faith is the telescope that looks away into the infinite.

Temperance Sermons.

A large congregation attended Zion Tabernacle yesterday morning to hear Rev. J. A. Cranston, Presbyterian minister of Collingwood, preach a temperance sermon. Great undertakings were on foot here, great movements such as the building of steamships 1,000 feet long; great railroads and canals costing millions of dollars. There were also great missionary movements on foot. One missionary convention in Philadelphia had 25,000 delegates. The temperance question is giving statesmen food for serious thought. Democrats and Progressives are driving out the liquor traffic. He spoke about the great fight in the British Parliament concerning the license question which, if carried through, would mean the cutting off of 25,000 licenses within two years. There are now 40,000,000 people under prohibition in United States.

Temperance is now an imperial question and occupies the minds of the politicians, he said. Elections are being run on it. It should be demanded that politicians concerning the betterment of the people should be put ahead of political strife. One of the causes of the temperance movement in the south was the effect of intoxicating liquors on "the negro. No business man wants a man who drinks. The man who drinks neglects the church of God and usually his children follow in his footsteps. Nothing destroys industry or the home or interferes with the church more than the liquor traffic.

Rev. W. T. Gunn Here.

Rev. W. T. Gunn preached in the First Congregational Church last evening before a large congregation, having for a topic, Hebrews xii, 13, the last line, "Because he judged him faithful, who had promised." It is the mind's business, he said, to gather the facts about Jesus Christ then ask "can I trust Him?" The Lord said the people will be condemned because they believe in me. Nobody ever trusted Jesus Christ and had Him fail them. One must have faith and faith won't come by waiting. One must gather knowledge of Jesus Christ and ask, "can I trust Him, can He help me?" Cannot Jesus Christ do for you what you have been wanting? Paul said: "The life that I now live in the flesh I live by the faith of the son of God who loved me and gave Himself for me."

You must trust Jesus Christ to have faith. If you trust Him He will do His part. People are condemned because they will not believe, and not because we cannot understand.

Rev. Mr. Gunn is holding a series of nightly evangelistic meetings in the lecture hall of the First Congregational Church.

Yesterday afternoon he spoke at the anniversary of the East End School Congregational Mission. He gave an object lesson, illustrating the meaning of the cross, blessings of daily duties and

mutual helpfulness. The school has been very prosperous, Mr. Robert Weeks is superintendent.

Rev. Ben Spence.

Last night Rev. Ben Spence, Secretary of the Ontario Branch of the Dominion Alliance, preached to a large crowd in Emerald Street Methodist Church. It had been announced that Rev. Dr. Galbraith would preach, but he being unable to fill the post, Rev. Mr. Spence took the work. He delighted the people with his logical, forceful and telling sermon. The text chosen was what is called the golden rule, Matt. 7, ch. and 12th verse. This golden rule is the basis of all true law and of every good Government, said the speaker. Law is supposed to mean justice and equity and this is the purpose of the text. The following out of the principles of the golden rule would soon usher in the Kingdom of Christ in its perfection, and bring the long prayed for period when God's will should be done on earth as in Heaven. Apply this rule to the great temperance cause, he said, and we will soon have a sober people, a contented, happy and prosperous world, with the door of every barroom closed forever. One hundred years ago Billy Clark formed the first temperance society, the purpose of which was "Not to drink enough to get drunk in public." This was a beginning, but in the short space of 100 years marvelous progress had been made, till to-day the barroom was fighting for its life, with the certainty that the final victory must come for the cause of righteousness and sobriety. He, the speaker, expected to live long enough to see every barroom door in Ontario closed, to remain so forever.

ELECT OFFICERS.

Satisfactory Statement Presented at I. P. B. S. Annual.

Notwithstanding the heavy demand on its charity account, during the winter months, the Irish Protestant Benevolent Society at its annual meeting, held in the Board of Trade rooms on Saturday night, was able to present a report showing a substantial balance. A large amount of charity was distributed than in former years.

Officers were elected as follows: President, Thomas W. Lester. First Vice-President, William F. McGivern.

Second Vice-President, Dr. J. Anderson.

Third Vice-President, W. H. Wheatley. Treasurer, George H. Bull.

Secretary, J. Elton Bull. Joseph Koss is chairman of the Charitable Committee.

RAILWAY CRASH

Alleged to Have Been Caused by One of the Passengers.

(Special Despatch to the Times.)

Guelph, Ont., May 4.—Grand Trunk passenger train No. 19, running north from Guelph, on Saturday evening crashed into a freight at Moorefield. The engine was badly smashed, as well as several freight cars, and Fireman Smith and Conductor Cox were injured, but not seriously. No passengers were hurt, and the engine escaped. The freight was on the siding and overran the switch. The signals were set against the passenger, but the brakes failed to work, and it is said that a colored passenger interfered with the valves, so as to cause the trouble.

VETERANS' THANKS.

To the Editor of the Times:

Sir,—The officers and members of the County of Wentworth Veterans' Association wish to thank the people of Stoney Creek and vicinity for their kindness in assembling in such large numbers at the consecration of the burial ground at Stoney Creek of the veterans who fell at the battle of 1812. They likewise wish to thank the members of the different societies and the militia of the county who participated in the proceedings. The association is deeply indebted to the Stoney Creek branch of the Wentworth Historical Society for their kindness and trouble in preparing the grounds, providing flowers, etc., for the event. Signed on behalf of the association,—John Gardner, president; J. K. Minchin, secretary. Hamilton, May 4, 1906.

A SUDDEN DEATH.

After an illness of five hours Robert Russell, 27 years of age, youngest son of Mr. and Mrs. James Russell, died yesterday at his parents' residence in Carleton Place. Deceased returned from a trip to Vancouver and the Territories about five months ago, and enjoyed his usual good health until within a few hours of his death, which was caused by uremic poisoning. He was a highly respected and popular young man, and had a host of friends who will deeply regret his death. The funeral will take place to Carleton Cemetery at 2 o'clock on Tuesday afternoon.

DROPPED DEAD.

(Special Despatch to the Times.)

Ottawa, Ont., May 4.—Robert Clarke, Cooper street, district manager for Frost & Woods, died of apoplexy yesterday. He leaves three sisters, two brothers, a widow and three daughters, mostly Ottavians. He was a member of the A. O. U. W., the I. O. F., and other bodies.

WEE MAC CLUB.

The Wee Mac Club held its third annual banquet at the residence of Mr. R. Morton, Emerald street south, on Friday, May 1st. Games were played after which a supper was served. Toasts were proposed by the President, B. Cody, and were responded to by members of the club. The affair broke up at a late hour, after spending a most delightful evening.

To Drum Twenty Miles.

Paris will shortly be the scene of an extraordinary contest, all the drummers in the French capital being drums all the time. During the whole 20-mile tramp they must not stop drumming except for three periods of 10 minutes each. They must also beat the regulation marches and not drum at the double.

The Ontario Gazette announces the passage of an order-in-Council allowing the Minister of Public Works to issue twenty angling permits to non-residents who are the guests of the province.

BRANTFORD NEWS.

(Continued from page 1.)

found by Constable Kerr at the spot in question. A number of the men believed to have been there were called as witnesses, but all denied positively having been at any cock fight at that time or place. The case fell to the ground, and a dismissal was made in each instance.

Liberal Convention.

It is said that Dr. Pearson, the Medical Health Officer of the city, and Martin W. McEwen, a local barrister, and president of the South Branch Reform Association, are contenders for the Liberal nomination which will be made on Thursday evening at the convention that has been called.

A Mix-up.

A curious mixup has arisen in regard to some civic correspondence relative to the Government power question affecting this city. Brantford was not represented at the recent power convention in Toronto, when the final contract was drawn up, and when representatives of various municipalities placed before the commission their respective local power conditions. The reason was that the notice of the meeting sent to this city was diverted into the wrong channels. The president of the Municipal Union has written, stating that Mayor Bowly was notified, and that certain contract papers were enclosed with the letter. Mayor Bowly denies having received the letter, but the curious part of the affair is the discovery of the contract papers on file at the City Hall. Ald. Andrews, chairman of the Power Committee, has threatened to resign, but nothing will likely happen in the matter. Brantford, however, through not being represented, has been placed in a disadvantageous position. The affair has created no little discussion in local municipal circles.

House Burned.

At 2 o'clock this morning the house of Mr. and Mrs. E. Turner, a colored couple, living on Rock street, was destroyed by fire as a result of a lamp explosion. Turner ran three blocks to turn in an alarm, but merely broke the glass, not pulling the knob. As a result the department was not called until a half hour later. Mrs. Turner escaped from the house, wrapped in a sheet. The loss will be \$800.

A Picket Case.

Eight striking moulders were committed for trial this morning at the police court, charged with besetting the stove works. There was a legal battle between John D. O'Donohue, of Toronto, who appeared for the defence, and Crown Attorney Wilkes. It was claimed that the men had a legal right to do peaceful picket duty. Magistrate Livingston thought that the presence of the men in the neighborhood, in view of the fact that recent acts of violence had taken place, was an overt act of intimidation.

Austrian Killed.

Word has been received in the city of the killing of a Brantford Austrian, Alexander Straboski, who lived at 91 Pearl street, on a railway at Laporte, Ind. He was killed on Saturday morning and left the city on April 22nd, to look for work. The remains will be brought back to Brantford.

Superintendent Resigns.

T. C. Hasley, superintendent of the American Radiator Works here, has resigned his position, and will leave the city for Chicago on May 15th.

New Opera House.

Frank Johnson has announced that he will build a new opera house on the Stratford rink site. The new house will not be as elaborate as the one planned at first, and for which the council refused a fixed assessment. Work will be commenced forthwith.

RACE FIGHT.

Poles and Italians Clash and Two Fatally Hurt.

Wilkesbarre, Pa., May 4.—Poles and Italians engaged in a bloody riot at Hudson, ten miles from here to-day, two Poles being fatally wounded, two others badly hurt, while many were injured and were carried away by their companions. The police are now searching for these and expect to make arrests to-day.

There has been a feud between the Poles and Italians for some time owing to the fact that a number of Poles took the places of the striking Italians at near-by coal mines. To-day Italians laid in ambush for a party of the Poles and attacked them with stilettoes. Joseph Wisert was stabbed seven times, Alexander Wilkowski four times, and both are dying. John Darboski and Joseph Verdeti were badly wounded and a number of others were hurt.

HE RESIGNS.

Western Head of the Salvation Army Not Well.

Chicago, May 4.—Fearing physical breakdown, Commissioner George A. Kilbey, the western head of the Salvation Army, has requested General Booth to relieve him of his command. A public farewell demonstration on a large scale will be tendered the commissioner and his wife next Wednesday night. Commissioner Kilbey has been in command of all Salvation Army operations extending over two-thirds of the United States for the past three years. His territory extends westward to the Pacific coast from a line north and south between Duluth and New Orleans.

CENTRAL Y. M. C. A.

Rev. I. Couch, M. A., addressed the men's meeting at the Central Y. M. C. A. yesterday afternoon and the men present listened to words of the most helpful nature. He took for his subject "Man's duty to God and to his fellow-man." He illustrated by the use of the triangle, one point representing God and the other representing man and his neighbor. Love, the speaker said, was based on knowledge. It was only as we gained knowledge of God that our love for Him would increase, just so it was with our neighbors. Increased knowledge often brought about a deeper love. He also spoke of the necessity for communion and fellowship with God. True knowledge of God must be gained through a study of the life of His Son, Jesus Christ. The meeting was well attended. E. S. Hogarth, chairman of the Religious Work Committee, was in charge.

Right overruled turns to wrong.

Spanish.

THAT LA ROSE GRANT.

Mr. O'Brien Makes a Signed Statement Exposing Whitney's Dishonesty.

A great deal of space is now being used by Tory papers in trying to explain away the La Rose mine incident. It is felt that there is much need for explanation. It is attempted to make it appear that it was a case of Ross regarding Liberal politicians, and that the astonishing legislation passed by the Whitney Government was merely a case of securing justice to all parties and to the Province. How utterly untrue this claim is may be gathered from the following signed statement of facts by Mr. O'Brien himself. A careful perusal of the statement is commended to our readers:

The charge has been made that the title to the O'Brien mine was secured by influence in the closing hours of the Ross Government, and that Mr. M. J. O'Brien, then a Commissioner of the T. & N. O. Railway, secured this valuable property because of his position, and to the detriment to certain people who have now been given a grant of \$130,000 by the Whitney Government. I desire to deny this absolutely, and to lay the true story before the public.

About October 1st, 1903, I heard accidentally that a Mr. King, of Haileybury, had a silver claim he desired to sell. I got hold of Mr. M. J. O'Brien, who was a client of mine, but no relation, and suggested that he buy this claim. Finally, I succeeded in getting permission to send for the claim, and we three met on November 30th. In the meantime Mr. King had staked a new claim, and he sold both of these to us. The first discovery, Mr. King claims, was made in May, 1903, and is now known as the La Rose mine. The second discovery, made by Mr. O'Brien and myself, was made on November 6th, and is now known as the O'Brien mine. We believed, and, as a matter of fact, still believe, that we had a right to both mines.

Government Had to Decide.

In the meantime, based on a discovery made in September, La Rose had filed a claim to 40 of the 357 acres which we considered we owned, and Mr. Duncan McMartin had filed a claim to 80 acres thereof. The Government had to decide among the claimants. A commission was appointed, consisting of Mr. Thomas W. Gibson, Director of the Bureau of Lands, Mr. Aubrey White, Assistant Commissioner of Crown Lands, and Mr. Kennedy, Law Clerk of the Crown Lands Department, who took evidence for three weeks under oath. Their decision was that La Rose should get the 40 acres he applied for, that Duncan McMartin should get 40 acres of the 80 acres applied for (now known as the Ross Extension), and that Mr. O'Brien and myself should get the remaining 277 acres. The final decision in the matter was given in December, 1904, before the Ross Government went out, but the leases were signed in February, 1905, by a Minister of the Whitney Government.

I may say that we were much disappointed over the decision as to the La Rose mine, and sought to appeal to the Executive Council. Mr. Ross refused to leave to make an appeal. If we had possessed political influence, surely Mr. Ross would have consented at least to hear us. Moreover, our opponents in the struggle included the McMartins, the Timmins and Mr. David Dunlop, all prominent Liberals with possibly one exception. It was not a contest in which political influence could have played the slightest part, and this makes the present charge against Mr. M. J. O'Brien ridiculous as well as a gross libel.

Tested the Allegations.

A few months after the leases were issued (Mr. Cochrane in the meantime having become Minister of Mines), the McMartin-Dunlop-Timmis syndicate applied to the Attorney-General for leave to use his name in an action to have the O'Brien leases cancelled. The allegations on which this was based were that Mr. King had never made a valid discovery, but was put up by us to make false affidavits regarding these claims. The Attorney-General refused the fiat, but brought actions in his own name to test the truth of these allegations. These actions hung for a year and a half, and in the meantime we had spent much money on our properties. We were anxious, of course, to get our title cleared from the actions, and finally made an offer to pay a twenty-five per cent. royalty in consideration of having the title fully cleared. We were led to do this in part by the talk about a graduated royalty tax of from three to twenty per cent. which the Government was thought to be about to impose, and of which, by the settlement, we are relieved. The ordinary defences in such an action, such as "innocent purchasers for value" and "estoppel" by the decision of the commissioners, were good against the other contestants, but not against the Crown, and this influenced us to make a generous offer for the sake of peace.

These, so far as my power of statement goes, are the true facts of the case. I am, and have always been, a Conservative, yet I feel that these allegations against the three commissioners, Mr. Ross and Mr. O'Brien concerning the O'Brien claim, are so foundationless that I am in honor bound to enter a clear protest.

James B. O'Brien.

Toronto, April 28, 1906.

The communication bears every evidence of fairness and openness. It is also significant that the writer is a Conservative, and that he acted in part against Liberals, who were not given any advantages over their competitors.

If the explanation is quite impartial and above board on its face, may be depended on.

TO YOUNG MEN.

Fine Address by Dr. Wickett Yesterday Afternoon.

Dr. Thos. Wickett addressed the men's meeting in East Hamilton Y. M. C. A. yesterday afternoon. His subject was "Citizenship." He congratulated the Young Men's Christian Association on the work being done by that organization throughout the world. The speaker referred to the good work of the Y. M. C. A. in the development of young men. The citizens of this country needed were those who were four square. The top of the square, religious, the bottom educational, one side service to one's country, the other side clean manly sports. Dr. Wickett spoke briefly on all of these phases of life. He asked if every man was getting the best that he may from the educational benefits of to-day? Duty to one's country was on too low a plain, great problems confronted the men of our country. The true citizen shows by example what kind of life those coming from foreign lands should live. Dr. Wickett said he would be slow to give foreigners the franchise—starting perhaps with municipal franchises, then Provincial franchise and then Dominion franchise. Referring to sports he said it was necessary to provide clean manly sports for the development of the young man. He commended the Y. M. C. A. for taking such an active interest in this work, and hoped the time would come soon when the associations throughout the lands would control the development of the young man. The men and boys could safely take part in them. He hoped something could be done by the efforts of the churches to change the tone of and control the amusements in this country. He was proud of the Lord's Day act which had done so much to help the workman and relieve him from the necessity of working every day in the week. Speaking of the religious side of the subject the doctor said that in his calling he had many opportunities of observing the great laxity of young men about attending church services. A great many young men on Sunday walk the streets during church hours, smoking cigars and cigarettes. He was sure that the young Canadian manhood was being stunted and many large corporations were refusing to employ users of the weed, as well as those who used liquor. The duty of every good citizen is to love God with all his heart, mind and strength, Mezzis, Pichard and Abram sang a duet, "The Sinner's Call."

THE BIG STRIKE.

The Cotton Operatives' Strike Will Involve 7,000 Persons.

Montreal, May 4.—The big strike of Canadian cotton operatives, which will eventually involve some 7,000 persons, was inaugurated a protest against the 10 per cent. cut in wages ordered by the Dominion Textile and Montreal Cotton Companies last week. The mule spinners at Valleyfield, Hochelaga and St. Henri mills have struck, and as their work is the basis for that of most all the others it is a matter of time when all the departments will have to close. Wilfred Paquette, the business agent of the Federation of Textile Workers, declares that the spinners will not accept a cut so long as the companies are able to pay good sized dividends to their shareholders.

FOR QUEBEC.

Composite Regiment From Winnipeg, Calgary and Victoria.

(Special Despatch to the Times.)

Ottawa, Ont., May 4.—About 170 officers and men will constitute a composite regiment for the Quebec tercentenary celebration, to come from the three western military districts with headquarters at Winnipeg, Calgary and Victoria, respectively. Owing to the great cost of transportation, etc., the Militia Department has decided it inadvisable to bring a large contingent from the Winnipeg district. The force will be about 110 men, while from the other two districts about 30 men each will come.

Freak in Roses.

Florists and fancy horticulturists in St. Petersburg are much interested in specimens of black roses which have been produced by Seraphimoff, a master gardener of Voronezh. He claims to possess the secret of growing these freak roses, which scientific gardeners in St. Petersburg have been trying for generations to produce. The rose is not yet black, but has the slightest possible brownish tinge. By itself it is not decorative, but when mixed with other flowers it brings out their hues effectively.

The Angus shops of the C. P. R. at Montreal are closed for a few days for stock-taking. Both the C. P. R. and the Grand Trunk are reducing their clerical staffs.
