The State rested in the Thaw case to-aty, and from now on it devolves upon larry K. Thaw and his attorney, harles Morschauser, to offset the testinony of the State's alienists, who have worn that Thaw is still insane and ould be a menace to the community if sleased from the asylum at Matteawan. Thaw will know the outcome of his gift for liberty on Thursday, August the Justice Mills said to-day that in a forenoon of that day he will send in decision in the present habeas corus proceedings to the court here. Dr. Carlos F. MacDonald was the last lienist called by the State. He was followed by John B. Gleason, Thaw's first gal adviser after the shooting of Standard White. He came to Thaw's aid ins afternon and cleared up a few old systeries, sweeping away some of haw's apparent vagaries on which Mr. Grome has dwelt so persistently.

Through Mr. Gleason, Thaw's lawyer opes to show that Thaw's attitude to-ard Stanford White was not due to desions, but was prompted by what haw knew of White's practices. TO-DAY'S EVIDENCE.

White Plains, N. Y., Aug. 5.—There were empty seats in Justice Mill's court com this morning for the first time since the hearing on Harry K. Thaw's application for release from Matteawan began nearly four weeks ago. The exception of the season in reading from the minutes of the first and second homicide trial, tept the curious away. A few of the women who have not missed a day of the learing were on hand early in the front eats, and some of them, as usual, prought their luncheons to eat during the midday recess.

David N. Carvalho, the hand-writing expert, who appeared in the Molinieux case, was the first witness when court opened this morning.

Called by Mr. Morschauser, Mr. Carvalho, who sat by Thaw all through the first trial, declared that Thaw was "worried" by his counsel. He spoke little, said the witness, and made his suggestions mainly by notes.

"I cannot say that he ever dictated to his lawyers," he asserted.

Thaw told Mr. Carvalho, the latter said, that he would not agree to Judge Olcott's plan to place him before a sanity commission instead of on trial. When Thaw reduct this suggestion Judge Olcott withdrew from the case.

"There was wrangling among Mr. Thaw's counsel all the 'time," said the witness.

the busy season would be over by that time, and the work completed. It was the intention of the city to move the plant, but they would like to get through with this season's work first.

through with this season's work first.

There will be a meeting of the Board of Education special committee to-night to deal with the reappointment of teachers. The city has a full staff on the list, and beyond the reappointment nothing will probably be done except that a successor to Mr. T. L. Kinrade may be appointed as principal at Cannon Street School.

It was stated in the Times a short time ago that Mr. Kinrade had probably left the city for good. As yet no word has been received from him, and the board have almost given up looking for an application from him for reappointment.

Mr. Charles Hudson has been granted a permit for a frame building on Birch avenue, between Barton and Princess streets, to cost \$400.

The City Engineer received a report from the waterworks department this morning. The consumption of water by the city this year has exceeded that of last year by fifteen and a half million gallons, or over six per cent. He also received a letter from a citizen on Emerald street complaining on behalf of the residents because some stone had been left on the street between Barton and Robert. The stone was thrown there left on the street between Barton and Robert. The stone was thrown there when the Street Railway Company was repairing the roadbed, and owing to the great amount of work on hand the city has not yet been able to handle it. The rollers are kept busy all the time, and as soon as possible the stone will be crushed and disposed of. Mr. Brennan stated this morning that if the residents will give them a little time they will remove the grievance satisfactorily.

A meeting of the Finance Committee will be held this afternoon. Mr. James has set in a request for a remission of business tax; Messrs. Farmer & Schelter request a remission of taxes paid by Eliza McMurtrie; City Solicitor Waddell will bring up the question of the Grand Trunk Railway Company's taxes, and the request of the Trades and Labor Council for a grant, E. J. Greenstreet respecting public abattoirs and cold storage, and by-law to amend by-laws Nos. 869 and 870 will be considered.

Mr. J. Harrison appeared for Andrew Ross, who was summoned for allowing his dog to be at large. Mr. Harrison cross-examined P. C's. Emerson and Merritt about ill-using Ross. Emerson said Ross became ugly and required rough handling, and Merritt said he saw the two scuffling at the station, but did not know who was to blame. Emerson also admitted handcuffing Ross. His Worship gave Ross the benefit of the doubt as to whether his dog was und-w control, and dismissed the case of a breach of the by-law.

Mr. Harrison formally laid the charge of wrongful arrest before Magistrate Jelfs, so that it can come, before the Police Commissioners.

This is the case referred to in the Times yesterday, and a remarkable thing is that Mr. Ross was not summoned until three hours after the Times came out, with Mr. Ross' story of the abuse he was subjected to, aithough the arrest took place three days before.

"You must not think you are traveling through a village when you are in Hamilton," said his worship, to Wainwright, "you are fined \$10."

Abraham Venn sued Thornton & Douglas for \$12 wages. Two dollars was offered as payment and Venn accepted. John Paterson was arrested this morning on a warrant, and was arraigned in the police court to ne charge of bigamy. Just before leaving his office for the police court this morning, his worship's office was besieged by a number of women, two being wives No. 1 and No. 2; all were weeping broken-heartedly. Wife No. 2 was weeping over losing her newly acquired husband, and wife No. 1 wept because of his unfaithfulness to her. Paterson, the Magistrate was told, married his second wife on July 27 last; she was a Miss Bertha Turner. He had kept up his visits to two homes and no suspicions were aroused. Paterson was remanded till next Wednesday.

Terre Haute, Ind., Aug. 5.—There is not likely to be any more boxing in Indiana for some time to come.

Governor Marshal yesterday received assurances from sheriffs in the various counties where bouts have been held that they would prevent any further exhibitions.

New York, Aug. 5.—Jas. J. Jeffries, retired heavyweight, champion of the world, smiled a broad farewell to a crowd of well-wishers that gathered on the North German Lloyd line pire in Hoboken to-day, and sailed away on the steamship George Washington, for Europe, for a six weeks' sojourn in Europe. The big puglihst, accompanied by his wife, will go direct to Carlsbad, where they will remain for a few days taking the waters, which Jeffries thinks will benefit him.

Jeffries sailed without seeing Jack Johnson, who is expected here some time to-day or to-morrow. Sam Berger, manager for Jeffries, will remain in the city for a few days and may talk over the details of the fight between Johnson and Jeffries with the negro.

The departing puglilist was given a noisy farewell by a crowd of friends at the pier. Jeff said he never felt better, but was disinclined to talk about the possible fight with Johnson. He has been troubled recently with hoils and hopes that the waters at Carlsbad will aid him. Berger will leave for California next week, and later return here to receive bids for the Jeffries-Johnson fight.

second and Relish third. Eleven horses started.

The game of soft ball in the Jewellers' League, between George H. Les & Co's., team and Levy Bros', team, was one of the best since the league started. The only accident was caused by a fly ball striking Joe Levy on the hand, and it "stung." The base-running of Adolph Levy was one of the features of the game. He had a style all his own, and although he rolled, stumbled and bounced, he reached the sack and was responsible for a run. Stewart Lees had ambition to hit the ball, but the best, he could do was to fan the air. Alf. Baker was prevailed upon to act as umpire, and is slowly recovering from the effects. The George Lees team were good at chasing one another around the bases, and won by a score of 12-2.

Friday and Saturday of this week are days of special interest at The Right House. Great reductions in swell Princess wash dresses, and hundreds of beautiful blouses give the ladies a chance that will not last much longer, to purchase these at figures greatly below their real worth. Then there is the sale of odd pieces of beautiful fancy linen that is attracting a great deal of interest. These also are marked at figures a great deal below their real worth. Although but one or two of a design are left in some cases, yet they are in useful sizes. Do not miss visiting the store these two days.

Wife of Slayer Escapes and Connot

Chicago, Aug. 5.—As a result of a family feud, Stephen Eiser shot and killed his brother-in-law, George Goritz, and his sister-in-law. Katherine Goritz and then took his own life with the third shot from his revolver last ever ing in front of the Goritz home at 11, 504 Front street, South Chicago. The po-lice believe that Eiser intended also to kill his own wife, had she been with the Goritzes, as he had expected.

Eiser and Goritz married sisters, and both families lived until recently at Steelton, Pa. A short time ago Goritz and his wife moved to Chicago, where he hoped to get a position with the steel company.

The police have not been able learn the nature of the quarrel between

Eiser and the other members of the family. They have not found Mrs. Ei-

ser.

From stories told by neighbors the police learned that Mrs. Goritz wrote to her sister a few weeks ago urging her to come to Chicago.

Mrs. Eiser arrived here two or three days ago, and had been staying with the Goritzes until last night. The police could not learn definitely whether or not she found a position in the city and left them, as some of the neighbors say, or whether she just happened to be out in the evening.

them, as some of the neighbors say, or whether she just happened to be out in the evening.

It is believed that Eiser arrived in Chicago in the afternoon with the sole intention of killing his brother and sister-in-law and also his wife. He went to South Chicago early in the evening while the family was away. He made inquiries among the neighbories to find out when they would return. All the time. he kept one-hand in his coat pocket, where he carried his revolver. He patrolled the block for some time and then took up a position in the shadow of the steps of the Goritz house and waited.

About 8.30 o'clock Mr. and Mrs. Goritz approached in Front street laughing and joking. Nearly every one in the neighborhood was sitting upon the steps of the house.

Just as Goritz and his wife were turning into their own door Eiser jumped out in front of them with drawn revolver. Without a word of warning or explanation he leveled the weapon at Goritz and fired. The bullet entered the man's brain and killed him instantly.

Mrs. Goritz started to run, but she

Mrs. Goritz started to run, but she had not taken five steps before Eiser shot her through the heart.

There were hundreds of men and women within a few hundred feet, but before any one could make a move to interfere Eiser's two victims were dead and be had blown his own brains out.
