be can may to him at any time. With sever the own.

Mr. W.— Junkes; and there are many, of these unforteness. If we have a sever the control of their souls, or not give the constituencies in Parliament, block out some system by these documents. If may now refer to a threatening letter which was such to the first people by Mr. Yeo, which I published in the Residuer. And here I would cannot that many of the hyporage are in such a state of bondage that they date not comb before the Court to found the third of the hyporage are in such a state of bondage that they date not comb before the Court to found the transport of the proper of the property. If the landlords themselves were living in the country, it would not be about, the same the week living in the country, it would not be about, the same to the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be about, the same the week living in the country, it would not be a burden on the whole lained the same than the country, it would not be a burden on the whole lained the same that the country, it would not be a burden on the whole lained the same that the country is the living in the way cause the travelle. As we days ago, for campile, and yet the travelle. As we days ago, for campile, and yet the country of the country, it would be not better the country, it would be not better the country, it would be not better the country of the countr

on the improved that is, if my extended each borne that is, if my extended each for my living; but I maintain such to my I work for my living; but I maintain ple in this country, without mone, cannot make out of a wilders of few. There may be a few out of a will find many farms charted in this least. You will find many farms charted in this least will find many farms described by not now own

specially for all the binants.

Mr Wannerov.—I am glad life M'Lean has come for ward. Since Mr M'Lean has come for your Green with Lean has come for gentlemen will come, with documents which will keep you for a year. It may be said this species of work has lately come into operation; but when I was a proprietor's man come years ago, Mr Yeo took me into his office one day after an election, and showed me 32 write he was a going to insue against voters.

Mr Wannerou.—I do so, been the Trefer to the flechedders who are obliged to pay taxes to support the Government, which the proprietors agreed to do in former years. I, and many others pay taxes for this purpose, but had the quit rents been collected, the Government could have been supported without out our doing so.

the season of the flowbolders who are obliged to pay bases to approct the Gerement, which the proprietors were appreted to foremer years. I, and many others pay bases for this purpose, to the flow plant the proprietor will be proprietor to the flow plant to the proprietor will be proprietor. The proprietor was also and the proprietors were obliged to the strength of the strength

paid, do you think to give 10s. an acre would be doing justice

paid, do you think to give 10s. an acre would be doing justice to the proprietor!

Mr. W.—I think ac, he ought not so live out of the labor of the poor man.

Com. RITCHIE.—Suppose a man has 100 acres in his possession, and he has made it worsh £ 1000, you would allow him to give the proprietor for it only 10s. an acre!

Mr. W.—No more.

Com. RITCHIE.—That would reduce it to about 10 years Communities. of the poor man.

Com. RITCHIE.—Suppose a man has 100 acres in his possession, and he has made it worth £1000, you would allow

Mr. W.—No more.

Com. Riverine.—That would reduce it to about 10 years of the country, without means, cannot make of a wilderness form. There may be a few You were formerly a land right and a You will lift many farms cleared in this late parameters. The property of the country of them do not now own as and many of them have the fact, if a farm, a present of it to him would be all it will if the titles are good, the people would not ying the price at which the forms much hand.

The work is that the country of them have the fact, if a farm, a present of it to him would be all it will if the titles are good, the people would not ying the price at which the forms much hand.

The work is that the constant hand the country of the country
