All who attended the picnic from distance were surprised at the evid-

presents on every hand. The distriction one of the oldest in the province and the fine farm buildings and cult vated areas show that the farmers are also very noticeable. The hay crop is abundant this year and timothy will be plentiful judging by the quantity grown in this district. Wheat, oats condition, and on maturity should nake a record yield to the acre. Har esting will be over long before the dvent of frosts, consequently all are ot been matched for prosperity for manya season.
