

Mummers an me use Zam-Buk

"Children are keen judges of a good balm and whenever my children get cut or bruised, they run home at once to have Zam-Buk applied. They have found that it takes the soreness and smarting out of a wound or sore very quickly. It is a marvellous healer."

So writes Mrs. B. Hubert of Van Horns St., Toronto, and she adds: "It was a long time before I tried Zam-Buk, but now I have used it I would never be without it. I have also found it very effective for piles."

Mothers! Take the lesson home! If you have not yet tried Zam-Buk, now is the time. Send us a cent stamp for return postage (Zam-Buk Co., Toronto) and we will mail you a trial box, or get a 50 cent box from your druggist or storekeeper.

For piles, eczema, abscesses, varicose sores, ulcers, cuts, burns and skin injuries and diseases, this great herbal balm is without equal. Used throughout the world. Refuse harmful substitutes.

Rann-dom Reels.

THE ELECTRIC WASHER.

The electric washer is an ingenious device which was invented so that husbands could procure something to eat on Monday as well as other days of the week. Prior to this discovery, thousands of stout, voracious American husbands refused to affiliate with the wash-day dinner at home for fear of being permanently disabled in the alimentary tract. Great ingenuity was displayed by housewives in dressing up the remnants of the Sunday dinner so that they would look like a square meal, but even then some husbands would utter disparaging remarks about the menu and threaten to take their meals out.

The mission of the electric washer is to take a pair of khaki overalls, six high-priced lace curtains, ten dozen hemstitched handkerchiefs, an armful of bedspreads and the rest of the family linens and shoot soapuds through them at the rate of four kilowatts per hour. This is a simple process and requires no mental effort whatever, except at the end of the month, when it is necessary to climb a stepladder and read the meter. Many people have been severely injured by falling off the stepladder after taking one glance at the meter, but the majority of patrons prefer to trust to the mercy of some calloused representative of the electric light company who is an expert in men's arithmetic.

Perhaps the greatest advantage in favor of the electric washer is that it has forever done away with that popular form of entertainment known as the stitch in the back. This was caused by beating the family wash with the bare fists against a corrugated rubber board at an average rate of 2,400 revolutions per minute, and resulted in covering the rubber with perspiration and lint. Now, however, all that a woman has to do is to turn the washer loose and sit down with a light heart and some lighter reading and wait for the machine to deliver

the finished product, ready to be strung in all its tempting proportions on the back porch.

The electric washer has done more to make the average woman contented with her home and what she received at the marriage altar than any other device of the age except the electric brougham. If there were more electric washers in our homes, there would be fewer divorce actions and considerably less indigestion.

\$50.00 in Cash Prizes!

With every 25c. purchase at either of our Drug Stores, Duckworth St. and Theatre Hill, you receive a numbered ticket, and if you are holding a lucky number at the time the numbers are drawn (July 31st) you win one of the Cash Prizes we are giving away.

- 1st Prize \$20.00
- 2nd Prize \$15.00
- 3rd Prize \$10.00
- 4th Prize \$ 5.00

P.S.—The above does not apply to "wholesale" buyers, but only the "Retail Cash Purchases" made at our two stores.

These prizes will be drawn by two prominent business men on the above mentioned date.

Important Session of the Civic Board.

Resolution For Increased Taxation Say That the People Want Sport They Must Pay For It.

The regular weekly session of the Municipal Board held last night, was a busy and important one.

The principal item of business was the subjoined Resolution, submitted by Mayor Gosling, for the purpose of levying increased taxation to meet certain financial obligations, as previously mentioned. The Mayor pointed out that the various claims in the new Charter empowered the Council to fix taxation, subject to the approval of the Legislature, and if the new Charter is passed this session of the Legislature, he felt it incumbent upon the Board to pass this Resolution. The Mayor showed that the proposed increase of taxation on theatricals and other forms of amusements (which really means extra taxes on people who attend theatricals) would yield a revenue of \$10,000 a year. The Resolution will be discussed fully next week.

NOTICE OF RESOLUTION.

It is hereby Resolved, — That, beginning with the half year period July 1st to December 30th, 1917, the City tax as authorized by Sec. 211 of the proposed City Charter shall be at the rate of Twelve and one half per cent on the gross rental value.

The Ground Landlord's Tax, as authorized by Section 217 of the proposed City Charter shall be at the rate of Five per cent.

The Stock Tax, as authorized by Section 218 of the proposed City Charter shall be Twenty cents (20c.) per One hundred dollars.

The Improved Vacant Land Tax, as authorized by Section 219 of the proposed City Charter shall be at the rate of Six per cent.

The Unimproved Vacant Land Tax, as authorized by Section 220 of the proposed City Charter shall be at the rate of Six per cent.

(The above taxes to be subject to a discount of Ten per cent. as per Section 240 of the proposed City Charter.)

There shall be paid to the Council by all persons frequenting any theatrical, musical, dancing, pantomime, athletic, pictorial, circus, or other kind of public performance, exhibition, or amusement, within the City limits, one cent upon every five cent ticket, two cents upon every ten cent ticket, and so on in proportion.

For the purpose of collecting the above tax, the Council may, upon payment of the face value of the same, issue to the owners or managers of such entertainments, stamps, of such value as may be required, to be affixed to the ticket issued by the said owners or managers.

Or the Council may, upon payment of the face value of the same, issue duly certified tickets of such denominations as may be required. Such stamps or tickets shall be cancelled when sold, by being punched in such a manner as to indicate the value of the ticket and the date of cancellation.

In addition to the annual fees payable to the Council under the Motor Car Acts of 1906 and 1911, a further tax, equal in amount to one half of the said fees, shall be paid by owners or drivers of motor cars owned or operated within the City Limits, on the first day of July, 1917, or on registration, and annually thereafter on or before the first day of May in each succeeding year.

Wood and Kelly, Solicitors for the U. S. P. and P. Co., claimed \$897.75, account of damages to furniture and store, caused by the bursting of a water pipe. Referred to solicitor for enquiry.

Mr. R. F. Horwood asked to have the night soil removed from Jensen Camp by the Sanitary men. The Council cannot accede to the request, as it is too far outside the city.

Baine Johnstone & Co., again wrote asking that repairs be made to the Newman building and following a little debate between Couns. Brownrigg and Mullaly the building was ordered to be torn down altogether, it being considered unsightly and an eyesore to the public. Couns. Brownrigg (proposer) Tait (second) and Ayre voted for the motion and Couns. Mullaly, Morris and Vinnicombe against. The Mayor cast his vote for the affirmative.

Councillor Mullaly then moved, seconded by Coun. Morris, that the Engineer be asked to report on the condition of the block of houses west of the Kesmer building and on the Franklin building.

Councillor Brownrigg begged leave to ask the Engineer to include in his itinerary that building immediately west of Franklin's and occupied up to recently by Mullaly and Co.

The Solicitor reported that the Council were liable for injuries to Ernest Guzzwell's horse and it was ordered that the \$25, claimed by Guzzwell be paid.

The question as to whether or not any travis paving was to be done this

season on Duckworth Street was decided in the negative.

The collections and expenditure for the week ending May 3rd, as compared with the corresponding period last year are:—

1917.		1916.	
COLLECTIONS.			
Arrears	\$ 277.47	Arrears, Water and Sewerage Rates	912.53

	2,791.77		2,791.77

After some minor matters were disposed of the meeting adjourned.

What a Gas Range Means for You, Mrs. Housekeeper.

The gas range is a muscle saver and a step saver. Think of the many tons of coal you used in that coal range, and how you have had to handle it all twice; first, carrying it up out of the cellar; then, from the kitchen to the ash barrel.

No more soot to wipe away; no more ashes to cart away; no more wood to fetch; no more coal dust; no more smoke and no more reason why the kitchen cannot be kept as clean and as orderly as the parlor. The gas range means just this.

Saves 50 Per Cent of Kitchen Cares.

Half of the labor in the house is caused by dust from the coal range. Every time it smokes, no matter how good the draught may be, clouds of ashes rise and settle on the furniture. It eliminates Hard Work.

Use a gas range and you will live better, you will play better, and you will work better because the use of the gas range eliminates the drudgery of carrying coal, ashes and the chopping of kindling, as well as the drudgery of cleaning up a lot of dirt, and, best of all, for the cook it makes upon every ten cent ticket, and so on in proportion.

Installation.

SHANNON CHAPTER OF ROYAL ARCH MASONS, NO. 9, R.N.S.

The High Priest and officers of the above Chapter were installed last night by M. E. Companion W. A. Ellis, P.H.P., representative of the Grand High Priest, assisted by Companions W. Noel, P. H. P., Marshal as follows:—

- Comp. W. H. Hynes, M.E.H.P.
- Comp. H. E. Cowan, E.K.
- Comp. F. J. King, E.S.
- Comp. E. M. LeMessurier, Treas.
- Comp. E. W. Lyoh, Sec.
- Comp. A. G. Osmond, C. H.
- Comp. A. MacKeen, for J. McNeil.

Had Headache for Two Years.

A Barrie Man Tells of Persistent Headaches and Indigestion—Finally Found His Way to Good Health.

Barrie, Ont., May 4th.—For two long years the writer of this letter was subject to severe headaches. The nervous system got run down, digestion failed, and there was continued loss of weight.

The use of Dr. Chase's Nerve Food changed all this, and now with scores of other Barrie people Mr. Nader is recommending the use of this food cure as the best means of building up the exhausted nervous system and curing headaches, indigestion and all the annoying symptoms of a run-down condition.

Mr. John Nader, 38 Penetang street, Barrie, Ont., writes: "During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite, and my system became run down. I also lost considerably in weight. I began using Dr. Chase's Nerve Food, and as they helped me I continued this treatment for some time. My condition is now greatly improved, my headaches are gone and my health in general is much better. I can cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

As a spring tonic and restorative to overcome tired, languid feelings and build up vitality at this time of year there is nothing to be compared to Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food, 50c. a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be misled into accepting a substitute. Imitations only disappoint.
