

Municipal Council

WEEKLY MEETING.

The weekly meeting of the Municipal Council was held yesterday afternoon. Mayor Cook presided, and councillors Martin, Outerbridge, Colman, Ryan and Dowden were present. A communication was tabled from Hon. Colonial Secretary with regard to the appointment of a Conciliatory Board, in which he stated that the Government had been given consideration of the forthcoming Municipal election it was thought desirable to the appointment of such a Board. He no doubt that the present Council would concur in this opinion.

Mr. Arthur Mews, on behalf of the Board of Trustees of Cochrane Street Memorial Church referred to a resolution made some time ago for the lighting of a light on Bannerman St. in the vicinity of the Church. It was decided, in view of the large congregation attending the Church and the stress of the street in question that light be installed immediately.

An application was read from Mr. Ward Shaw for position of Plumber Inspector. Same was placed on the agenda.

On the matter of the fence rear of Avalon Telephone Co.'s premises, at the corner of the Company's premises, the Board that arrangements be made for the erection of this fence without further delay, in the interest of public safety.

The Medical Officer of Health reported two new cases of Diphtheria, one at the corner of Water Street, and one at the corner of Water Street, during the past week, one death resulting from Diphtheria, and one from Scarlet Fever. At the present time there are in the City 3 cases of Diphtheria, 5 Scarlet Fever and 1 Diphtheria.

The City Engineer reported on the work of the Waterworks, Sewerage and Gas Departments for the past week, particularly referred to the erection of the temporary plank sidewalk on the Southside Road for the convenience of pedestrians, which was found necessary owing to the heavy traffic between the Dry Dock and the Rock Sheds at all hours of the day and night.

He also reported having held an interview with the Superintendent of Light & Power Company regarding the need of raising the level of the street in some places, particularly in the vicinity of Holloway and Water Streets, and also at Bishop's Corner on the latter street. He stated the Company would undertake to do work under the supervision of the Council. The arrangements entered into by the Engineer with the Superintendent of the Company were commended by the Council.

Following petition received from residents of Merrymeeting Road, occupying dwellings known as "The Bungalows" for better drainage, the Engineer reported that he did not think it would be advisable to undertake such work at present as there are no means for carrying away water, etc. The section generally will be given particular attention next season and concrete invert and necessary gullies will be placed.

The attention of the Council was called to the fact that there is a rumour abroad to the effect that individuals are allowed, contrary to Municipal Regulations, to cut wood property known as the "Bungalows" on Windor Lake. It may be these individuals were Municipal employees working under the direct supervision of the Caretaker, and that the logs obtained thereby are being used in connection with the piling of Ford's Mill, etc.

The business being disposed of, Mayor tabled a telegram which was a request to send P.C. Bowring, newly elected Lord Mayor of Liverpool, and which reads as follows:

Mr. Tasker Cook, Mayor, Liverpool. Lord Mayor of Liverpool sends congratulations to Lord Mayor of St. John's.

(Sgd.) TASKER COOK, Mayor, Liverpool. The following reply was sent to Lord Mayor of Liverpool: "I am very much gratified to receive your cable on the Lord Mayor's Day, November 9th, and to hear of your congratulations on my becoming Mayor of Liverpool. This is a high honour indeed which I very much appreciate, and also your congratulations coming from so distant a place as Liverpool."
