Despite the falling rain a large crowd waited for hours to receive Mr. Gladstone in the vicinity of the house in Carlton Gardens, where he is staying until he takes up his official residence in Downing street. When he drove to the house the crowd cheered him. He smilingly bowed his thanks for the reception. After the lapse of a brief interval he emerged again, accompanied by his wife and daughter, and the party were driven to Kensington to attend a wedding.

The announcement of the appointment of baron Heughton to the position of Viceroy of Ireland was such a surprise that the representative of the Associated Press made inquiries about it, when he found that the appointment had been made as announced. The composition of the new Government, according to the Associated Press reporter's statement, causes intense disappointment among the Radicals. John Morley is the only man prominently identified with the Radicals, who has been appointed Cabinet Minister, and among the ex-Cabinet posts lew members of the new set, it is alleged, have any but the remotest chance of getting a place.
