## Presbyterian Parliament.

Dealing With the Matter of Uniformity of Worship—The Billington Question Comes Up—Toronto the Next Meeting-Place of the Assembly—Movement to Secure the Adoption of a Common Hymnal—Reception of Ministers—More Manitoba School Resolutions—French Evangelization.

### UNIFORMITY OF WORSHIP.

With regard to uniformity of worship the Assembly passed a resolution in- trusting the question of getting up a scheme for promoting uniformity of worship. This will be presented to the next Assembly, and by it sent to the Presbyteries, to be brought up for final consideration at the Assembly of 1897.

Before deciding the place of meeting, Dr. Prondfoot's anti-billington proposal was read. It was signed by mem- bers, and Dr. Prondfoot stated that many would not sign the overture be- cause it might be thought that they were dissatisfied with their present bil- lington. The overture set forth that the present mode of billington greatly ham- pered the Assembly in selecting the place of meeting. It was a burden to many persons to receive guests. Again, the method of some of the richer hosts in paying for the lodgings of commis- sioners at hotels and boarding houses was too much like asking alms. As a remedy the overture asked that hence- forth the different Presbyteries bear the expenses of the commissioners, but that where personal friends invited commissioners they might accept the invitation.

Dr. Cochrane seconded the motion to receive the overture, and Dr. Reid moved that the prayer be not granted. Unless there was a large reduction in the ratio of representation it would be impossible for the Presbyteries to meet the expenses.

Dr. Reid seconded, and demonstrated that it would cost the Presbyteries of the Northwest \$1,020 to send the usual delegates and pay even moderate hotel rates.

Rev. Mr. McCuag observed that the hospitality of Christian people is not exactly as Dr. Prondfoot represents. Finally, on motion of Mr. Robert Murray, Halifax, the question was re- lated to the table, to be considered again, with an overture from the Pres- bytery of St. John, N. B., to reduce the representation of commissioners to the Assembly.

**TORONTO FOR 1896.**  
The choice of the Assembly as the place of the next meeting was the Central Church, Toronto, and the time of the meeting, the second Wednesday in June.

In order to give the dele- gates to the Pan-Presbyterian Congress in Glasgow on June 17 a better chance to attend, Mr. Vailor moved, and Mr. John Cameron seconded, that the Assembly meet on the first Wednesday in June, but the Assembly preferred the second Wednes- day of the month.

The Assembly then proceeded to pro- pose delegates to the Pan-Presbyterian Congress. The following ministers were nominated:

Dr. J. K. Smith, Dr. Somerville, D. D. McLeod, Dr. McVicar, Dr. Moore, Dr. Fletcher, President Forrester, Dr. Parsons, Dr. Cochrane, J. Caruthers, Principal Caven, Dr. Warden, Dr. Mil- ligan, R. McR. Johnston, Dr. McLeod, Dr. Jackson, Dr. Robertson (mod- erator), Dr. Gordon, Dr. Battersby, Dr. Laing, D. J. Macdonnell, Dr. Bryce, Dr. McLaren, Dr. Armstrong and Prin- cipal Grant.

Editors—Judge Forbes, George Hay, John Charlton, M. P., George Ruther- ford, D. Ormiston, J. K. Munro, David Morrison, Principal Kirkland, Walter Paul, James Gibson, John Cameron, A. Bartlett, J. K. McDonald, R. Robt. Law, H. Cassels, Hon. E. H. Bronson, Wm. Clarke and Hon. G. W. Ross.

Balloting will take place tomorrow af- ternoon.

### HYMNAL REPORT.

Dr. Wm. Gregg, in presenting the re- port, said that it appeared that from the returns that nearly all the Presby- teries which had reported recommended that in the Book of Praise the whole 150 Psalms in the common metrical version should be retained. This was in accordance with the decision of As- sembly and the recommendation of the committee of last year. The committee unanimously agreed to repeat this re- commendation. The committee further unanimously agreed to recommend the General Assembly to call the attention of ministers, sessions, and congrega- tions to the importance of making reg- ular use of the Psalms in the public services of the church. In regard to the Book of Psalms the committee still further agreed to recommend that the Assembly consider the advisability of revising the metrical version of the whole Psalter, and adding other suit- able versions, with a view to removing difficulties in the way of the Psalms being more generally used in public worship.

As already published, nothing will be done towards the adoption of a common hymnal for all the Presbyter- ian Churches in the British Empire this year, but it was recommended that there be continued co-operation with the hymnal committee of the Scottish Presbyterian Church to that end. A minute expressing the appreciation of the Assembly of the cordial manner in which its representatives were treated by the Scottish committee was adopted.

Dr. Moore urged that in view of the great necessity of many churches for a new supply of hymn books, some- thing be done immediately on their own responsibility.

Rev. Alex. McMillan, Minto, a dele- gate to the Scottish committee, gave a succinct history of the labors of the committee, and said that 350 of the proposed Scottish hymns were already included in the Canadian hymnal, as well as six of the eight doxologies.

The publication of the Canadian hymnal will be delayed until the final report of the Scottish hymnal commit- tee is made in May 1896.

### RECEPTION OF MINISTERS.

The report of the committee on the reception of ministers recommended that the following Presbyteries be al- lowed to receive the ministers whose names appear opposite:

Hamilton—Rev. Horatio S. Beavis, Sarnia—Rev. John Hale (conditional upon his attending a theological col- lege for one session).

Halifax—Rev. James S. Black and Rev. Thos. H. Murray.

Brandon—Rev. George Rockett.

Inverness—Rev. Wm. Peacock.

Kingston—Rev. Thomas J. Thomp- son.

Minnedosa—Rev. John W. Ray.

That the following be not enter- tained:

Quebec—Rev. N. Dohs.

Montreal—Rev. Calvin J. Hastings.

The action of the Presbytery placing the name of Rev. John Hunter on the appendix roll in that Presbytery was approved.

**MONDAY EVENING.**  
The Assembly convened at 7:30 p.m., Moderator Robertson in the chair.

Rev. James Carrothers, of New Glas- gow, N. S., presented the report of the augmentation committee (eastern sec- tion).

The receipts were \$8,263, an increase of over \$400, and the disbursements \$8,263. The working balance had been reduced from \$4,058 to \$3,963. Fifty- three congregations, as compared with 42 the previous year, received aid from the fund. There had been a decrease of stipend of \$357 and two congrega- tions had become self-supporting. Since the fund was started thirteen congre- gations had been enabled to grow suf- ficiently to support their own minis- ters.

Rev. D. J. Macdonnell read the report of the western section of the augmen- tation committee, which was very en- couraging. The amount raised was \$25,426.95, compared with \$22,375 the previous year, in which \$1,000 was a be- quest. In 21 Presbyteries in Ontario and Quebec there had been increased liberality to the extent of over \$2,800. In the west the improvement was con- siderable. The congregations re- quiring aid numbered 142, and the aver- age grant was \$170.

Rev. Peter Wright in a resolution asked the Assembly to express approval of the present system of managing the augmentation fund, and declaring that the action of the Synodical committees would tend to increase and make ef- fective the work of the scheme.

Rev. J. A. Macdonald, of St. Thomas, seconded the motion in a breezy and eloquent speech which was a fervent plea for support of the fund. He asked how much some who were shouting against the Roman Catholic Church gave towards French evangelization— not to convert Roman Catholics to Presbyterians as much as to prevent Presbyterian children from growing up Roman Catholics. The motion car- ried.

Rev. Mr. McVicar, Montreal, pre- sented the report on French evangeliza- tion. There were two school build- ings on the mission property at Point Aux Trembles, one for boys and one for girls, accommodating 110 and 80 re- spectively. Upwards of 8,000 French- Canadians had been educated there. Many new ones of French origin had been baptized. There was an increasing large num- ber of French-Canadians applying for admission. Thirty-six per cent of the population in Quebec could not read or write as against only 10 per cent in Ontario. The average salary of a certificated teacher in Quebec was \$120 a year; of an uncertificated teacher, \$36. Forty-six per cent of the teachers could not read or write. The object would be to have a state of affairs forced on Manitoba? (Applause.) This condition was no fault of the people or of the Province's resources or dis- cipline. Now were those in control of the educational system poor. Their aim was to get full control of the state, as well as the church. But there was a party of liberty, numbering hun- dreds of thousands, rising up. It in- cluded lawyers, doctors, notaries and the educated people of the Province, who did not hold to the creed of the Roman Catholic Church. They wanted freedom from absolute ecclesiastical control, and desired national schools in which the children of the Province could learn the same language. There was a danger in this movement, how- ever, as it might tend toward atheism.

Rev. Mr. Heine, of Montreal, moved the adoption of the report, and com- mended the work of the Assembly. He explained that the Presbyterian Church was not engaged in proselytizing; that would be to have a right to the man- ita to feed those French-Canadians, who were hungering for the Word of God. Mr. Heine said he loved his Ro- man Catholic fellow-citizens, but their creed was practically identical with the adulterated Gospel of the Lord Jesus Christ.

Rev. Dr. Warden, D.D., obtained the Assembly's approval and support of the degree to the welfare of the man- ita to feed those French-Canadians, who were hungering for the Word of God. Mr. Heine said he loved his Ro- man Catholic fellow-citizens, but their creed was practically identical with the adulterated Gospel of the Lord Jesus Christ.

A vote of thanks was tendered to Principal McVicar for the zeal and ear- nestness with which he has carried on the French evangelization work.

### MANITOBA.

Rev. Dr. King gave notice of motion as follows:

"The General Assembly, having had its attention called to the difficulties which have arisen in the recent Manitoba in connection with the mat- ter of education resolves:

"To reaffirm its judgment that public education to be beneficial in the high- est degree to the welfare of the state, as to the individual citizen, should be permeated by Christian ideas, and should embrace the moral teachings enforced by the sanctions of religion.

"To declare anew that in the judg- ment of the church public grants should not be passed, nor the right of taxation created in support of sectarian educa- tion, or in the interests of any branch of the church."

"3. To express the earnest hope that the ultimate solution of the educational difficulties in Manitoba will be in har- mony with these fundamental prin- ciples."

Adjourned.

### NOTES.

The alumni of Knox College, to the number of 60, had a very pleasant re- union this evening in the lecture hall of the First Presbyterian Church. Rev. Dr. Laing, of Dundas, presided at the tea table. A complimentary address was presented to Rev. Dr. Gregg by Rev. W. G. Wallace, in which regret at his retirement was expressed. Other speakers were Rev. Prof. Wm. Bryce, of Winnipeg; Rev. Dr. McLaren, Rev. J. S. McCoy, of Chatham, N. B.; Rev. D. G. McQueen, of Edmonton, N. W. T.; Rev. P. Straith, president of the Alumni Association; and Rev. W. J. Clark, pastor of the church.

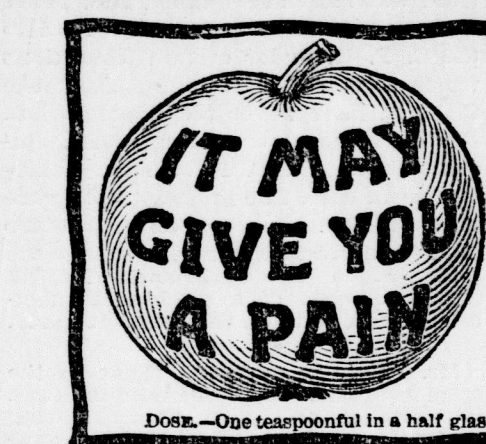

The committee on the reception of ministers from other churches recom- mended the acceptance of Rev. Horatio S. Beavis to the Presbytery of Halifax; Rev. John Hale to Sarnia Presbytery; Rev. John Hall to Sarnia Presbytery; and Rev. Thomas H. Murray to Kingston Presbytery; Mr. John Wray, to be ordained in the Presbytery of Minnedosa; Rev. John Hunter, to be on the appendix of the Eastern Presby- tery. The applications of Rev. Con- way E. Dobbs to Quebec Presbytery, and Rev. C. J. Hastings to Montreal Presbytery, were refused. The com- mittee's action was sanctioned.

### TUESDAY MORNING.

Assembly convened at 9:30 a.m.

### COMMITTEE ON REMITS.

Rev. Mr. Dickson, of Galt, presented the report of the committee on remits.

The first recommendation of the committee on temperance, sys- tematic beneficence, Sabbath observ- ance and the state of religion be amal- gamated. Twenty-three Presbyteries had approved, six disapproved and eight approved with modification.

The remit was adopted, 82 to 55.

The second remit recommended that a Year's probation for licentiate and ministers received into the church be not required. Agreed.

Third remit—That every minister be strongly urged to connect himself with the aged and infirm ministers' fund, and to pay the fixed rate.

Rev. J. R. S. Burnett, of Alliston, moved in amendment that all ministers be obliged to connect themselves with the fund.

Rev. M. H. Scott, of Hull, moved in amendment that the amendment, that ministers who would not contribute to the fund forfeit all benefit from it.

The amendment was withdrawn, and the amendment to the amendment was carried by 105 to 46.

Dr. King, of Winnipeg, made the agreeable intimation that \$5,000 had just been received from Sir Donald Smith for the Manitoba Presbyterian College. This made the college free from encumbrance, and the Assembly had now a property worth from \$80,000 to \$90,000, free from debt.

The report of the committee on re- mits to the Assembly, with reference to the settlement of vacant charges, was adopted in whole. The first clause af- firmed the desirability of maintaining the permanency of the pastoral relation.

The second declared that Pres- byteries had ample power to meet or- dinary cases. The third reminded Presbyteries that they had considerable rights in the appointment of pastors to vacant charges and the dissolving of the settlement of vacant charges, was adopted in whole. The fourth advised Presbyteries to be faithful. The fifth urged them to observe the book of forms, page 121, section 4, in reference to vacancies. The sixth aimed to dis- courage the forming of parties in the church by the Presbytery, through its conjoint committee, urging very strongly the settlement of cases as soon as possible.

The statistical portion of the report showed that 108 out of 368 congrega- tions reported vacancies, the average length of which was fourteen months. Twenty of these had suffered from the vacancies; nineteen had not. Only 34 ministers were desired for appoint- ments. Twenty-five Presbyteries had no unemployed pastors; only two Pres- byteries reported unemployed pastors, and twelve pastors who were given em- ployment when opportunity offered.

The committee on probationers ad- vised the General Assembly to renew its injunctions faithfully to comply with the rule of the church.

The alumni of Queen's College had a picnic near Lorne Park, Port Credit, on Sunday afternoon. Appearances would indicate that they had committed sui- cide by poisoning.

McNeil and Henderson, two men sen- tenced last week, the former to three years and the latter to eighteen months imprisonment for robbing an Ingersoll store and confined in Woodstock Jail awaiting removal to the Central Prison and Kingston Penitentiary, escaped Monday afternoon. A young boy, an inmate also of the jail, managed in some way to secure the corridor keys and let the men out into the rotunda.

**DUAL METHODIST PASTORATE.**  
Ottawa, June 17.—An arrangement was effected by which the Dominion Methodist Church will secure Rev. Mr. Sparling as joint pastor with Rev. Dr. Saunders. It will be remembered that the stationing committee at the recent meeting of the Montreal Con- ference would not give the church the minister they had asked for, Rev. Mr. Sparling, but assigned Dr. Saunders to the Dominion pulpit. By arrangement with the chairman of the Ottawa dis- trict, the church is to have a dual pas- torate, which, while taxing the congre- gation a little more than would have been the case with one minister, yet will tend to remove any discontent that may have arisen.
