THE MARKETS

Local Market.

London, Saturday, June 23. Although the market today was wellettended by both city purchasers and country folk, it was not as large as might be expected on a Saturday at this time of year. There was an air of lively business about, a condition that was attributable doubtless to the bright and warm weather and the desire on the part of ladies to acquire a supply of berries before the quality deteriorates. There was also a representative number of retail grocers actuated largely by the same desire, but anxious also to replenish their stocks in other lines. The busiest places were in the long shed and at the vegetable stands. In the former was gathered a large crowd of both buyers and sellers, and as prices were generally satisfactory, exchanges were effected rapidly.

The majority of the purchasers were in quest of strawberries, which were selling at prices a little higher than heretofore. In wholesale lots they commanded from 61/2c to 8c, and in small lots from 7c to 10c prevailed. The berries continue to be supplied in excellent quality. The opinions among dealers as to the probable prices and supply from now on varies. One man who brought in a large quantity this morning said that the supply nearly at an end. Another said that just as good berries would be sold next week at lower prices. This latter view was held by the majority, and is probably correct. A number of prominent local dealers are agitating for the enactment of a law to prohibit the frequent use of the same berry boxes. Dr. Hutchinson, the city health officer, has been approached in the matter. The argument used is that they are returned in an uncleanly condition and are facile factors in the dissemination of disease.

quantities for 8c per quart, and gooseberries found ready sale at 6c per

The trade in vegetables was not particularly active today, although supplies were profuse as usual. A few small lots of good-sized new potatoes were offered at 5c a quart. The old potatoes were slow of sale at 45c to 50c per bag. Beets were supplied abundantly, but were not in active de-mand. They sold at 5c per bunch. Green stuff was greatly in evidence, and trade was of a very satisfactory nature. In general the prices remain-ed unchanged. Shelled peas were

bringing 15c a quart.

The trade in dairy produce was particularly active today. The demand was unusually keen. There is still a considerable quantity of butter being purchased by exporters for the old country today, but not as much as formerly. For storage purposes, eggs are being bought freely. There were no changes in prices from those that ruled on Thursday as the supply was sufficient for all requirements. Local grocers bought the bulk of today's offerings.

There were the usual Saturday offerings of beef, lamb, mutton and void, and by 10:30 o'clock the wagons of nearly all the butchers were empty. be prices remained unchanged, but the butchers are anxious to effect sales in the warm weather even if a slight sacrifice must be made

A fair amount of poultry was offered in the long shed and from the wagons, out trade in this line was far from active. Spring chickens of good qualty can be sold readily. Old birds were offered at from 50 to 60 cents, and the young ones brought as high as 75 and 80 cents.

All the wool that can be procured is being purchased. The prevailing price is 16½ cents for the best quality and 131/2 to 16 cents for poorer stuff.

DETECTIVE WARD

Charged by High Constable McLoud With Grave Offenses-The Detective Confident of Disproving the Charges.

High Constable McLoud has laid a number of charges against County Detective Ward. If the charges can be proven, Ward will be liable to dismissal from the county constabulary, and one of the charges, that of improperly HAND SEPARATOR. one of the charges, that of improperty charging accounts, is punishable by fourteen years' imprisonment. Judge Wm. Elliot will hear the charges next Saturday and decide upon the case Detective Ward is quite confident that he can clear himself of the charges laid, and attributes them to spite, as he and the high constable have not been on good terms for some time. The charges are six in number, and are as follows: 1. That on March 15 and 16 last, Ward was drunk and quarrelsome in Lucan. 2. That on Nov. 25, 1899, Ward arrested an Indian, Moses Antone, whose case was settled six days later, and costs, \$7, paid to Ward, which, however, he charged to the county. 3.

That other similar cases can be produced. 4. That the high constable has no check over Ward, the latter refusing to either report or show his accounts to the former. 5. That Ward made untrue statements to Chief Young, of St. Marys, in April last, whereby the latter delivered a prisoner to the detective. 6. That in accounts paid to Ward by the county treasurer, Ward wrongfully and improperly charged the sum of \$62 and railfare from London to Berlin and return. This was in connection with the arrest of the Syrian woman, Minnie Bosamrach, for infanticide.

PROGRESS

At Tien Tsin Between Orientals and Allies.

It Is a Force of Chinese Troops That Is in Conflict With the Internationals.

Washington, June 23 .- The navy department this morning received an important dispatch from Admiral Kempff stating that an engagement is now in progress between the United States marines and other forces against the Chinese army outside of Tien Tsin. The following bulletin was issued by the department:

"Acting Secretary Hackett has this morning received a dispatch from Admiral Kempff, dated Chefoo, June 23, to the effect that our marines, under Major Waller, together with 400 Russians, have had an engagement with the Chinese army near Tien Tsin. They could not break through the lines. force numbering 2,000,' the admiral reports, 'is now ready to make another

attack.' The main importance of this dispatch is Admiral Kempff's disclosure that it is the Chinese army, and not the Box-ers, who are fighting the allies.

MESSAGE FROM LI. The state department has received a number of important communications concerning China. One is from Li Hung Chang, asking permission to proceed to Pekin to help restore order. The United States and, it is believed, As i other powers, have given the desired permission. Other communications give promises of Chinese officials to maintain order in the provinces.

NEAR A CLIMAX. London, June 23 .- Matters in China appear to have reached nearly the climax of seriousness, judging from this morning's news. The announcement that Prince Tuan has assumed active command of the Chinese troops, and the bombarding of Tien Tsin, seem conclusive evidence that the dowager empress has declared war on the combined European powers, and that the whole military strength of China is to be employed in behalf of the Boxers. It is considered significant that the Chinese merchants of Shanghai are realizing on their effects in specie and retiring into the interior. Evidently that 30 Austrians, 75 French, 50 Gerthey anticipate a spread of the trouble. Consequently it is urged that the forts anese, 75 Russians and 58 American at Woo Sung should be seized by the international forces in view of possible

THE CHINESE FLEET TO LEAVE SHANGHAI.

The consuls at Shanghai today addressed a note to the Chinese admiral asking him to remove his fleet from Shanghai. In compliance with this request two Chinese warships are to sail today, and the rest tomorrow.

A late message from Tien Tsin warns the relieving force to beware of Chinese ambuscades outside the town. GERMAN LOSSES.

It appears from a telegram sent by the German consul at Chefoo that Commander Lans, of the Iltis, was really wounded at the Taku fight, together with fourteen other Germans. while seven were killed, including Lieut. Hellmann, Probably Commander Wesel meant that his condition was Jerusalem, May 22: satisfactory.

Yokohama reports that another division of troops is proceeding to China. A dispatch received here anouncing the burning of Wei Hai Wei is evidently a mistake, as there are no foreign settlements there. Apparently is refers to Tien Tsin.

HEAVY LOSSES AT TIEN TSIN. New York June 23 .- The Journal and Advertiser today prints a copyrighted dispatch from Rev. Frederick Brown, presiding elder of the Tien Tsin district of the Methodist Episcopal Church. The dispatch is dated at Che Foo, June 22, and is as follows: "I have just got away from Tien

Tsin on a German gunboat. The city has been bombarded for several days by the Chinese. All the foreign part of Tien Tsin has been destroyed. Lieut. Wright, of our navy, and 150 others of the white residents and sailors, sent up to our assistance, are killed or wounded.

"The American consulate has been destroyed. Ammunition is almost gone. The garrison are suffering terribly and need instant help."

PRINCE TUAN TAKES COMMAND. Shanghai, June 23.-Prince Tuan has taken charge as general-in-chief after dismissing Yong La, a nephew of the empress, the former commander-inchief. Prince Tuan gave notice that he would march to Tien Tsin and sweep out the handful of foreigners there. At daylight on the morning of June 21, he attacked the settlements at Tien Tsin with artillery and the best foreign drilled troops. The Chinese army had about 45 Krupps. They managed to

BURN THE UNITED STATES CON-SULATE.

Though the situation is grave the Chinese have not occupied Tien Tsin. The latest news from Pekin emanating from authentic cources is to the effect that there is no change in the situation. This is understood to mean that the legations still hold out. The Chinese have surrounded them, but do not care to make another attack. Apparently they hope to starve those who have taken refuge there.

Another Story.

BRITISH AND FRENCH SETTLE-MENTS DESTROYED.

London, June 23.-Special dispatches from Shanghai deted yesterday at 7:20 in the evening state that Tien Tsin has been incessantly bombarded for the last three days. The entire British and French settlements have been destroyed. Heavy casualities are reported.

The Chinese number at least 15,000 inside the city. Their emissaries crowd

the foreign quarters and set fire to the buildings. The Chinese guns are being buildings. The Chinese guns are being worked steadily from the walls of the native city. The consulates all being destroyed, the foreigners flock to the town hall. The assistance of reinforcement is implored. The Russians are now entrenched in the depot. They are resisting the advance which the enemy to making in overwhelming numbers. s making in overwhelming numbers. No word has been received from Ad-mired Seymour, and it is feared that the relief column fared badly.

There is an exodus of foreigners from the Yang Tse Kiang to Shanghai and Japan. Many consider Shanghai unsafe owing to the absence of foreign troops. NEW GOVERNMENT WANTED.

Shanghal, June 22.-Foreigners and commercial men are of the opinion that They are enjoyable. The people want to hear them. Join the crowd next wrecked beyond repair, and that the Tuesday, Thursday or Saturday nights.

••b will be the establishment of a new

government controlled by the civized nations. Attempt to restore the empress on the basis of her promise of good behavior would make the position of the foreigners worse than ever. A popular plan is the restoration of the emperor if he be found alive. The personal punishment of the highest officials concerned in the anti-foreign movement is considered essential. It is the universal belief that Russia instigated rioting, expecting to march an army to Pekin and proclaim herself protector of China under the guise of restoring order, but achieved a flasco, on account of the prompt action of the

other powers.'
No confidence is expressed in Hung Chang, who is expected to follow whatever policy is likely to result in personal aggrandizement. Many missionaries from the Yang Tse Kiang sitonaries from the Yang Tse Kiang Valley are coming to Shanghai for

FROM FRENCH SOURCES. Paris June 23-Noon.-The French consul-general in China telegraphs under date of Friday, June 22, as follows: 'The Chinese have bombarded the Tien Tsin concessions and have destroyed the American consulate."

A dispatch received here from the French consul, M. Francois, sent from Yunnan Fu, under date of Sunday, expresses fear of an insurrection against the mandarins in Yun Nen Sen, owing to apprehension of a war. He explains that this is the reason why he is detained.

TRAVELING IN IN HOLY LAND

Interesting Letter From Mr. Will H. Sallmon, Written From Jerusalem-Visited the Garden of Gethsemane.

The following is from a letter, written Lans' telegram to his relatives at ing in the Holy Land. It is dated

> King, and one of the ambitions of my life is being satisfied. Egypt was interesting, but to a Bible student it pales before the Holy Land. Upon arriving at Jerusalem, I met some American friends, and after two days in the city I joined them on a tour through to Damascus. We had an imposing caravan of 57 horses and donkeys, with 24 dragomen and servants. There were eight sleeping tents, furnished with iron bedsteads, carpens, etc, a dining tent, and a kitchen. The party consisted of fourteen ladies and gentle-men. The first night we camped at Bethel, and as a stone would not induce dreams of angels ascending and descending upon a ladder, I turned again to the downy pillow. We went through Nazareth, Cana of Gaillee, Samaria, and many other places of Biblical interest, to Tiberias, on the Sea of Galilee. There we camped for part of three days and enjoyed boating and bathing. We visited the sites of Bethsaida, Chorazin and Capernaum, and the morth, skirting the waters of Merom to the source of the Jordan at Caesarea Philipi, the most northern point which Christ touched. The last day's ride before reaching beautiful Damascus was round the base of snow-capped Hermon and across the Abana and Pharpar. We spent Sunday at Damascus, where I had the privilege of preaching at the Irish Presbyterian Church on Acts you. 19 There we Church on Acts, xxvi., 19. There we visited the wonderful ruins at Baalbek, and went on to Beirut, where I spent a delightful week at the Syrian Protestant College, assisting the Christian Association. Since my time in Jerusalem was limited during the first visit, Rapids. It is true that Manager and the school which I wanted to meet Flaherty left the team without any was in vacation, I went back by sea to Joppa, the ancient Joppa, passing on the way the sites of Tyre, Sidon and Caesarea. From Joppa it is four hours by rail to Jerusalem. My room here is on the wall of Mount Zion, overlooking the Valley of Hinnom, and other historical places. The whole region teems with interest; but the which attracted me most were Calvary and Gethsemane and the Mount of Olives. I had the good fortune to gain entrance to the Garden of Gethsemane, where the ancient olive trees are, a privilege rarely permitted during the last five years.

SLEEPLESSNESS .- When the nerves are unstrung and the whole body given up to wretchedness, when the mind is filled with gloom and dismal forebod-ings, the result of derangements of the digestive organs, sleeplessness comes to add to the distress. If only the subject could sleep, there would be oblivion for a while and temporary relief. Parme-lee's Vegetable Pills will not only induce sleep, but will act so beneficially that the subject will wake refreshed

Jackson, Neb., June 23 .- An armed band of 32 men from South Dakota has cut a channel through Rininger's Neck, or, as it is known on the maps. Bruigher's Bend, in the Missour River. South Dakota. A posse organized by the sheriff of Dakota county, Neb., was dispatched to stop the unlawful work. Among the members of the posse were bankers and prominent business men. They came fully armed, but arrived too late. The last farmer, with wheelbarrow and Dakota before the posse came in sight. The swift current of the river by Mr. Will H. BASEBALL.

CAN KEEP THE TEAM MOVING.

Detroit Free Press: H. C. Knill, jun., of Port Huron, objects to the report in a Detroit morning paper to the effect that the Port Huron team was defunct and stranded in warning, but the hotel bills were paid and tickets provided for the team to get to Chatham in time for the game of yesterday, Mr. Knill saying: expect to have a better man in Flaherty's place within a few days. The team will be back here for next week's games, and we think we can keep the team moving." The right spirit prevails in the Tunnel City, and such reports as that referred to indicate that there is a desire on the part of some people to see the league go up, and that they are pulling for Port Huron to drop out, so they can quit with-out having it appear they were in any way responsible for the failure. Interstate League teams cannot be located in Grand Rapids or Saginaw as long as the International League lives, no matter how anxious they may be to add those cities to the older circuit.
