A BAD CASE

KIDNEY TROUBLE

CURED BY

DOAN'S KIDNEY PILLS.

Kidney Troubles, no matter of what kind or what stage of the disease, can be quickly and permanently cured by the use of these wonderful pills. Mr. Joseph Leland, Alma, N.W.T., recommends them to all kidney trouble sufferers, when he says:—I was troubled with dull headaches, had frightful dreams, terrible pains in my legs and a frequent desire to urinate. Noticing DOAN'S KIDNEY PILLS recommended for just such annoyances as mine, it occurred to me to give them a trial, so I procured a box of them, and was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to all kidney trouble sufferers.

Price 50c. per box, or 3 for \$1.25; all dealers or The Doan Kidney Pill Co., Toronto, Ont.

TAX RATE FOR 1903 WILL BE HALF A MILL HIGHER

Estimates Saturday.

Made Reductions, But Could Not Get Below 23 1-2 Mills.

The striking of London's tax rate for

another meeting Saturday afternoon, and the best it could do was to cut the estimates low enough to allow of a 231/2 mill rate—half a mill higher than

Every alderman had a good sharp knife at the meeting and wherever there was the slightest room for whittling, off came whatever was conunnecessary. The following will make up the proposed rate: General rate, 6.13; debenture rate, 9.97; public school, 5.65; collegiate institute, 1.3; public library, .45; total, 23.50 mills.

THE INCREASES. One of the increases was from the board of education, which wants from the board of works suffered the most, \$3,000 to \$4,000 more than last year, while the water commissioners are figuring on a drop of about \$4,000 in from the appropriation for seats in the It is an artistic production, their receipts, and are also counting parks, \$500 from bridges, \$600 from the on an outlay of over \$10,000 on capital It has the tone one would expect from account. But the tightness of the squeeze was not solely attributable to the board of education and the water commissioners requiring increases in seen that other committees were not their expenditures. The hospital trust spared: \$810 from fire halls, \$500 from was also to blame, for its appropriation was placed at an advance of about trician at the central fire hall. \$1.000 \$5,000 over last year. The overdraft of from the equipment of the halls, \$5,000 several thousands, which the trust was for the proposed new fire hall in the duced, while the historical, descriptive confronted with at the beginning of north end, \$100 from the manufacturthe year, was covered up in some way, ers' committee, \$1,000 from police estiand did not appear in the estimates.

REDUCTIONS \$19,000. The total reductions made by the \$19,000 was made.

seen how difficult it was going to be to keep the rate down. In the first place in compiling its figures, the committee was favorable to granting in-\$600 or \$700 a year, but when the other committees' figures came along, it was seen that increases would be impossible. This, however, will not affect the firemen, who are to receive the advances recommended by the fire and more than is necessary to keep the mittee will not interfere with the admatters were settled by the council some time ago. A fire hall for the town.

WHERE THE CUTS WERE MADE.

In the reductions the estimates of among the items lopped off being \$2,200 from streets, \$500 from the parks, \$750 appropriation for a storage building for the street sweeper, \$1,000 from the bacteria beds accounts.

In the following reductions it will be the appropriation for an expert elecmates, \$500 from the hospital estimates, \$300 from street lighting and \$1,000 from incidentals. A total difference of over finance committee amounted to \$19,000. added \$250 to the estimates-\$150 to the The idea of increasing the salaries of relief account, and \$100 for a grant for any of the city hall officials did not the Labor Day demonstration.

It signifies speak English very well, so that the that a cool head is all that is needed services of an interpreter are required to become efficient in the art." in the company's business transactions. Mr. Yamagachi, besides speaking our language volubly and intelligibly, is an interesting personage. He has traveled extensively America, and apparently observed as he traveled. He has always taken an interest in the world's affairs, and has

studied his own people above all things.
"The arts of juggling and wrestling in Japan," he said, "are as commonplace as any of the professions or arts in this country. The desirability of knowing them is instilled into numbers of boy Japs from the time they can toddle around until they become old men. Even then their education is not finished, and it can never be said that any man becomes master of either art. While one man is mastering one mystery, another is perfecting his, so that the time the flower fades, as we say, there is still much to learn. Wrestling has been of great benefit to our nation. As it is taught in Japan it promotes a spirit which downs all fear and makes the smallest of our men brave enough to face a man double his size.

THE CHIEF AMUSEMENT.

"Many of our forefathers originally came from Northern China, and with their coming the people who at that "Love converts. Love is law raised to time lived on the island were driven its highest potentiality.
