## LOW WATER CAUSED WATER CAUSED SARNIAN STRANDING

TORONTO pSet. 9.—Dominion Wreck Commissioner H. Demere opened an investigation at the city hall today into the stranding of the Sarnian, a 3,000-ton vessel owned by the Canada Steamship Company, near Drummond Island, in the upper channel of Lake Huron, on August 29. The vessel was damaged and is now undergoing repairs in the Collingwood shipyards.

The stranding was ascribed to peculiar atmospheric conditions and the low water on the lake this year. Several other vessels were driven ashore at the same time, some kind of a current having set in that interfered with their course.

Capt. Thomas Johnston was ex-

# Stands Out In Comparison at The Fair

As usual this year there will be a real piano show in the Main Building at the Western Fair.

Visitors will have an opportunity to compare the various makes of pianos on exhibition.

The Sherlock-Manning Piano has always stood out favorably in comparison with pianos of other makes. Each year we sell our entire exhibit, and this year we will, no doubt, repeat our experience of other years.

See the Sherlock-Manning exhibit—decide for yourself that the Sherlock-Manning is "Canada's Biggest Piano Value," then avail yourself of the opportunity to buy one of our exhibition pianos at the Fair.
