THE SCORE BY INNINGS

GIANTS 100 000 000 YANKS 000 000 000

Polo Grounds, New York, Oct. 13.-Under the generalship of their veteran manager, John McGraw, the Giants today added a second world baseball title to their achievements of the past, Mc-Graw pinning his faith to Artie Nehf. However, Nehf alone did not win the game. The fielding support given him and the ability of the National Leaguers to hit were both decisive factors. Success of the Giants in overcoming the two-game lead which the Yankees gained at the first of the series and their winning five out of the last six games proved that of the opposing teams, the Nationals had the edge on the Yanks as far as slugging goes.

Principal MacQueen Addresses Teachers' Convention at Opening Session.

Interesting constructive criticism o

the present public school course was voiced this morning at the opening meeting of the London Teachers' Association, now in two-day convention at the Normal School, the criticism being nade by President Alex. MacQueen. Basing his criticism on an experience of half a century, he urged that the teaching of arithmetic be materially essened, that the courses in geography and spelling be modified, that more time be given to history and literature and that an entirely new subject, conversational French, be introduced. His
