ANOTHER CAMPBELLTON BOY HAS FALLEN

Pte. Patrick L. Smith Died of Wounds in France April 11th.

William Smith, Lily Lake Road on Thursday the 19th inst., in a telegram from Ottawa received the sad news that his son, Private Patrick L. Smith had died in a casualty clearing station in France on April 11th.
Private Smith enlisted in the 13th North Gloucestershire Battalion and went overseas last fall, after a short stay in England he volunteered for active service.
He was just a few days over four months at the front and was nineteen years of age.
Besides his father he leaves an elder brother, Bessie and one brother, H. Adam both at home. His mother who was Miss Alice Crockett of Summerside, P. E. I., died in 1901.
Although in all his ways what he understood he went to with a whole hearted devotion and determination to do his best. Never as a child he was home did he complain of the discomforts or misery of trench life. He cheerfully accepted everything as a duty in the life he had chosen, even by afflictions by nature he endeavored himself greatly to all his friends, who with breaking hearts must bow to the will of our Heavenly Father. "Even so Father, for it is not good in Thy sight."

ST. JOHN LUMBER STOCK SOLD

Good Reports of Lumber Industry in New Brunswick—Logs High

St. John, N. B., April.—Lumber manufacturers at St. John and other Southern New Brunswick points report that all their season's cut for 1917 is sold ahead. The enquiry for stock is extremely heavy. Every day the manufacturers receive visits from several buyers who are trying to pick up stock. The same situation is reported to a great extent also by Quebec and Nova Scotia mills. A large number of Quebec mills are turning their entire cut of logs into pulpwood, and will not saw any lumber this year.

BUY AT HOME

Last week enough printed stationery came to Campbellton to freight from a Toronto firm to keep the Graphic presses running for two weeks. It was done at cut price, but was not worth the money paid for it. One sample we have seen done for a local firm and both the names were wrongly spelled and the paper used was hardly fit to write upon with a pen. The printing was done with cheap ink and the job a sloppy one from every standpoint, and no self respecting firm would write its letters upon it. The Graphic has a reputation to uphold and would not allow printing of this character to go out of its office. We ask a reasonable price for our work, and guarantee it to be first class in every way. If these orders had been printed here in Campbellton merchants would have benefited by the money remaining in Campbellton. Think it over and buy at home.

CASUALTIES AMONG CANADIANS 9,000

Ottawa Reports Show About This Number in Arras Battle.

Ottawa, April 24.—Four casualty lists were issued on Saturday and Sunday evening, 2 lists on Saturday and 2 lists on Sunday. These 4 casualty lists alone totalled 1,852 names. The number of casualties among the officers since Easter Monday totaled about 450 and estimates indicate that the Canadian casualties for the battle of Arras alone will approximate 9,000.

It was at the theatre in Manchester. The king, aged and infirm, was blessed with two sons. He was pacing up and down the stage, with a weary, troubled look, exclaiming aloud: "On which of these, my sons, shall I bestow my crown?"

THE FIERCEST BATTLE OF THE PRESENT WAR NOW RAGING ON THE WESTERN FRONT

German, Realizing That Struggle Assumes Decisive Character, Are Resisting Desperately.

London, April 24.—Reuter's correspondent telegraphing from the British headquarters in France to-day says: "The fighting now proceeding is the fiercest seen in this war. The Germans have thrown in large reserves and have brought up a great number of fresh guns."

"They probably realize that the battle now developing has assumed decisive character and they are resisting desperately. They are doing just what we want. The German army is only to be defeated and broken by hard fighting and the recent movement of the enemy justified some doubts as to whether they would stand further hard fighting. They certainly are doing it now and accepting battle in the open. So far we have gained a good deal and have lost nothing."

British Headquarters in France, April 24.—Via London.—From a correspondent of the Associated Press says: "The resistance of the German army appears to increase in accordance with the nearness of the British approach to the Rindenburg positions. This is particularly true along the present front, where the threat is against the Drocourt-Queant switch line, which is depended upon by the Germans as the connecting link between their lines north of St. Quentin and South of Lille."

THE COLONEL SAYS:

"Zam-Buk is a valuable addition to every soldier's kit." This remark was made by Lieut. Col. A. C. B. Hamilton, C.R., Wellington Barracks, Halifax, N.S. He says further:

"I can speak from personal experience, as I have used Zam-Buk myself for cuts, burns and rheumatism, and believe there is nothing to equal it."

Zam-Buk, the great herbal balm, is a boon to the men in the trenches. It ends pain and heals so quickly, and instant application of Zam-Buk prevents all possibility of festering or blood-poisoning.
Don't forget to put some Zam-Buk in your next parcel to the front. All druggists, or Zam-Buk Co., Toronto; 50c. box, 3 for \$1.25.
