

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STORVICK, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

GENERAL HUGHES RE-VIEWS 12,000 MEN AT VALCARTIER

Bronzed, Smart-looking Battalions Win Praise of the Minister of Militia

Quebec, July 6.—Nearly twelve thousand soldiers swung past Major-General Sir Sam Hughes this morning on the broad plateau above Valcartier camp. It was almost a surprise visit as General Wilson, the camp commandant, had only been given a few hours' notice to prepare for the review. "The old Valcartier swing" said the minister, with pride, as the bronzed, healthy, smart-looking battalions marched past the saluting point like veterans to the spirited music of the massed bands and under a perfect sky, with the bright sun gleaming on their orderly bayonets. It was almost unbelievable that the men had made such rapid progress in so short a time. Rather would one have thought that they had already been five or six months in camp. It was plain that Sir Sam was more than pleased and he did not hesitate to let Gen. Wilson and his staff know it. Battalion after battalion came in for a few encouraging and complimentary words from him and more than one was singled out for special congratulation.

The brigades which were reviewed were as follows:

No. 1, brigadier, Col. McLean, composed of battalions 115, 132, 140, 145 and 165.

No. 2, brigadier, Lieut.-Col. Renouf, composed of battalions 105, 117, 143, 171 and 199.

No. 3, brigadier, Lieut.-Col. Stewart, composed of battalions 130, 136, 139 and 146.

No. 4, brigadier, Lieut.-Col. Ledue, composed of battalions 167, 150, 178, 189 and 206.

The following was the parade strength: Engineers' depot, 220; first brigade, 3,142; second brigade, 2,883; third brigade, 2,771; fourth brigade, 2,264. Col. Fages, O.C., 5th Military District, was present with General Hughes at the saluting base.

It was about eight o'clock when the minister, who was accompanied by his staff officer, Major John Bassett, reached Valcartier station. There he was met by Brigadier-General Wilson, Lieut.-Col. O'Meara. The party then proceeded to the plateau overlooking the camp where the four brigades were drawn up in review order over more than a mile of front. It was evident at a glance that good results had already been accomplished by General Wilson and his officers in the way of training, for the different brigades kept a splendid formation and moved like veterans. It was an inspiring swing by the saluting base, almost every company keeping a high perfect line.

General Hughes did not disguise his satisfaction at their appearance and frequently complimented the battalion commanders on the smartness of their commands. Especially was he pleased with the 105th Prince Edward Island under Col. Ings, which impressed him even more than the 148th, of Montreal, under Col. Magee.

With General Wilson were Col. Rogers, Lieut.-Col. Powell, Lieut.-Col. O'Meara, Lieut.-Col. Mersereau, Lieut.-Col. Dodge, Major Webb, Captain Poston and Lieut. Leon Garneau.

\$1,000,000 FOR PERMANENT ROADS

F. B. Carvell, M. P., and E. S. Carter Outline Opposition's Policy.—Of Much Importance to Farmers

St. John, N. B., July 8.—A million dollars to be spent by a competent board of engineers and business men upon the trunk highways of New Brunswick.

A million dollars to be borrowed by the province of New Brunswick, and the interest and sinking fund paid every year out of the motor vehicle license paid into the general revenue. These were the substance of an important declaration made by F. B. Carvell, M. P., to the opposition conference held in St. Stephen this week.

He told the prominent men present that while he thought New Brunswick had far too great a debt and a tremendous liability at the present time, yet the province was intolerable and the present system of road making must be abandoned in a great measure.

"We must," he said, "follow the example of other provinces and build roads of a permanent character. We can start first upon the roads connecting the larger market centres, and follow it up as our revenues from motor vehicles increase. Last year that revenue amounted to nearly \$30,000; this year it will increase probably to \$40,000. Automobiles have decreased in price, and many people who could not afford them years ago, now find them more adaptable for their use than horses."

The platform the opposition adopted last January in St. John forecasted such a policy, and he saw plainly that it could not come into effect too soon. The great benefit of good roads, Mr. Carvell said, would be felt more by the farmers than the automobile owners, and yet the interest upon the borrow-

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit-juices. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

ed money necessary to so improve the roads would be paid out of the motor vehicle license fund.

Mr. Carvell said it would only be fair, in his opinion, that automobile owners should be represented upon the board that would spend this money. A million dollars could be borrowed at first, and as the revenues from the constantly increasing motor vehicles increase the amount of borrowings could increase. "But we must have better roads if we want a prosperous and contented people."

A NECESSITY. E. S. Carter also pointed out that the platform of the opposition provided that the people should control the roads and that the appointment of supervisors should be taken out of the hands of the government. In other words: "The roads must be taken out of politics."

At the present time many of the supervisors were better political workers than they were roadmakers. Men were not always appointed for their skill at road-making. The opposition also provided that every man who paid a dollar of road taxes should know how and where that money is spent; that the supervisor would be selected by the people; would have to publish his accounts and let every man know where the money was spent; and that if at the next meeting they approved of his work they could select him again. If not, they would select some other man for the job. The government money for each parish would be placed to the credit of the parish with the county secretary and when the road auditor approved of the supervisors' accounts, the bill would be promptly paid.

There would be no delay sending accounts to Fredericton or necessity to have the "O. K." of members. The responsibility would be placed upon the people and he had no doubt they would discharge it as faithfully as they would their school duties. There would not be a five cent piece stolen from the road money if the man who spent the money knew that his neighbors would audit his accounts.

"THE QUESTION OF THE HOUR." These explanations of the opposition road policy were highly commended by those present, many of whom said the necessity for good roads was the question of the hour.

Catarrahal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.

SOLDIERS' LETTERS

TO MR. SUMNER

Patients in Hospitals Write Thanking Agent General For Books, Etc.

The following letters have been received by Mr. F. W. Sumner, agent General at London for New Brunswick, North Evinston, Military Hospital, Leicester June 4th, 1915.

Dear Sir: In answer to your letter which I received tonight and found very interesting. Well sir, about my case I am not serious and I expect to be better in a month's time. I was wounded in the left hip, but I am getting on fine. And now about your book. I received it this morning and was pleased to get it because I am very fond of reading, and as soon as I am able to go to London, I will call at the office where I would be pleased to speak to you, and also as you say, if agreeable make it my headquarters. But I think it would be alright and I would like to get a good place for a while, if it was only for a rest before I go back to the firing line.

Well sir, my home address is Mrs. Alfred Berthelotte, El River Crossing, Rest. Co., N. B.

Yours truly, A44204 Pte Alfred Berthelotte, North Evinston, Military Hospital, Leicester.

2nd London General Hospital, King's Road, Chelsea. Mr. F. W. Sumner, Dear Sir:

Yours of the 20th inst. at hand. I have also received the book you sent me for which I thank you very much. I have been admitted into hospital for treatment for headaches. The cause is my nerves, which are quite restless. I am glad to say that I have improved much since into hospital. I go out for rides and walks every opportunity I get, which I think does me much good.

As to calling at your office, it would certainly be a pleasure for me and I will try first opportunity.

Thanking you ever so much for your kindness in offering your aid in all you can do for me, which I know I will call for some day, I remain, Sincerely yours, Pte. Jerome Bourdage, 22956 P. S.—My home address is "that is my father's address" Tracadie, N. B., Gloucester County.

J. D. ROCKEFELLER IS 77 YEARS OLD

Riches Man in the World, it is Believed

John D. Rockefeller, who is popularly supposed to have accumulated a few more millions than any other man in the world has ever succeeded in piling up, is seventy-seven years old, having been born in the village of Richford, N. Y., July 8, 1859. Mr. Rockefeller is as keen mentally as ever, while evidence of his physical vigor is afforded by his daily appearances on the golf links—Ontario, N. Y.

He was the recipient of congratulations from the members of his family and from many friends, who wrote or telephoned.

It is true--the Ford car is best adapted to Quebec roads

Over the rough roads, through the sandy country highways, up the steep Quebec hills past the laboring heavier cars, the Ford goes easily, speedily, without fear or hesitation.

It is so strong—so light! The Ford engine has more power per pound weight of car than any other automobile engine made.

More Fords are being bought in Quebec this year than all other makes of cars put together—unquestionable proof that the Ford has given the greatest satisfaction for service over Quebec roads.

The demand for Fords is so great that production capacity has been strained to the utmost. If you want a Ford this season you should get your order in immediately—a day's delay may bring disappointment.

THE GRASS CROP
While other crops, more particularly small fruits, have suffered from the continued wet weather, the grass crop in all sections of the country is reported to be flourishing. The outlook is for a big yield of hay on both upland and intervals.

PILGRIMS RETURN
Three pilgrim specials from St. Anne de Beausse passed through Campbellton Friday afternoon. One was bound for Cape Breton, another carried passengers for points between Moncton and Truro and a third for points west to St. John. There were about nine hundred pilgrims on board. The trip was this year made without mishap to any of the trains.

GOING TO MONCTON
Mr. John G. McCall, who for many years has been organist of the Presbyterian Church, Campbellton, has been recommended by the sub-committee of Central Methodist Church, Moncton, for appointment as organist of the latter church, the appointment to take place as soon as the new organ is installed, which we understand will be early in August.

FISHING ON BONAVENTURE
Mr. Don Senator Thorne, who has been spending several weeks at his fishing lodge on the Bonaventure River at Quebec, and Mr. George McAvity, returned Monday and proceeded to their homes in St. John. Hon. J. D. Hazen, Mr. F. L. Wanklin, of the C. P. R. management; Mr. W. W. Skinner and Mr. Skinner of Montreal, guests of the Senator, left by the Ocean Limited for home. The Minister returned to Ottawa much improved in health after his outing. The catch of salmon and trout both in regard to number and size of fish, was a record one.—Moncton Times.
