Paupers in Teronto. It has been stated on what appears to be pod authority that in Toronto one person in ivery 32 receives charity. Supposing that this, though not strictly true, still comes pretty near to the truth, there are certain inferences which may failed be drawn from ces which may fairly be drawn from it. And one of these surely is that the pre-

"some other day," as Burns says. Yes, the present time, when we are dispens-ing so much charity in this Queen City of Toronto, is surely not the right time in which to cry out for a policy that, if adopted, would certainly close some of our manufac-turing establishments, more or less, and would send to the States the custom upon which these establishments of our own had formerly lived. We take if for granted that the set in Toronto who receive charity in any form and to any amount, be it big or little, would rather work for means of living if they could get work to do. WOONSOCKET, R.I., Jan. 14.-The flow from the great artesian well at this place has been checked at last. A lake covering 40 acres has been formed in lower town and the damage to property will not be less than \$40,000. The well is the most powerful in the world and now a solid 6-inch stream is thrown 150 feet high with only half pressure turned
