

D. W. Griffith's latest production, "The Love Flower," at the Lyceum, Watford, Thursday, June 29

GARDINER—McNALLY

A happy event took place at the home of Mr. and Mrs. James F. McNally, Inwood, on Wednesday, June 14th, when their only daughter, Lela Pearl, was united in marriage to Mr. Robert J. Gardiner, of Brooke, their pastor, Rev. A. McVicar officiating. The bride who was given in marriage by her father, looked charming in a gown of white, canton crepe and corsage bouquet of white roses and fern. Little Hene McNally, niece of the bride, acting as ring-bearer, and wearing a dress of pink organdie, led the way to the prettily decorated parlor, to the strains of Lohengrin's wedding march played by Miss Gladys Pratt, who wore a dress of blue silk with sand-trimmings.

After signing the register the guests numbering thirty partook of a dainty luncheon. The color scheme throughout the house was carried out in pink and white. The happy couple left amid showers of confetti, taking the train at Watford, for Muskoka via Toronto, returning on the S. S. Hamonic by S. S. Marie.

The bride travelled in a navy blue canton crepe dress with hat to hatch and sand velour coat. The bride received many useful and costly gifts. The groom's gift to the bride was a cabinet of silver in Adam design, to the pianist a fountain pen and to the ring bearer a gold pin.

TAYLOR—McLEAN

A very pretty wedding was solemnized at 12 o'clock Saturday at St. Andrew's manse, Sarnia, when Edna Maude second daughter of Mr. and Mrs. Archibald McLean of Wyoming, was united in marriage to James Cleighton Taylor, of Port Huron, formerly of Sarnia. The ceremony was performed by the Rev. Dr. Paterson. Miss Velma Christo, of south Brock street acted as bridesmaid and Melville Welch, Stewart street, was best man. The bride looked charming in a dress of white organdie with large white hat and carrying ophelia roses. The bridesmaid wore tomato shade satin with large black hat, carrying killarney roses. After the ceremony the wedding dinner was served at the Patricia cafe. Mr. and Mrs. Taylor left on the four o'clock boat for Detroit and from there will go to eastern points. The bride's going away suit was grey tweed with mauve felt hat. On their return they will reside at 1220 Lapeer avenue, Port Huron.

CARROLL—BROWN

A very quiet wedding took place at St. Peter's Cathedral, London, at 9 o'clock Tuesday morning, June 13th when Gertrude Theresa Brown, only daughter of Mr. and Mrs. William Brown of Brooke, was united in marriage to Mr. Edward Ellis Carroll, eldest son of Mr. Samuel Carroll of Metcalfe. Rev. Father Brison officiated. The bride looked charming in her gown of ivoryorgette, her veil was caught up with a wreath of orange blossoms, and she carried a bouquet of pink roses. The bride was attended by Miss Celestine McManus of Watford and the groom was attended by Mr. Edward Brown, brother of the bride. After the ceremony a dainty wedding breakfast was served at the DeLuxe Cafe.

The happy couple left amid a shower of confetti for Niagara Falls, Buffalo, Ashtabula, Ohio, and other points and will return early in July.

CATARRH

Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the system, HALL'S CATARRH MEDICINE restores normal condition and allows Nature to do its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

JUDGMENT IN THE WILSON CASE

Justice Middleton Dismisses Bosanquet Man's \$10,000 Damage Action

Because Stanley Wilson, Bosanquet township farmer, turned in his seat while driving his car to speak to his wife behind him in the rear seat, a triple fatality resulted, according to the judgment announced Thursday from the trial court, Osgoode Hall, Toronto, dismissing his \$10,000 damage action against the municipal corporations of the County of Lambton for the deaths of his wife, a three year old daughter and infant son on May 29, 1921.

This action was heard by the late Judge Robert F. Sutherland in December last and after the latter's death it was at first thought that a retrial would be necessary but it was later found that he had prepared a judgment prior to his fatal illness, but had not announced it.

Driver Responsible

The husband, wife and three children were motoring on the highway known as the town line, Bosanquet and Warwick townships. The car which Mr. Wilson was driving slid down the side of a ditch and in doing so hit a stump, which caused the machine to overturn. The wife and the two younger children were drowned in the water in the ditch being unable to extricate themselves.

The judgment sets forth that his lordship was led to the conviction and conclusion that the plaintiff's turning to hear what his wife said, and, in consequence, his failing to continue to steer in a straight direction, and to keep on the travelled part of the road, thus allowing the car to proceed towards, and reach a point at, or near, the edge of the ditch, caused the accident.

JURY DISAGREE IN McMULLEN CASE

Sarnia, June 16.—The jury trying Edward A. McMullen on a charge of robbery with violence on October 20, last, at Wyoming, failed to agree after five hours' deliberation.

McMullen, with three other well-known young Londoners, is charged with having entered the Wyoming Bank just before closing time on October 20, last, and forcing the employees into the vault, escaping with more than \$10,000.

After the jury had been out for about four hours they returned and asked that the evidence of Dr. Milne of London, H. S. Lambert, manager of the robbed bank; Vera McIntosh, the bank teller, and Alpheus McKay, an undertaker, who was in the bank when the hold-up occurred, be read over to them. The former was a witness for the defense and the three latter for the crown.

What Was Desired.

The jury, in asking for the reading of Dr. Milne's testimony, gave the reason that they were not sure he had been able to identify McMullen as the man upon whom he had operated on the afternoon of the robbery, without the aid of a certain chart. They also wanted to know if his testimony showed that he was sure of the day of the aforesaid operation.

After Dr. Milne's evidence had been read the jury retired again without hearing the other evidence they had asked for.

It was learned that 11 of the jurors were in favor of a conviction, with one for acquittal. This is believed to have been the state existing from shortly after the jury first retired to consider the evidence, and it is believed they returned to court to hear the doctor's evidence solely for the benefit of the one. Finally however, they announced there was no hope of their coming to an agreement, and Judge A. I. Taylor, after expressing his regrets, dismissed them.

On Tuesday Wm. Ayres was found guilty. He will be sentenced later. George Anderson and John Yohn are now on trial.

WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colds and simple fevers; promote healthful sleep and make teething easy. Concerning them Mrs. Omer LeBlond, Maddington Falls, Que., writes:—"I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

D. W. GRIFFITH'S LATEST SENSATION HERE SOON

Newest United Artists' Production of Eminent Screen Master to be Shown at Lyceum Theatre Thursday, June 29

The master screen craftsman, David Wark Griffith, producer of the screen's greatest sensations, creator of the most advanced innovations in motion picture productions, finder and developer of the world's greatest screen stars, has produced another wonderful production, "The Love Flower," which is being heralded everywhere as a creation of exquisite beauty, haunting charm and spirited drama. United Artists Corporation recently announced its release and the first showing of this newest Griffith production in this community will be at the Lyceum Theatre on June 29.

Words of the most superlative degree and descriptions of the most laudatory nature have not been found to express in adequate terms this wonderful picture play of love and adventure such as only a Griffith, a master, may reveal in all its beauty, strength and excitement. Critics have pronounced it one of the most remarkable productions that has ever come from this master hand and fans everywhere have revelled in its beauty and excitement and heralded it as a production comparable only with the most wonderful that has come to the screen in the past few years.

HOW TO BEST TREAT STOMACH TROUBLE

A Tonic Medicine is Needed to Strengthen the Stomach

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned, often in an aggravated form.

The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. The recovery of the appetite, the disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic which through their action on the blood are helpful in building up the digestive organs, and therefore the best remedy for simple or chronic cases of stomach trouble. The success of the treatment is shown by cases like that of Mrs. Joseph Leclerc, Wellington, P.E.I., who says:—"I have been a great sufferer from indigestion and stomach trouble, and nothing that I took for it did me any good until I began Dr. Williams' Pink Pills. I was so bad that I did not want to eat, and when I did take food it lay like a weight on my stomach, often causing me much pain and misery. I saw in an advertisement what Dr. Williams' Pink Pills had done in a similar case and began taking them, with the result that after taking the pills for five or six weeks, I am feeling better than I have done for years. I hope my experience will help other similar sufferers."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CABBAGE MAGOT PREVALENT

The prevalence of the cabbage magot this year has led to an issuing by the Ontario Department of Agriculture of a specially prepared pamphlet by L. Caesar, provincial entomologist. This pamphlet describes the insect as a small, white legless magot about one-third of an inch long, that attacks chiefly the roots of cauliflowers, cabbages and radishes. It says that the best method to control it is to saturate the soil around each plant with a solution of corrosive sublimate in water, at the strength of one ounce of corrosive sublimate to ten gallons of water, on transplanted cabbage and cauliflower, and one ounce to eight or ten gallons of water for radishes and cauliflower. The first application should be given on the third or fourth day after the vegetables have been transplanted or come through the soil, the second five days later, and the third a similar elapse of time. The solution is poisonous, and should be kept out of the way of children.

GLEN GRAHAM

CAMPERS

ONTARIO'S forest wealth is dwindling. Every year forest fires take disastrous toll. Careless campers cause eleven per cent. of Ontario's forest fires. Last summer 112 cases of neglected camp fires were reported. This summer be careful.

Save Ontario's Forests They're Yours

DON'T

- DON'T take chances with fire in Ontario's forests.
- DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.
- DON'T neglect to "drown out" your fire with lots of water.
- DON'T build your camp fire against a rotten log or stump—nor on windy points; nor near moss patches; nor at the base of a tree.
- DON'T build it in a former fire-place, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.
- DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

When you build your fire to make tea, fry bacon or add cheer to pipe and story-telling time, use a woodsman's precautions.

The real woodsman builds his fire on an old fireplace, if there be one handy. Failing that he scrapes away all litter, moss and fibrous rotted wood down to the mineral soil, or the bare rock, and preferably some place close to the water. He knows that if fire gets into the moss or the upper woody layer of forest soil, or in a half-rotted log or stump, it "holds over," burns away unnoticed underneath, and unless followed up and carefully put out, is liable to break into a flame later. He knows how hard it is to put such deep-smouldering fire out. So he makes his cooking fire surprisingly small and compact, and chooses a spot that is absolutely safe.

It is a mark of his finished woodsmanship how thoroughly he drowns his fire out with plenty of water when he is through with it. Save the forests. You may want to camp again.
