AYER'S CHERRY PECTORAL.

For the rapid Cure of
"COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION."

We invite the attention of the public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Dr. J. C. AYER—Sir: The Cherry Pectoral is much inquired after. Several of our best Physicians have used it, three of them in their own case, and always with the happiest effects. The numerous patent medicines now before them, lead to credulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that any thing like a general confidence can be excited.

The unrivalled excellence of this combination of agents (in the Cherry Pectoral,) proved by your evel by repeated trial and their own observation, has compelled medical men to proclaim abroad its usefulness. Its beyond all doubt the best general remedy we have for Pulmonary Affections of this climate, at the same time sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, subscribe myself,

THE CHEST. Sir Astley Cooper, Bart., M. D.

THE EMINENT MEDICAL PRACTITIONER, HAS LATELY A VALUABLE LEGACY TO THE WORLD IN HIS Great Preventative of Consumption, AND A FAILING CURE FOR PULMONARY DISEASES WITHOUT THE USE OF MEDICINES Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST

PROTECTOR.

To all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate. "The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so greivable a manner, that, once worn, it becomes a necessity and a comfort.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, Canada, South America, and the West Indies. It has for a long time been a staple article in England and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co. of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE, and no Patent Medicine.
