CANADA TAKES FIRST PRIZE

One Thousand Dollar Prize Offered by C. P. R. at New York Show for Best Wheat Grown in America.
---Won By Saskatchewan Farmer.

New York, Nov. 5.—The announcement of Canada's victory over the United States in the contest for the prizes offered by Sir Thomas Shaughnessy, President of the Canadian Pacific railway for the best wheat, spring or summer grown on either continent of America was made yesterday afternoon at the land show in Madison Square Garden. The committee of award composed of C. M. Williams of the Ohio Agricultural Experimental Station; Professor Alfred Atkinson, of the Montana Agricultural College; and Prof. W. M.

Jardine, of the Kansas State Agricultural College, concurred in the official statement that Canada raises the best wheat in the world. The winner of the world beating wheat prize was S. Edgar Wheeler, of Roathpan, Sask., Canada. He received a prize of one thousand dollars in gold. Another Canadian, W. F. Glass, of McLeod, Alb. was the alternate, W. X. Sidduth, of Montana, and Israel Smith of British Columbia, respectively, won the one thousand dollar silver cup, and the one thousand dollar silver trophy for the best alfalfa and potatoes.

Harry Wilson's Execution Postponed

Efforts Will be Made to Secure New Trial for the Digby Murderer

Digby, Nov. 2.—An effort is being made to secure a new trial for Harry Wilson, convicted murderer.

Francis Jones, counsel for the prisoner returned from Halifax today. In an interview with your correspondent Mr. Jones said that the matter of a new trial for Harry Wilson, convicted of the murder of his brother on September 21st, and who had been sentenced to be hanged in Digby on November 15th would be considered in Halifax at the opening of the Court in that city on the 14th inst., and that in the meantime Wilson's execution has been postponed for a month.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

WHAT AMHERST NEEDS.

Amherst News Sentinel.—In Saturday's issue of the News reference was made to the fact that former citizen of this town was anxious and willing to invest sixteen thousand dollars in a new hotel for Amherst on condition that citizens of this town raise sixty thousand dollars for the same purpose. The News learns today that there is now every prospect of the scheme going through as several Amherst capitalists have agreed to take certain shares in this venture and it is thought that the Pilgrims get through with the endowment scheme that they will devote their time and attention to raising the necessary stock for this new hotel.

HOTEL FIRE ALARM.

An improvement, just instituted at the Halifax hotel, is the installation of an electric fire alarm system, connected with the telephone exchange in the spacious rotunda, through which should a fire occur, the guests would be instantly alarmed. A signal at the telephone exchange in the hotel office at once sounds great gongs in the halls throughout the building so that everybody would be instantly notified day or night. This improvement, one of the many instituted by Mr. MacDonald since he assumed charge of the hotel, will certainly commend itself to the travelling public.

CANADA is progressing fast these days. ANADIANS want the best that's going.

In Tea the best is Morse's Selected Orange Pekoe. The price is 45c. per pound.

Bay of Fundy Woman Navigator

Mrs. Jesse Neaves Navigated Small Vessel Successfully Until Over-taken by Gale Last August.

(St. John Telegraph.)

It was the schooner Pimpernell which sailed the summer sea and the skipper had taken his good wife to bear him company.

Monday, Oct. 30—This slight variation of Longfellow's well-known poem expresses very well the experience of Capt. Jesse Neaves on his last voyage in August last, excepting that on account of the skipper's almost total blindness Mrs. Neaves was the manager and navigator of the little craft. When the Pimpernell was lost at Port Lorne, N.S., the only means of subsistence for the family of six small children went down with the craft and Mrs. Neaves was left to fight the battle of life for her helpless husband and children.

At the time of the shipwreck the story of Mrs. Neaves' heroism became public, and an effort was made to raise a fund to purchase a new freight tug smack with which she could again make a living. Hon. O. T. Daniels, of Bridgetown, now attorney-general of Nova Scotia, drew up a brief setting forth that her husband was unable to support the family and started the subscription list. Although this brief has been freely circulated and two months have elapsed since the schooner was lost, the sum raised so far amounts to only \$36.75, which will not go very far towards buying a new boat.

Capt. Neaves has been staying at his home at Victoria Harbor, N.S., and utterly despairs of ever regaining his sight. He was treated in a hospital for his eyes before the shipwreck, but of course is not in a position to secure medical attention at the present time. Three weeks ago Mrs. Neaves came to St. John and has been staying with her brother, Chas. Macaulay, 78 Moore Street, while seeking to interest St. John business men in her case.

THE WOMAN'S STORY.

A Telegraph reporter talked to her at her brother's home last evening, and with tears glistening in her eyes at times she told her sad story.

"My home is at Victoria Harbor," she said, "and we have always lived there since we were married. When my husband was in good health we made out very well, sailing up and down Cumberland Bay, making our own freights by buying and selling fish and other products. When my husband's sight gave out I took the wheel and did the steering besides other heavy work on board which he could not undertake. We had a man at first but our expenses kept running up and we found it did not pay. I had not studied navigation, but I knew enough to run the little twelve-ton smack. Always, except in very fair weather, when my eldest son, aged eleven, relieved me, I was at the wheel. All last summer I was in command until August 26th, when the fearful storm came up and drove us up the bay. Many stormy nights I had steered the little craft, but this gale proved too much for me. Without rudder we did our best at steering with the sails but the wind ripped these away, leaving us with bare poles and it was only a matter of time until we drifted on the ledges. We hung on for our lives during the night with the sea washing over us and it is a wonder that we ever escaped. When morning came we found that the sea had beached the Pimpernell and we were able to walk ashore but the craft was of no use any more.

"I was hopeful when Hon. Mr. Daniels, Rev. R. W. Rundle, the Baptist minister; Y. Anthony, the postmaster, and other gentlemen took sufficient interest to prepare the brief and start the subscription list, but we do not seem to be getting very far. I am doing all I can by day's work, but I cannot earn enough for my children that way. I have been told by business men whom I have approached to 'put on my coat and hustle,' but it is too much for me, and my husband, I fear, can never 'get out and hustle' again."

Mrs. Neaves' voice broke as she reached this part and she seemed more affected by the thought of her husband's misfortune than she did in recounting the story of her own fight for life when the Pimpernell was lost. She is a young-looking woman with that deep tan which only the sailor's life can give, and her story has the ring of truth and sincerity. She will be in the city for a few days at her brother's home.

4000 Arabs Have Been Executed by Italians

CORRESPONDENT CONFIRMS REPORT OF MASSACRE—400 WOMEN INCLUDED IN LIST—CHILDREN WERE NOT SPARED—PORTS LIDGES PROTEST WITH POWERS

Berlin, Nov. 4.—The Tripoli correspondent of a local paper says: Italy's losses in Tripoli since Oct. 23 amount to 1500 men, of which 280 were killed. Eighty-seven soldiers are suffering from cholera.

The Italians, continues the correspondent, have executed 4000 Arabs, including 400 women and children. Cholera is rapidly increasing among the Arabs and Jews. No room exists in the city for the reinforcements and their arrival must further increase the ravages of the cholera.

Bound with ropes—Constantinople, Nov. 4.—Neshad Bey reports with regard to the killing of many women and children by the Italians at Tripoli, that they were bound with ropes before they were murdered. The Turks find everywhere corpses with their throats cut.

Died at Torbrook

TORBROOK, Oct. 30.—Benjamin N. Wheeler died of typhoid fever at the home of his wife's parents in Torbrook, N.S., early on Sunday morning, Oct. 15, after an illness of six weeks. He leaves a widow, a son, a mother and brother, all of whom live at his bedside when he is buried. Mr. Wheeler was 35 years old, a native of Hudson, a man of very strong character and had great qualities of heart and soul that attracted people to him. In June he resigned the management of the local branch of the Ames butter and egg store removed to Keene, N. H., where he purchased a similar business, and in which he was engaged when he came to Nova Scotia on a visit, not feeling well at the time.

Soon after reaching his destination he was taken ill and although everything possible in a medical way was done, the disease fastened itself upon him with tenacity that could not be shaken and as the end approached he lost consciousness.

Mr. Wheeler was Superintendent of the First Baptist Sunday School in Leonistier, Mass., several years, and was dearly beloved in that society, as well as throughout the community generally. He belonged to the Royal Arcanum and saw service in the Spanish-American war. The burial took place in the Nictaux Cemetery.

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction. This preparation is called Rexal Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not grip, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, twelve tablets, 10 cents; thirty-six tablets, 25 cents; eighty tablets, 50 cents. Remember you can obtain them only at our store—The Rexal Store Royal Pharmacy, W. A. Warren.

Will Try to Buy the Intercolonial

Offer to Acquire or Lease is Anticipated (Ottawa Citizen.)

The Canadian Northern Railway is likely to make very shortly to the new Government a proposition for the acquisition or lease of the Intercolonial Railway. This is intimated by officers of the road now in the city. It will be recalled that on several occasions there were negotiations with the late Government on the same subject, but nothing ever came of them save that in connection with the Government guarantee of Canadian Northern bonds provision was made for an interchange of traffic at Montreal. The Canadian Northern is gradually linking up its system, and 1913 will see the line in operation from the Pacific Coast to Quebec. What route will be followed from Quebec east is problematical. If the company constructs a line of its own there will be four practically paralleling each other in the same and somewhat limited territory. Three of them will be transcontinental roads, in which event the Intercolonial, it is argued, would become a local line. Before determining its plans the C. N. R. is likely to make a proposition to the new Government with reference to the Intercolonial.

FOR HOUSEHOLD ACCIDENTS

ZAM-BUK IS SO VERY USEFUL.

Read How Beneficial it Proved in This Case.

Mrs. H. Sawyer, of Keene, Ont., writes:—"My husband is engaged on a farm, and one day, while chopping wood, the top of the axe broke and fell upon his foot, cutting a nasty gash. The wound was so bad that we first thought we would have to get a doctor, but we finally decided to dress the cut with Zam-Buk."

"Well, the Zam-Buk treatment proved a great success. It not only eased the pain, but it prevented any inflammation; and right from first applying Zam-Buk, the cut began to heal. It is now completely healed, and my husband says he will never be without a box of Zam-Buk in the house, for we are sure it saved us a great deal of expense."

Over and over again Zam-Buk has been proved to be the worker's best remedy. As soon as applied to a cut, a burn, a scald, or any skin injury, it relieves the pain and it sets up healing. It also prevents blood poisoning or inflammation. It is a sure cure, too, for certain piles, ulcers, old wounds, bad leg, ringworm, scalp sores, festering running sores, eruptions, cold sores, chapped hands, etc. Its absolute purity, also makes it the ideal balm for babies.

Zam-Buk Soap should be used along with the balm for washing all sore places. This soap will be found excellent for baby's bath, even where the balm is not being used.

All druggists and stores sell Zam-Buk at 50c. box, and Zam-Buk Soap at 25c. tablet, or post free upon receipt of price. Refuse harmful substitutes.

CANADIAN CHILDREN NEED TO BE TAUGHT TO SPEAK BETTER.

Bishop Farthing, Addressing Protestant Teachers in Montreal, Says Vowels are Harsh and Manner of Speaking Rough.

Montreal, Oct. 20.—(Canadian Press)—Canadian children's harsh vowels and rough manner of speaking were deplored last evening by Bishop Farthing in the course of an address of welcome to the Protestant teachers of the province at the evening session of their annual convention.

"Teach them to speak English, to breathe through their noses and speak through their mouths, as God intended them to do," said His Lordship. He considered it regrettable that Canadian children should lack culture and be unable to speak pleasant English, a condition which led many employers to prefer English boys to the Canadian youth in office, and which might be largely overcome if Canadians could acquire a softer spirit and more intonation in their vowels.

PUBLIC SHOULD OWN RAILWAYS

New Minister of Finance Declares Borden Government Will Own and Operate New Northern Railway.
---National Outlook Based on Industrial Progress.

TORONTO, Nov. 2.—Hon. W. T. White, Minister of Finance, in opening his Leeds campaign tonight in Lansdowne, came out strong for public ownership and said the Borden Government would build and operate the Hudson Bay Railway.

It was his initial speech since becoming a member of the Borden Ministry. It was on the occasion of his campaign for election to the Commons for the County of Leeds, where George Taylor resigned to make way for him. At the outset he expressed appreciation of Mr. Taylor's act. Continuing he said in part:

Why he was called.—"When as the result of the election reciprocity was laid at rest and I returned to my desk, I had no thought whatever of entering the field of active politics. It was at this time that I was honored by receiving from Mr. Borden an invitation to join his Cabinet which I conceived it my

duty to accept. No doubt Mr. Borden had in mind that in appointing me he would recognize the support given him by tens of thousands of Liberals throughout Canada, which contributed so greatly to his success. But I also believe that he thought I might have special qualifications for the important position which he assigned to me and as to this I can only say that, if I fail his expectations it will not be for lack of effort on my part."

For public ownership.—Proceeding Mr. White expressed his sympathy with the farming community. He said that he had discounted his financial connections and was free to serve the country, unfettered and untrammelled by any interest. As regards public ownership he looked forward to a development on its part commensurate with the growth of Canada. He went on to speak on the national outlook based on the industrial expansion in process.

Germany Buying Nova Scotia Apples

About Eighty Thousand Barrels Have Been Shipped so far This Season.

Halifax, Oct. 29.—A big trade with Germany in Nova Scotia apples has been opened up this season. Hitherto the apple exports from this port have been exclusively to London, Liverpool and Glasgow, but chiefly to London.

The British ports already this fall have taken about half a million barrels. Hamburg, for the first time, has taken apples from this province, the exports so far this season being about eighty thousand barrels and shipping will continue.

The German steamer Helms Menzel, which sailed yesterday for Hamburg, took thirty thousand, one hundred and fifteen barrels. The Elder-Dempster steamer Canada Cape, which sailed yesterday for South Africa, took three thousand, one hundred and fifty barrels.

Thousand Chinese Killed in Battle

San Francisco, Nov. 2.—Advices from Canton today state that viceroy Chang Ming Chi, of that province had wired a memorial to the Prince Regent asking for the pardon of Wang Ching Wei, who had attempted to assassinate the Prince a year ago last April. Pardon to the prisoner, he said, would go far to placate the people, and to show the liberal attitude of the Government toward the Republicans. Full pardon was also asked for the Revolutionary General Li Yuen Heng.

According to another message, Kung Li has refused to consider a peace offer unless the Manchu dynasty yields the throne to the Republicans. Revolutionists are said to occupy all the railway stations near Hankow and to have inflicted a loss of more than a thousand men on the Imperials in battle yesterday.
