

**VAUGHAN (VICTOR C.) AND NOVY (FREDERICK G.).** CELLULAR TOXINS, or the Chemical Factors in the Causation of Disease. New (4th) edition. In one 12mo. volume of 480 pages. Cloth, \$3.00, net.

The work has been brought down to date, and will be found entirely satisfactory.—*Journal of the American Medical Association.* The most exhaustive and most recent presentation of the subject.—*American Jour. of the Med. Sciences.*

**VEASEY (CLARENCE A.) A MANUAL OF OPHTHALMOLOGY.** 12mo., 410 pages, 194 engravings, 10 colored plates. Cloth, \$2 00, net.

The best eye manual we have seen. A handy volume, clearly, concisely, conservatively written and well arranged. The treatment is well up-to-date.—*Journal of Ophthalmology, Otology and Laryngology.* interesting volume. A book that should be constantly in the hands of the student of ophthalmology, and one well suited for the busy oculist who, in the midst of his work, may not have time to look up more extensive volumes. *St. Paul Medical Journal.*

A very attractive, practical and

**VISITING LIST. THE MEDICAL NEWS VISITING LIST.**

Four styles: Weekly (dated for 30 patients); Monthly (undated for 120 patients per month); Perpetual (undated for 30 patients each week); and Perpetual (undated for 60 patients each week). The 60-patient book consists of 256 pages of assorted blanks. The first three styles contain 32 pages of important data, thoroughly revised, and 160 pages of assorted blanks. Each in one volume, price, \$1.25. With thumb-letter index for quick use, 25 cents extra. Special rates to subscribers to THE MEDICAL NEWS or THE AMERICAN JOURNAL OF THE MEDICAL SCIENCES, or both. See p. 32.

von **BERGMANN (E.), von BRUNS (P.) and von MIKULICZ (J.)** A SYSTEM OF PRACTICAL SURGERY. Translated and edited under the supervision of WILLIAM T. BULL, M.D. In five imperial octavo volumes containing over 4000 pages, with about 1600 engravings and 110 full-page colored plates. Per volume, cloth, \$6, net; leather, \$7, net; library binding, \$7, net; half Morocco, \$8.50, net. For sale by subscription only. Full prospectus on application.

The work is an exhaustive one, and in its entirety will form a complete encyclopedia of modern surgical knowledge. Abundant data, the result of careful, original research in special fields, are published, with exact clinical reports that are of immense practical value. As a whole, the series forms the most important surgical work of the day, and it will be found of incalculable value to the student and to the scientific surgeon, as reflecting the most advanced and approved methods of modern surgical practice.—*Detroit Medical Journal.*

**WATHEN (JOHN R.). AN EPITOME OF HISTOLOGY.** 12mo., 229 pages with 114 engravings; Cloth, \$1, net. See *Lea's Series of Medical Epitomes*, page 18.
