Star advance has been made in the manufacture of Upright Pianos of late years that one cann it think he has one of the best unless it has been very recently made. And now comes another improvement just introduced in the Mason and Hamlin pianos which commends itself to intelligent mechanics as perhaps the most important of all. A new arrangement of fastening the strings hold them rigidly at each end securing more exact any all a new arrangement of fastening the strings hold them rigidly at each end securing more exact any all a perhaps the first in the strings hold them rigidly at each end, securing more exact any approach of myte pure, refined, musical tones, which are certainly the great desideratum in pianos. The piano in think no only improved in its qualities when he piano in think tho only improved in its qualities when he strings are incredy held by pias set in wood in the cid way, being almost wholly avoided. —Besten Journal.

Can't Keep House.

BOWMANVILLE, ONT., Dec. 5, 1882.

Messrs, SETH W. FOWLE & SONS, Boston.

Dear Sirs :- We suppose it is no new thing for you to receive congratulations on the success of your valuable cough remedy, EP. WENTAR'S BALMARE OF WELLS CHEEKER; but perhaps at this time a word or two from us will not prove out of place. Although the Balsam has not been advertised to any extent in this locality, our sale of it is very large and the demand is increasing, which is due to the universal satisfaction which it gives to our customers. We have never had a single complaint, and husbands tell us their wives will not keep house without it. We would like you to do a little more advertising in this county for we believe were your Balsam better known, its sale would be increased ten-fold.

Yours truly,
