

## COLLEGE NOTES.

---

A HAPPY Christmas and New Year to all.

"If you want anything go to Parker."

OUR old friend, J. P. Falconer, paid us a flying visit the other day. He reports all well at Bedford.

WITH this number we publish the second article on the Synodical Evangelist question. Dr. McRae's spirited letter will, doubtless, be read with deep interest. Certainly there is no mistaking the position he has taken on this important subject. Something can be said, however, on the other side. Our readers may, therefore, expect another interesting letter in our next.

It affords us great pleasure to announce that L. W. P.'s health has improved during the week to the extent of two pound avordupois!

WE are pleased to note that the changes in class hours brought into effect this session are generally approved by the students, who seem quite satisfied with the burden of extra work imposed.

A STUDENTS' Senate of seven members, representing the several classes or years in the College, has been recently appointed for the purpose of conferring (when necessary) with the authorities upon matters requiring investigation or improvement.

WE beg to acknowledge with thanks the receipt of a cleverly-written leaflet by Rev. Wm. Dawson, B. D., on the Baptism of our Lord. It is full of original thought and will well repay careful reading.

DR. PATTERSON desires us to say that he has still on hand a few copies of the *Life and Remains of Dr. McGregor*, which he is willing to dispose of at the rate of one dollar each.
