

HEAD QUARTERS IN CANADA

For the sale of the

NEW WHITE GRAPE PRENTISS.

The Prentiss is one of the most promising and valuable new grapes ever offered to the public. It is a native seedling with no foreign blood. A good grower and hardy. Best quality, and keeps during the winter. Fruit sells at wholesale in New York market at 18c. to 20c. and ripens early—with Concord. No one having even a few feet of spare ground should neglect to plant at least one vine of Prentiss; and parties planting for market should by all means include it in their list of varieties. I am prepared to supply genuine, first-class Prentiss vines to the Canadian trade in small or large quantities. Will be sent in small lots by mail, in good condition, to any post office in Canada on receipt of 75 cents for first-class one year old vines, and \$1 for first-class two year old vines. Remit the price in registered letter direct to me and you will then be sure to get the true Prentiss and a first-class vine. Parties wanting Prentiss in larger quantities to plant for market will be supplied at special rates on application. On account of the heavy demand for Prentiss in the United States it is not probable that the price will be lower than it now is for at least a couple of years to come. Orders will be filled in rotation. Don't delay, but order as soon as possible and secure the vines early. Remit no postage stamps.

Address, P. H. HENDERSHOT, Bertie Vineyards, STEVENSVILLE, ONT.

N. B.—Circulars containing further information, with a true colored illustration of Prentiss mailed to applicants if desired. Grape vines of other best varieties for sale at reasonable prices. That valuable red grape, "Lindley," which is well-tested and hardy, early and of fine quality, will be sent by mail on receipt of 30 cts.
