Mercantile Summary.

EIGHT hundred tons of smelts had been taken on the Richibucto River this season.

TENDERS are to be invited for steamers to give increased mail accommodation between St. John, and Digby and Annapolis.

DURING the last fiscal year 1083 vessels passed through the St. Peters Canal of the total tonnage of 62,029 tons; the tolls collected amounted to \$1,304.89.

ONE of the oldest wholesale grocers of the city of Montreal, Mr. J. A. Mathewson, has just admitted his sons Wm. B. and Samuel J. into partnership, under the style of J. A. Mathewson & Co.

THE Moncton Lock Factory shipped 17 cases of its wares to Toronto, the Moncton Cotton Factory shipped 40 bales to the same place, and the Moncton sugar refinery sent 1,000 barrels of sugar to Ontario and Quebec, all during the present month.

MR. A. GUNN M.P., and Hon. Mr. Ross have been re-elected president and vice-president respectively of the Kingston and Montreal Forwarding Company. The report for the year just closed was most satisfactory to those interested in the company.

AFTER two years' experience in St. Hermas Que., as a general storekeeper, M. Lafond has apparently not been able to make much progress. for he has lately been compelled to ask an extension of three, six, nine and twelve months. Liabilities \$6,000.

THREE new steamers will be placed on the ocean route next season by the Allan Steamship Co. The largest of the trio will register 4,600 tons. The Dominion Company also intends adding to its flotilla, a vessel to be named the *Vancouver*, of 5,700 tons.

MR. HENRY DINNING, the well-known Quebec ship-builder, died in that city on Friday last, after having resided in Canada for over fifty two years. Mr. Dinning was a man of great persistence and pluck. At the Board of Trade and in the council he was prominent, and in matters relating to the city and province he was public spirited.

THE annual meeting of the St. John Cotton Company was held on Thursday last. Although the directors were not able to declare a dividend, they consider the past season's business as being very fair. There are 220 looms at present in operation, but by an outlay of \$5,000 the lower floor of the mill could be fitted up. This would, the directors consider, not only give a greater variety of cloth, but would add 80 per cent. to the production of the mill, without the extra expense such as water power, taxes, salaries etc. The old board was re-elected.
