

The total cost for Kerosene Sweeping is less than one-fourth the cost of floor compound or floor oil.

Your Buildings Swept Under Guarantee of Better Service at Less Cost

The Self-Moistening Brush catches the light floating dust, holds it until it is weighted with moisture, then flirts it forward with the other dirt that is being swept forward at the same time.

The kerosene filters down through the centre tufts and passes directly into the dust, leaving the floor dry, clean and dustless.

The continued use of a Self-Moistening Brush leaves the floor white, hard, smooth; no grease, no spots, no dust left on the floor.

A few cents worth of common kerosene and a \$4.50 Self-Moistening Brush gives effective service for a longer period than \$20.00 to \$25.00 worth of Floor Oil or Sweeping Compound. Also, there is no waste from drying out and seepage, as with powder, nor from drying into the floor, as with floor oil.

May we send you on approval, express prepaid, for thirty days' FREE trial, one, two, or as many as you wish, of our Sanitary Dustless Floor Cleaners?

Merely try them **AT OUR EXPENSE** for thirty days in your building.

If they do not give you **BETTER** work for **LESS MONEY** than you are now paying out for your sweeping and floor cleaning, simply write us and hold the Cleaners subject to our order.

No obligation incurred. **NO EXPENSE TO YOU** unless you wish to keep them, in which case you merely remit for them at the end of the trial period.
