

A high-contrast, black and white photograph of a large, multi-story building, likely a school or institutional structure. The building features a prominent gabled roof and multiple windows, some of which are illuminated from within. The building is set against a light sky, with a dark, silhouetted foreground area on the right side. The image has a grainy, high-contrast quality, with deep blacks and bright whites, giving it a dramatic and somewhat abstract appearance. The building's architecture includes a central section with a gabled roof and a smaller, square tower-like structure on the right side. The foreground is mostly dark, with some lighter patches suggesting a ground surface. The overall composition is vertical, with the building occupying most of the frame.
