WINNIPEG, July 12.-Premier T. C. Norris of Manitoba issued a categerical denial to a series of questions asked him at the judicial inquiry today as to the existence of a deal in connection with the change in gov-

Mr. Norris denied that he knew Chambers was carrying on negotiations with ex-Attorney-General Howden for the abandoning of election protests, he never authorized Chambers to do anything of this nature for the Liberal party and Chambers never told/him that he was carrying on negotiations with Mr. Howlen.

Teld Howden Probe to Go On.
Witness told of an interview with Mr. Howden in which he said that the commission of inquiry into the construction of the parliament buildings seemed vindictive and hard and he had asked which direction the investigation would take. According to witness, he told Mr. Howden that he was entirely in the hands of the commissioners, and that the enquiry must go on, that the Liberals must make good their charges, and that the law must take its course. Norris also ied that he was in charge of the

election protests.

Saw Roblin Also.

Mr. Norris also had an interview with Sir Rodmond Roblin in which Sir Rommond told him that he was ing to quit and wanted to know if he, Norris, would like to be premier. Witness expressed desire that Sir Redmond should remain in office and etraighten out things, but the latter said that he had decided to quit. He

"I am handing you a bad job, but you can clean it up and save the credit of the province when I cannot." Sir Rodmond advised Norris against holding a general election, for there would be a landslide, the Liberal party would be too strong. The cabinet ministers and some other members would resign.

Premier Norris said that there was not the slightest agreement about anything, and he was free to hold an election or do anything he wished. There was no talk of money what-

Kelly Threatened to Fight.

After he formed his cabinet and
sworn in as premier, Kelly came to him and wanted a confidential conversation. Norris said that there could be no confidential conversations with him, and Kelly expressed a keen desire to be permitted to finish the parliament buildings. He thought that the commission would be stop-ped, but Norris told him that the commission must go on. Kelly said that if anyone should be punished for this work, the Liberals should be punished for building the Grand Trunk Pacific. He said that if he wanted to

fight, he would fight hard and use all the weapons at his disposal. No Money From Chambers. Premier Norris said that he did not receive any money from Chambers.

James H. Ashdown denied that he knew of any arrangement for calling off the election protests. He was one of the committee which had the Lib-eral protests in hand. This body jointly issued a note for \$7000 to cover expenses, and only \$1000 bf this note had yet been paid. The balance was still owing. The commission adjourned till Fri-

FULLY QUALIFIED TO BUY FOR ARMY

Mayor Thomas Acquired Special Information on Transports.

By a Staff Reporter. OTTAWA, July 12.-Major W. Owen Thomas, engaged by Major General Hughes as adviser on motor truck, cicycle and general transports purchases, was the chief witness before the war contracts committee to-day. He is being paid a commission basis of 11-2 per cent. His agree-ment regarding this was made in February. He has now earned, he stated, over \$9000. To do this work he declared that he had given his own business, which was worth \$25,000. He also stated that his special qualifications for purchasing or advising to purchase were because he had special information of the situation in the United States, which he acquired at the request of an official of the British Government.

He arrived this morning on the White Star liner Baltic, in the humble capacity of stoker. It was as a stoker that the series of three misfortunes befell According to his narrative, he is survivor of the Titanic, Empress of Ircland and the Lusitania disasters.

Said Huohy: "For 32 years I have followed the sea, 12 having been in the navy. My lot was never particularly easy, but the first big adventure came the night the Titanic struck the ice-berg. I was off duty when we struck," he said, "causing me to apply another lather of soap to my rapidly whitening countenance. I ran to the ship and jumped overboard, and was in the water until daylight, when I was picked up. The water was very cold."

On Empress of Ireland.

Huohy next found himself on the Empress of Ireland. "The night we were stealing thru the fog in the St. Lawrence I was off duty and was washing up, like I am now, when we struck," he said. "I scrambled to deck, helped with a lifeboat, and then I jumped. Someone pulled me into the boat that I had helped to get away, but when the Empress took her last plunge the lifeboat was upset. I clung to it two and one-half hours, and was just about all in and ready to fall asleep for keeps when I was hauled

cut. The water was not so chilly."

Fireman on Lusitania.

The sinking of the Lusitania kept
Huchy on the job. "I was firing when I heard the tor-polo hit the ship," he said. "I left the stokehold on the double quick, and at first it did not seem that we were going down. Then I went back as the ship settled. I grabbed one of the stays of a smokestack and climbed it hand over hand. When the Lusitania went under I was at the top of the smokestack. There was no back draft or explosion of steam from the engineroom, altho the water did get a trifle

After drifting for three and one-half hours Huohy was picked up and taken to Queenstown.

THIN FOR YEARS

Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds. When hundreds of men and women-and there are

hundreds, with more coming every day-living in every nook and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 35 pounds given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story. Sargol is absolutely harmless. It is a tiny concen-

trated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh-producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true

of you. Isn't it worth trying? If you want a beautiful and well-rounded figure of symmetrical proportions, if you want to gain some solid pounds of healthy stay-there flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist today and get a package of Sargol and use it as directed. Sargol will either increase your weight or it won't and the only way to know is to try it. A single package of Sargol easily enables you to make this test. Sixty days' use of Sargol, according to directions, is absolutely guaranteed to increase your weight, to a satisfactory degree or your druggist will refund all the money you have paid Sargol is sold by leading druggists everywhere and in

An Easy Way to Get Fat and Be Strong

assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down ceil and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists have it and will refund your money if you are not satisfied, as per the guarantee found in every package. satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

How Thin People Can Put On Flesh

A New Discovery.

Thin men and women—that big, heanty filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in 'weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good solid pounds of healthy. "stay there" fat should be the net result. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all dealers sell them subject to an absolute guarantee of weight increase or money back.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy, "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat-producing nour-ishment for the tissues and blood—prepares it in an easily assimiliated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops, the waste and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. All leading druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.
