---

### NOTES.

The trustees are welcome to all the sessions of the meeting and are invited to take part in the discussions. All teachers and other members are expected to pay their annual fee of 25 cents.

The roll will be called at the times announced, and the attendance reported to the trustees. The object of the discussion on the new regulations

and programme of studies is to bring prominently before the teachers the changes that have been introduced and to show the amount of work being done by some teachers along these new lines; also the methods employed to accomplish the work required with results. Please bring your programme of studies with you.
