

"BOYS"

Where does father buy his clothes?

We ask that question because the other day we sold a gentleman a Suit who had been coming here for years with his boys and getting them fitted with such dependable Clothes that it just occurred to him that we might do as well for himself. It didn't take long to fit him, and less time to convince him that the same good Boys' service was duplicated in our Men's. So we say to you, if "Dad" does not buy his Clothes from us, tell him he's missing a good thing.

J. G. Coombes
MANAGER.

The industrial employers outlining the terms upon which they would agree to a settlement of the strike of the metal trades employes. The terms were not immediately made public, but it was understood that the first demand made is that the sympathetic strike be called off.

With the addition of 1300 veterans to the police force, parades have ceased by order of Mayor Chas. F. Gray.

Among the developments during the night in western Canadian cities was a decision of delegates from all labor unions in Prince Rupert, B.C., against calling a general strike.

Telegraph operators on strike here will hold a meeting late this afternoon to consider the question of returning to work in a body on Monday. It is understood that other unions will meet to decide whether they shall continue on strike.

A report was current that the strike leaders were ready to order all union men back to work, if they could be assured that the strikers would get their jobs back.

A communication signed by James Winnip, president of the Winnipeg Trades Council, it was said, that the council endorses the movement for the "deportation of all undesirable aliens" was delivered to the Winnipeg newspapers.

When the One Big Union convention was held at Calgary some weeks ago one of the leading resolutions passed demanded that the government be released all political prisoners. Some of the Winnipeg labor leaders championed this resolution.

PROTECT KING'S MAIL WITH ARMED FORCES

Hon. C. C. Ballantyne, in Quebec Speech, Says Ready to Use Winnipeg's Military.

Montreal, June 8.—Severe steps to put a stop to those who advocate the destruction of constituted authority and law and order are to be taken by the federal government, declared Hon. C. C. Ballantyne, minister of marine and fisheries and naval affairs, in addressing the Verdun Council of Imperial Order of the Sons of the Empire at the Verdun city hall on Saturday night. The minister, referring to the western trouble, explained the stand that the government had taken, and was taking, and emphasized the fact that the government does not intend to reinstate those postal authorities who went out on a sympathetic strike, and refused to go back to work in the time specified by the government.

Winnipeg's Military Strength.

To those who criticized the government for delay in interfering in Winnipeg, the minister pointed out that it is not the business of the federal authorities to interfere until federal authority was attacked or threatened, and that authority had been interfered with by the use of armed forces. It is necessary that the King's mails were interfered with and that law and order was maintained. There were sufficient armed forces in Winnipeg to protect constituted authority and they would be used if necessary for that purpose.

C.M.A. GENERAL MEETING.

MUCH MANOEUVRING BY OTTAWA MEMBERS

(Continued From Page 1.)

sub-amendment would, of course, be overwhelmingly voted down, and would not receive the support of a great many Liberals. Then, if the proposed plan were carried out, the western members might argue that they were quite justified in voting against the McMaster amendment, because the Liberals were as heterogeneous on the tariff questions as the Conservatives.

The only defect in this plan, of which the westerners up to this time are happily unconscious, is the fact that it will not work. Under the rules only one amendment can be moved to the motion to go into committee of ways and means and no amendment to the amendment is permissible. At some later stage the westerners might move their amendment, but for the western they will find themselves face to face with the disagreeable duty of first voting 'yes' or 'nay' on the McMaster amendment.

They are to have a caucus tomorrow morning and, some other plan may be evolved, but the Liberals have the strategic position, inasmuch as the session of the house will be in possession of the amendment and he can force a vote upon it as presented.

It is figured that from 17 to 19 western Unionists may bolt when the vote is taken on the McMaster amendment. The latest sizeup which The World believes to be well grounded follows:

From Saskatchewan, Mahars, Knox, Reid, Johnston, Argue, Levi Thomson, McNitt and Wright are practically sure to vote against the government, with Long and Lings in the doubtful column.

From Manitoba, Hon. T. A. Crerar and Messrs. Davis, Campbell, Cruise and Andrews are counted upon to bolt with R. C. Henders likely to follow the lead of Mr. Crerar. From Alberta, Dr. Michael Clark, James Douglas and W. A. Buchanan are almost certain to vote for the McMaster amendment, with Shaw and Halliday, also of Alberta, in doubt.

In Eastern Canada the government will probably lose the support of Hon. W. S. Fielding, Fred Pardee, and one or two others. On the other hand the government may pick up a few votes from the protectionist members of the opposition, including F. N. McCrae of Sherbrooke, and L. A. LaPointe of St. James, Montreal.

ESCAPED FROM JAIL, NO BOLSHEVISTS STOLE MOTOR CAR IN B'NAI B'RITH

Recaptured by Owner, Heavily Sentenced, Goes to Kingston. Three Hundred Jewish "Children of Covenant" Hold Banquet.

Three youths who escaped from Burwash and stole a motor car with the intention of motoring home to Toronto, and who were recaptured near Parry Sound and sentenced in court to terms in Kingston Penitentiary, arrived in this city last night on their way to the jail. The prisoners were Harold Robinson, Robert Adams and William Frost. They were in charge of Sheriff Austin and County Coroner Kidd of Parry Sound. On their arrival here, they were placed in cells at Court street. This morning they will be taken on the early train for Kingston.

Robinson, a seventeen-year-old boy, whose parents live in the east end of the city, slipped the handcuffs and escaped from a carriage on Dundas street, while being removed to the jail, prior to being sent on to Burwash. This escape was made by Robinson on the same day that Frank McCullough broke away from the jail. Robinson was recaptured and his Burwash time was extended to two years less one day. Adams and Frost were also serving similar sentences.

Boarded Freight Train.

Robinson, Adams and Frost, escaped last week from the Burwash farm and, boarding a freight train, rode a distance of nearly 100 miles, when they dropped off the freight and stole a farmer's motor car. They were taken to the outskirts of Parry Sound, when the car broke down and they were standing close by it when the owner and three others drove up in a car and captured them.

Frost was found to be carrying a loaded revolver, and for this the judge in the Parry Sound court added six months to the two years less one day sentence, which, according to the orders of the court, calls for the serving of the term in Kingston. Robinson and Adams had three months added to their sentences, and, heavily shackled, all three of the young criminals will proceed today to Kingston.

FOUGHT FOR ALLIES

Notable Speakers Denounce Slanders Against Sons of Judaism.

The Jew was to numerically inferior to turn any country into Bolshevism, even if he would, and the appellation "Bolsheviks" to the general body of Jews was a wicked slander and calumny, declared ex-Ald. Louis M. Singer, to some 300 members of the Independent Order of B'nai B'rith, who held a banquet in the King Edward Hotel last night. Mr. Singer outlined first the ideals of this new order which has made such amazing strides in Toronto during the last few months. The name, he said, showed clearly that there were no Bolshevism tendencies among the Jews, for it meant "Children of the Covenant," those who observe their covenants, and want others to observe them, said the speaker.

Because one renegade Jew, Leon Trotsky, had allied himself with a band of murderers and cut-throats was no reason that the rest of the Jews should be termed Bolshevists, said Mr. Singer, he was putting forth no argument against the term, for to argue was an admission. Could Not Tyrannize.

He pointed out that the percentage of Jews in Russia was 4 per cent, in Canada 1 per cent, in the United States 3 per cent, 1/2 per cent, in the British empire, and 3 per cent, in Rumania. In the United States alone more Jews in proportion to other nationalities had offered their services, and laid down their lives for the allied cause. Bolshevism in any country, declared Mr. Singer, depended wholly upon physical power, then how could 4 per cent in a country like Russia control and tyrannize over the other 96 per cent. Russia, too, where, if anything, the Jew is restricted more than in any other country.

Mr. Singer in elaborating his cause gave a long list of facts and figures to show that the terming of the Jews, "Bolsheviks" was only done so by those who did not think. For the greater authorities, said the speaker, had declared that Jews were a menace to Bolshevism.

STREET RAILWAYMEN GO OUT ON STRIKE

Detroit Cars Tied Up—City Refuses to Grant Higher Fares.

Detroit, Mich., June 7.—Street car service in Detroit came to a sudden halt at 10 o'clock tonight, when motormen and conductors of the Detroit United Railways Company struck to enforce their demands for increased pay.

The action was taken on the recommendation of W. H. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees, who was informed by President Frank W. Brooks of the Traction Company that a higher schedule of fares, upon which increased pay for the men was contingent, had been refused by the city council.

Following the vote, the carmen were instructed to take their cars to the barns immediately, leaving hundreds of Saturday night teetotalers and shoppers marooned in the downtown district. It having previously been announced the strike, if called, would not become effective until 4 a.m. Sunday.

The walkout, union officials declared, undoubtedly would later involve employees of the company's interurban system, and its city lines into Port Huron, Ann Arbor, Mount Clemens, Flint and Pontiac. Representatives of the carmen in these cities, it was announced, are to meet here Monday to decide upon the action they will take.

FOUGHT FOR ALLIES

Hon. Joseph Dewart, senator for the state of Connecticut and representative of District Grand Lodge No. 1, outlined the work of the order, which he declared was closely united with the work of Israel.

The speaker told of the 200,000 Jewish boys who had gone from the United States to fight for the cause of the allies. These boys, he declared, were not "Bolsheviks," but were the sons of the Jews. He sounded a warning also to those Jews who wanted to give up the name of Jew and substitute something else in its place. Judaism, he said, had been on and on for thousands of years, and it needed now just as much as ever, for there was need of all the different religions on earth. Each should seek an insight into the other's perspective.

It is reported that the effectiveness of the Russian soviet army against the Rumanians in Bessarabia is due to the fact that among their ranks are a large number of German officers who are declared to be the German officers have formed an organization to assist the Bolsheviks in Ukraine.

COMMUNIST FORCES ADVANCE

Vienna, June 7.—Severe fighting is in progress in Budapest and in Vienna north of the Danube, between the Czech-Slovak and the Hungarian communist forces. The Hungarians have crossed the Neutra and are threatening Pressburg (Pozsony). The position of the Czechs in Slovakia also is more serious, as the Hungarian communists have been stirring up the Slovaks against the Czechs. The Hungarians point out that the Czechs refused to give the Slovaks autonomy and also have not treated them as brothers. They are that 1000 years the Slovaks and Hungarians lived together and should continue to do so.

CECHS DEFEATED

Copenhagen, June 8.—Hungarian communist troops have captured the town of Kaschau in northern Hungary, northeast of Budapest. Czechs after two days of fighting. A despatch from Budapest Saturday announced the Czechs had been defeated decisively.

Vienna, Saturday, June 7.—A serious revolt against the Bolshevik regime is reported from western Hungary which was started by a Hussar regiment. Counter revolutionary movements are reported from other parts of the country by farmers, burghers and members of the working classes refusing to recognize Bolshevism.

OPPOSE CAPITALISM

Rev. Paul Charbonneau, who is also chairman of the strike committee of the Metal Polishers' Union, addressed a representative audience at Brown's Hall yesterday afternoon upon "The Sign of the Times," the theme of his address being the changing order of all things social and economic throughout the world. While advocating continued and determined activity against the pressure of capitalism, the speaker cautioned his audience to use restraint, and act in accordance with that sense of some constitutionalism which ever bespoke the true Britisher. It was one thing, he said, to stand up for the rights of the people; it was an entirely different thing to stand up for an arbitrary assumption of authority to resort to mob rule and submerge decent citizenship in a sea of indignities.

RAILWAY WORKERS DECLINE TO STRIKE

Vancouver, B.C., June 8.—The Federated Trades Union here, embracing all railway shop workers, except blacksmiths, has voted to withdraw from the Vancouver Trades and Labor Council. It is stated their action was taken owing to the persistent efforts of the Trades and Labor Council to have the shopmen join the sympathetic strike.

About 250 garbage men, street cleaners and other outside civic employes joined the strike yesterday. The city has arranged to obtain an emergency crew in case the water runs break. Strike of the meat cutters and slaughterhouse employes has diminished the supply of meat here.

BLOODY BATTLE IN WEST HUNGARY

Peasants Are Driven Back and Slaughtered by Hungarian Red Guards.

London, June 8.—Armed peasants who revolted against the Hungarian communist government and Hunstarian troops have been engaged in heavy fighting in western Hungary, which resulted in the defeat of the peasants, an Exchange Telegraph despatch from Vienna says.

Four thousand peasants assembled Friday near Oedenburg (Sopron) between the Zinkendorf and Kollerhof, with the object of displacing the soviet government in Oedenburg. They were intercepted on the march near Zinkendorf by the communist Garrison from Oedenburg armed with artillery and machine guns. A bloody battle followed and the peasants were driven back and surrounded in Kollerhof by the red guards.

After a short siege, it is added, Kollerhof was stormed and many of its peasant defenders slaughtered. The entire Oedenburg district has been cleared in a matter of days and a military dictatorship proclaimed.

Rev. R. A. Jaffray Speaks at Christian Alliance Convention.

The Christian Alliance convention opened its annual meeting at the Young Women's Christian Association building, on McGill street, and they will continue in session to June 13, during which time reports from the various mission fields and endeavors will be heard.

Rev. R. A. Jaffray of China, one of the speakers at yesterday's session, told of the trials and tribulations which had beset his little band of missionaries when they entered the southern portion of China, and more lately French Indo-China. "We took our lives in our hands, or rather we placed our life in His hands," said the missionary, as he recounted the restrictions placed against them by the authorities of both the state and Roman Catholic Church, in their efforts for the winning of souls.

Only seventy converted the position of Indo-China when they had penetrated contained in the provinces thousands of miles, who had never before been left open to the missionaries. HAMILTON NEWS

Hamilton, June 8.—Hamilton today opened its arms and hearts to the battle-scarred, sun-browned, fleshed of the 64th Battalion, the first unit to be demobilized in this city, and it was a matter of satisfaction that after many commitments and hitches, the program as finally revised was carried thru with smooth despatch.

Barton street residents who have been hoping that their thoroughfare would be taken over by the provincial government as highway in preference to the King street route, are going to be disappointed, according to Controller Halcrow, who in company with Controller Halford, waited upon Deputy Minister McLeon to point out the advantages of Barton street.
