The interscholastic games take place this afternoon at 2 o'clock at the University athletic field. The entry list is larger than ever before, about 55 entries having been received from seven schools, Gait and Weston contributing the outside entries. St. Andrew's and Upper Canada sent no entries this year, being short of material and disliking the fights which have figured in the meets. A special detachment of police will be on hand to stop hustling. The contestants are asked to be at the gymnasium at 1.30 to receive their numbers. As usual the covered stand will be reserved for the ladies.

Rain prevented the playing of the reg-ular monthly handicap at Lambton last Saturday, and the competition will take place to-morrow.

Mr. Mackay was accorded a splendid reception. He referred to the grave responsibility of the task he had undertaken, and after devoting a long criticism to the Whitney government enunciated his policy on cheaper litigation and civil service reform. Positions in the civil service, he said should be measured by fitness and not by the extent of party service.

Mr. Mackay also touched on the pulpwood question, and dealt at some length with the government's educational policy, and administration of the liquor license department, which had not been, he claimed, altogether free from the taint of party politics. He expressed himself favorable to the administration of the department by a purely non-political commission, if such were obtainable.

New Bowling Green.

A bowling green, which is situated immediately in the rear of the Church of the Ascension, West Richmond-street, has already been in use by members of the congregation and their friends for some three weeks, and promises to be a very popular resort. Its existence is in a large measure due to the lively interest which the rector, Rev. W. H. Vance has taken in the matter.
