Magistrate Ellis held court in the Town Hall last evening, and the occasion appeared to be one of genuine entertainment to a large gathering of young men. John Hinds, George Hall and George Gordon, who were charged with disorderly conduct on the street, were convicted and sentence suspended in order to give them another chance. The first-named had already been convicted for assault in connection with the same matter. Robert and William Cracknell and Newell Semol were charged with being disorderly and using obscene language on the street. This was a flagrant case and the magistrate determined to make an example. Robert Cracknell, the elder of the brothers, was fined it and \$3.50 costs, or 10 days in 19th. William Cracknell was on account of his age let off on suspended entence, and the other boy was lischarged.

INVESTIGATING THE CROPS.

Chicago Times-Herald Correspondent Making a Tour. Mr. E. E. Pieser of The Chicago Times-Herald is at the Rossin. He nas just made a grand tour of the Western and Middle States for the purpose of ascertaining the state of the crops, and is now visiting Canada for the same purpose. He says the crops throughout the West are immense this year. Corn and wheat are good, while outs will be tremendously abundant.

Mr. Pieser tells of a farmer in Michigan whom he visited the other day who had just sold 320 acres of growing oats at 9c per bushel, he to bear the expense of harvesting. This meant a loss of 2½c per busnel in the cost of raising.

Mr. Pieser does not think free silver will carry. In many districts of even the Western States, he says, the people are for gold. Mr. E. E. Pieser of The Chicago Time

The letter was evidently hurriedly written, and does not give details. It does not intimate that the vessel is in immediate danger. Making Little Headway.
