The subject of the shoulding for the should be considerable shoul

When J. M. Kellie, a member of the British Columbia Legislature, visited Rossland the other day a deputation of mining brokers waited upon him with several propositions concerning a revision of the mining laws, and the advancement of the camp and the

The matter of the incorporation of Rossland was brought to Mr. Kellie's attention. In response he said he was in favor of incorporation. He said the government did not adopt the system of making sewers in Rossland, as the principle would then have to be adoptof making sewers in Rossland, as the principle would then have to be adopted in other towns and the Government could not bear the expense; but, now that Rossland had grown so large, he considered it necessary for the health of the city that the sanitary conditions be regulated properly. He added tat he was in favor of carving up British Columbia into municipalities; that present system of government, in present system of government, in the price at which it will be put on the market. ...GOLD... Am forming a syndicate to survey and take up mining locations in 40, 80 and 160-acre parcels in the most promising part of the Ontario gold fields. Surveyors' fees, Crown dues, legal expenses, commission and all other charges will not exceed \$5 per acre. For obvious reasons cannot advertise the locality, but parties wishing to join will be furnished with all information. This is an opportunity to secure a very good thing at a very low price.
