CHNBOAT RIDDLED THE JUNGLE.

Filipinos Made a Brief Stand, But Were Driven Back-American Loss Slight.

Manila, March 13 .- (11.55 a.m.)-At daylight to-day Brigadier-General Lloyd-Wheaton's divisional brigade, consisting of the 20th U.S. Infantry, the 22nd Infantry, eight companies of the Washington Volunteers, seven companies of the Oregon Volunteers, three troops of the 4th U.S. Cavalry and a mounted battery of the 6th Artillery, was drawn up on a ridge behind San Pedro Macati, a mile south of the town. The advance was sounded at 6.30 a. m., the cavalry leading the column at a smart trot across the open to the right, eventually reaching a clump commanding

the rear of Guadaloupe.
Supported by the Oregons, the advance force opened a heavy fire on the rebels. The response was feeble and desultory, apparently coming from handfuls of men in every

Left Column Advanced. While the right column was swinging towards the town of Pasig, the left advanced, pouring volleys into the bush. A small body of rebels made a determined stand at Guadaloupe Church, but the enemy was unable to withstand the assault. At 7.30 a river gunboat started towards Pasig. The rebels were first encountered

by this vessel in the jungle near Guada-Steaming slowly, the gunboat poured a terrific fire from her Gatting guns into the brush. For all of an hour the whirring of the rapid fire guns alternated with the booming of the heavier pieces on board.

Shore Battery Took Part.

In the meanwhile, Scott's battery ashore was shelling the trenches and driving the enemy back. The artiliery then advanced to the ridge of bamboo and drove a few of the enemy's sharpshooters away with volleys from their carbines. The artillery then advanced and met with little opposition. In the meantime the infantry had been sent forward in extended order, the Washington regiment resting on the bank of the river, each regiment deploying on reaching its station and furnishing its own supports. The entire column then wheeled towards the river, driving the enemy towards his supports and then advanced on Gnadaloupe.

The artillery moved to a ridge command.

After the town had been shelled the 20th Regiment lined up on the bluff, and the 22nd took up a position on the left of the place, with the cavalry in the centre, where upon the enemy retreated to the town.

The gunboat then moved into a bend opposite, and a hot fire on the rebel position was maintained along the whole American line until 2.20 p.m., when preparations were made for the attack.

Cavite Women Fought.

Tacoma, Wash, March 13.—Oriental papers brought by the steamship Victoria contain the following extract from The Republica Flilpino, the insurgents' paper:

"Splendid demonstration of the Cavite women, without distinction of class or age, unanimously requested with enthusiasm to be permitted to take the place of men if the men perish in the streggle against the Americans for the defence of the independence of the Philippines. They say that, irrespective of the weakness of their sex, the love of their country will make them strong and will animate to keen combat against the Americans."

A telegram published in The Republica says that a letter has been found in Ball-way offering \$50,000 reward for the assassination of Aguinaldo.

The Cargo of the Steamer Castilian Was Faritally From Toronto Firms.

The local agents of the Alan Steamship Line were notified by telegrams yesterday morning of the wreck of the Castilian, on Gannet Rock Ledge, near Yarmouth, N.S. No further particulars of the accident were received, however. The Frieght, which will be a total loss, was shipped principally by Ontario firms. The William Davies Company had a cargo of apples, and M. H. Peterson & Co. of Toronto had 6596 barrels of Cenadian apples on the ship. They were being sent to Liversool.

A large amount of grain was shipped on the Castilian by Bartiett & Co. and Count & Day of Chicago, which is estimated at 200,000 bushels. The Ingresoil Packing Company and the Collingwood Meat Company and the Collingwood Meat Comp

GERMAN BUDGET WRANGLE.

Belief That Dissolution Will Grow Out of It.

Berlin, March 13.—A number of leading members of the Reichstag of all parties to night are of the opinion that the Reichstag to-morrow will vote the Budget Committee's report by about 200 against 168, and they believe a dissolution will follow. The Cettre, however, does not believe there will be a dissolution, but thinks it is a mere bluff upon the part of the Government. The plans of Cecil Rhodes, the British South African magnate, who is in this city with the view of pressing upon the German Government the advisability of co-operating in the building of the Cape-to-Cairo Railmad, which will pass through a portion of German African territory, will be submitted to colonial and commercial experts, on whose reports the Government will act.

### **Highest Home Endorsement**

Shiloh's Consumption Cure was successfully introduced by a leading physician, Dr. Brutus Shiloh, fifty years ago, and is now recognized as the leading remedy of the world for all affections of the throat and lungs. It arrests the ravages of the germs of consumption by destroying them, confining the disease to a limited area of the lung and setting up & a healing process which causes the sore parts to get well and cicatrize. That it is possible to arrest the breaking down of is possible to arrest the breaking down of the lung tissues, and enable a patient to live has been fully proved by post-mortem examinations of persons who have died at advanced ages from entirely different diseases. An eminent physician who had in the course of his practice made post-mortem examina-

tions of at least a hundred women past sixty years of age, found that fifty of them had at some time in their lives suffered from consumption.

The following letter contains the highest possible home endorsement of Shiloh's Cure:

Messrs. S. C. Wells Co., Le Roy, N. Y.:

GENTLEMEN:—Three weeks ago I contracted a severe cold which settled in my throat and bronchial tubes, giving

evidence of a siege liable to last for months, as my previous colds had always affected me. More as an experiment than anything else, I decided to try Shiloh's Cough and Consumption Cure, and with most gratifying results. The first bottle dislodged the enemy; the second entirely expelled it from my system; and it is with sincere belief in its efficacy that I add my testimony to that of many others in its favor. From "The London Sketch."

Chicago, March 13.—The massive fire wall on the east of the eight-storey structure at 207-211 Jackson-boulevard, which was partly destroyed by fire last night, fell almost without warning to-day, completely demolishing the adjoining building and setting the ruins on fire. Loss on building and contents estimated at \$125,000; fully insured. So sudden was the collapse of the wall that a score of firemen barely escaped being caught. The loss on last night's fire will probably be much heavier than at first thought, and it is now estimated the total loss will approximate \$300,000.
