WOODBRIDGE, Jan. 21.—(Special.)—What might have been a serious accident happened on Friday morning about 6 o'clock a short distance south of Wallace Bros' store.

The annual meetings of the Presbyterian Church, Woodbridge, and Knox Church, Vaughan, were held on Wednesday of this week. The attendance was large and the spirit hearty and hopeful. agent for Knox College, secured about \$700 for that institution. The pastor was granted a bonus of \$50 for last year, and a substantial increase in his personal salary. Rev. M. MacKinnon, B.A., and his people are to be warmly congratulated on the year's work.

HAVE YOU ASTHMA? Catarrhose

A Convenient Inhaler Treatment is the Proper Remedy to Cure.

You know attacks of asthma follow colds, and excite Catarrh of the breathing apparatus. This irritates the nervous mechanism of breathing. Asthma follows; you suffer terribly in consequence. What have you done to prevent talking cold? Only a little probably. A very simple means of maintaining the breathing apparatus in a healthy condition is to use a few minutes each day healing, soothing Catarrhose. Catarrhose is a complete, healing essence you breathe into the lungs. The healing vapor reaches every part of the bronchial tubes. Catarrhose instantly destroys germs and, at the same time, relieves congestion and heals sore places in nose, throat and lungs. In severe attacks of asthma, Catarrhose affords wonderful relief. Asthma, like all other ailments, is a preventable disease. No question about its usefulness. In asthma, it is an effective remedy. Next time you get asthma, breathe Catarrhose for ten minutes and see how quickly it will relieve you. Once you know this, then you will by occasional use prevent recurring attacks; that should be the aim of your life. Complete relief for three months' use and guaranteed to give satisfaction, price \$1.00. Smaller size, 50c. All dealers or the Catarrhose Co., Buffalo, N.Y., and Kingston, Ont.

FISHKILL LANDING, N. Y.

FIFTEEN men, three Americans, were killed late this afternoon by a premature explosion of nitro-glycerine in a tunnel which is to form part of the great aqueduct which will carry water from the Ashokan dam in the Catskills to New York City.

Five were terribly mutilated, but were near the mouth of the tunnel that they were saved. The other ten were found beneath a mass of rock and debris, just a bleeding mass. It is believed that one of the workmen, carrying a torch, felt, lighting a fuse and setting off a series of charges of nitro-glycerine, which had been placed preparatory to an exodus from the tunnel.

A squad of twenty men, having drilled the holes and placed the explosive, was trooping from the excavation. As five nearest the mouth of the tunnel, there was a terrific roar, the country side shook for a quarter of a mile around, and the five foreigners were hurled beneath to the ground. Inside death was instantaneous to the fifteen.

MEAT "STRIKE" SPREADS IN STATES

Continued From Page 1.

dropped from 48 cent a dozen to 25 cent, and fat from 18 to 12 cent.

Retail butchers have been compelled to cut down their working force from one-third to one-half and several have retired from business.

The Effect in Gotham.

NEW YORK, Jan. 21.—Wholesale meat dealers were inclined to ridicule the "strike" movement. Representatives of Swift & Co., Morris & Co. and the Cudahy Company declined to be quoted, but took the attitude of laughing at the whole matter off.

Retail dealers, on the other hand, said that so far as they are concerned, the boycott seemed already on. Their sales had fallen 20 per cent. In the past fortnight, they said, "The price of beef has never been so high for so long. Years ago when beef was high, they bought eggs or poultry. They cannot do that now, with cost-cutting chickens bring 20 cents, fricassee chickens 17 and 18 cents, and soup fowls 12 to 14 cents."

"But you will get just one-half. It will fall further if prices do not go down. Pork is phenomenally high, and it looks as if it would go higher. Pork tenders are 30 cents wholesale and 35 cents retail. In this situation, many dealers will be forced out of business, and the trust will run its own show. We are simply clerks for the trust now."

Wear Buttons in Baltimore.

BALTIMORE, Md., Jan. 21.—Buttons bearing the inscription, "I don't buy meat," do you?" appeared on the streets here in large numbers to-day following the action of the local Federation of Labor, which adopted a resolution calling upon all labor unionists and their sympathizers to abstain from eating meat for a period of one month as a protest against the high price of that article.

Thousands of these buttons have been ordered. The demand is such that it was declared, was not confined to laboring men, more than half the requests coming from business men and clerks.

In New York, Too.

NEW YORK, Jan. 21.—New York to-day joined the fight against the high prices of meats and food stuffs. Scores of laboring men and others are making pledges to abstain from eating meat for thirty days, while many others are only eating meat once a day.

Mrs. Anita Comfort-Brooks, prominent in the city circles, has come forward with a suggestion that a million housewives unite to force prices down.

Active in Pittsburg.

PITTSBURG, Jan. 21.—A meat strike has been organized in Greater Pittsburg. To-day street car employes by the high meat prices, promising to abstain from meat for thirty days, beginning next Tuesday. Thousands of affiliated members of the iron city trades council are waiting for their leaders to act before putting into effect a meat boycott resolution adopted by the council last night.

LOCUST HILL.

Runaway Team Nearly Run Over Dr. Young of Markham.

LOCUST HILL, Jan. 21.—(Special.)—Nearly run down by a madly dashing team on Locust Hill a few days ago and barely escaping with his life was the experienced Dr. Young of Markham Village. The doctor was driving down the hill when he heard the runaway team behind him. He put on full steam and at the foot of the hill turned from the roadway as the team dashed past. The sleigh slewed around and striking the doctor's right upper cutter, horse and driver. In the mix-up the doctor was dragged some distance but not injured. The team, belonging to Joseph Lapp, was stopped at Locust Hill Station.

B. C. LIBERAL "SPLIT"

Mr. Jardine as Leader Not Acceptable to His Followers.

VICTORIA, B. C., Jan. 21.—(Special.)—The latest development in the affairs of the new legislature is a split in the ranks of the Liberal side of the house, represented by two members. Yesterday John Jardine of Esquimalt tacitly took possession of the leadership by seconding the nomination of Eberts as speaker. This morning, his lone comrade, Brewster, refused to follow him, his action having been the subject of warm debates amongst prominent Victoria Liberals in conclusive last night. Brewster insists that when Jardine entered public life it was as a Labor Liberal, and not as a straight party man.

B. C. LIBERAL "SPLIT"

Mr. Jardine as Leader Not Acceptable to His Followers.

VICTORIA, B. C., Jan. 21.—(Special.)—The latest development in the affairs of the new legislature is a split in the ranks of the Liberal side of the house, represented by two members. Yesterday John Jardine of Esquimalt tacitly took possession of the leadership by seconding the nomination of Eberts as speaker. This morning, his lone comrade, Brewster, refused to follow him, his action having been the subject of warm debates amongst prominent Victoria Liberals in conclusive last night. Brewster insists that when Jardine entered public life it was as a Labor Liberal, and not as a straight party man.
