MINERS DEMAND RETROACTIVE PLAN

McLEOD TEW, ASSIGNEE,

Coal Operators Will Tonight Reply to Conditions for Continuing at Work.

New York, March 23 .- The anthracite mine operators notified the mine workers late today that they would reply tomorrow night at eight o'clock to the proposal of the coal diggers to remain at work after April 1, pending negotiation of a new wage aggreement, "previding the operators agree to make any wage award retroactive to that date."

Unless a new wage agreement is reached by April 1, when the present contract expires, the reply of the antiracite operators will determine whether there will be a supported. whether there will be a suspension of work in the hard coal region after that date. The general scale committee of the miners, by virtually a unanimous vote today decided that they would not remain in the mines at the average of the present agreement.

unless the employers agreed to make any wage award retroactive.

The decision of the mine workers was presented to the operators this afternoon at a meeting of the subcommittee of miners and operators appointed to negotiate a new wage agreement. The employers are understood to have spoken in opposition to accepting such a proposal on the grounds that they would have to meet any wage increase by raising the price of coal, which prices, they pointed out, could not be made retroactive.

After several hours' discussion the conference was adjourned with the conference was adjourned with announcement from the mine owners that they would reply to the miners' proposal tomorrow night,

Peterboro. March 23.—(Special.)—
By a large majority the ratepayers endorsed a bylaw today providing for a ten-year extension of the tax ex-emption on the local plant of the Can-adisa General Electric Co. In return for this the company will make extensive additions to the plant cost-

Suckling & Co. CATTLE TRADE DULL AND UNCHANGED

Prices Are Working Toward Lower Levels at Union Stock Yards.

With over a thousand fresh head of cattle on the market yesterday, added to the left-over stuff from Monday's selling, trade was very slow yesterday, and, if anything, a shade easier in price. Buyers were not anxious to take on any more cattle, except at the decline, and the result was a comparatively duil and draggy trade. With the held-over stuff and possible fresh receipts, it looks as the the best the market could do for the balance of the week is to hold steady with Monday.

The run of sheep and lambs at the market was light and held steady for the choice, light, grain-fed lambs, but the thin, barnyard lambs are hard to cash. A good, steady demand for all classes of sheep.

Choice lambs sold at from 19c to 20½c; medium, 17c to 18½c; culis and common to the left-over stuff from Monday's

medium, 17c to 18½c; culls and common lambs, 15c to 16½c; choice sheep sold at from 13c to 15c; cull sheep at 6c to 10c. There was a good demand for choice

sheep.
There was a fair run of calves, and the market held stead yto strong. Choice veal sold at from 21c to 22½c; good, 19c to 20c; medium, 15c to 17c. There was a good, steady demand for all classes of

calves.

The hog prices held steady yesterday with last week's rices, but the buyers for the plants are quoting 50c off for yesterday's loading, and today's market. Commission houses are advising their shippers to go very cautiously in the matter of buying their hogs, and the advice is very opportune. The same holds good in respect to the cattle trade.

'Special Note.

Quinn & Hisey yesterday sold for A. Hammond, representing the United Farmers of Moorfield, Ont., 6 butcher cattle shipped in by O. Bresel, at \$14 per cwt.; 12 cattle at \$12.25 for A. Metzel; 6 at \$11.50 for W. Herbert, and 1 for C. Scarr at \$11.50. Scarr at \$11.50.
