WEATHER THE CHIEF FACTOR

Course of Wheat Prices Depends on Outcome of Harvest.

WINNIPEG, Sept. 5.—The general trend of the wheat market during the past week has been slightly lower, but not to the extent of a panic.

The weather over the American and Canadian Northwest has been very favorable for harvest work as the sun has been shining and the wind has been cool.

HE PRAYS TO SEE THE KING

Pathetic Devotion of a West Indian Black Bandsman.

LONDON, Sept. 5.—A touch of color that is usually wanting has been added to the streets of London during the last few days by the presence of the brilliant array of members of the band of the 1st West India regiment from Jamaica.

The loyalty of these West Indians is unquestioned, and the one great desire of all is that they may be permitted to see the king.

"I have already looked on the king's palace," one of the men announced, with joy, in excellent English. "Every day since I came here I have walked round and round the palace, and have stood looking at the windows for many hours."

The bandsman are quartered at Wellington barracks. Their uniforms—short scarlet jackets with yellow facings, over cream vests, dark, loose knickerbockers with yellow piping, and yellow gaiters—have attracted great attention as the men moved in twos and threes over the metropolis.

NOTED AUTHOR DEAD
Arron, R. I., Sept. 5.—Hezekiah Buttrick, author and historian, died at residence of his brother here today.

DIDN'T WANT TO BE SAVED

William Thompson of the Schooner D. W. B. Had a Narrow Escape.

Wm. Thompson, mate of schooner D. W. B., fell over the end of Gregory's wharf last night and refused to be saved.

Thompson is a native of Norway, and the schooner referred to is the property of D. J. Purdy, M.P.P. On Monday last, he arrived here on Bridgeport (Conn.) and berthed at Gregory's wharf at the foot of Simonds street yesterday.

The mate expecting to be paid off gathered his belongings together and went ashore. The remainder of the crew followed his example, and Captain Holder was left aboard his vessel alone.

About 10.30 last night a couple of strangers boarded the vessel and informed the captain that Thompson was at the end of the wharf and wanted to see him. The captain hurried ashore and found Thompson, who had been drinking.

Thompson fell backward over the wharf and down 30 feet into the water. A policeman was secured from the north end, and he and the captain hurried to the end of the wharf. They shouted, but received no answer. It was impossible to see Capt. Holder's boat as the vessel was well up the wharf and resting on mud. They secured one from the Frank Weir wharf, and rowing to Gregory's wharf found the mate standing up to his neck in water clinging to the corner post.

When an attempt was made to pull him aboard the boat he told them to let go of him, and it was only with considerable difficulty that he was secured and taken ashore.

NEW LEGISLATION

Important Changes at Atlantic City Convention—Installment System and Term Policy Assured Under New Rules.

The following article is clipped from an Elizabeth, N. J., paper with regard to the recent meeting of the Supreme Court of the Independent Order of Foresters, held at Atlantic City, N. J.

"While the legislation enacted by the Supreme Court was limited, it was quite important. The fact that the order had increased nearly four million dollars since the meeting of the Supreme Court in 1903, three years ago, and that they now amounted to over ten million dollars, settled at once all rumors as to an increase in rates.

"Making the changes made was the reduction of the age limit to 16 years in place of 18 years, as it has been for the past 40 years. The fact that the death rate of the order was 14 and 17 years is less than four a thousand.

"Another important change was the addition of two new forms of insurance, namely, the 'term' policy and the 'installment' policy. By the former a member can arrange to pay the face value of his policy over a period of 10 years, installments being made monthly. By the latter a member can carry insurance for a term of years, say 10 or 20 years, and then, if he dies, his estate receives the full face value of the policy.

"The rates for these two plans are considerably lower than the regular plan now in force. For instance, while a member of 10 years pays a monthly premium of \$1.14 for \$10,000 insurance, payable in one year, the term policy for the same amount of insurance would cost him only \$1.04, and for a term policy he will pay only \$1.04 for 10 years, or \$1.04 for 20 years, and 80 cents for 30 years.

"The members of the order are very pleased with the new policy, and it is expected that the order will be able to support a large number of members in the future.

General
Two hundred men employed as carters by the Sheidon Co. of Montreal, followed the example of the Dominion Transport Co.'s laborers and went on strike yesterday. Like the Dominion Co.'s men, they want \$1.75 instead of \$1.50 a day. The Dominion Co. has now almost a complete crew at work and the Sheidon Co. expects to be able to do without the strikers tomorrow.

THE RAILWAY COMMISSION
Ottawa, Sept. 5.—(Special)—Judge Kilham and Dr. Mills, of the board of railway commissioners, left noon today for the west. They will be absent for five weeks on an itinerary extending to the Pacific coast. Hon. Mr. Bennett will look after the work of the commission in Ottawa during the absence of his colleagues in the west.

"Man wants but little here below," as many remarked when contemplating a very large corn on his toe.

PEACE WAS SEALED BY FRIENDLY HANDSHAKE

After the Treaty of Portsmouth Was Signed, Witte Extended the Palm of Friendship to Komura—Felicitous Speeches Followed—Signing of Treaty Was Not At All Spectacular.

Portsmouth, N. H., Sept. 5.—The treaty of Portsmouth was signed a little before 4 o'clock this afternoon in the conference room of the navy general store at the navy yard. The signing of the treaty was not a spectacular event.

For forty-seven minutes those outside the conference room anxiously awaited the signal. Suddenly an orderly dashed to the entrance of the peace building and waved his hand to the gunner a few feet away and the opening shot of the salute rang out on the clear air of the old September afternoon.

Three o'clock was the hour set for the final session of the conference. An hour before that a heavy thunder shower was in progress but as Mr. Witte and Baron Rosen left the hotel for the navy yard the rain had stopped. When Baron Komura and Mr. Takahira entered their automobile twenty minutes later the sun suddenly shone out which called forth the remark from Baron Komura: "It is a good omen for peace."

The Russian plenipotentiaries reached the hall at 2.45 and received an ambassadorial salute of nineteen guns. The yard presented a lively scene as the automobile of Mr. Witte and Baron Rosen dashed up. To one side in special full dress were two companies of marine full dress. The Russian plenipotentiaries were met by Mr. Rosen, commander of the navy yard, and Mr. Takahira, minister of the navy.

PROVINCIAL GOVERNMENT

Met Last Night, but Delayed Appointment of Registrar or Factory Inspector.

Fredericton, N. B., Sept. 5.—(Special)—The local government in session here this evening did not make appointments to the St. John registration of probates or the Central Railway commissioners were received and the contract with Brown Bros. was approved.

The premier and Hon. Messrs. Farris and LaBrosse were appointed to arrange a reception to Prince Louis of Battenberg in case he comes to St. John with his fleet.

heart. He began by saying that he wished on behalf of Mr. Witte, Russia's first plenipotentiary, and in his own name to say a few words. "We have just signed," continued the ambassador, "an act which will have forever a place in the annals of history. It is not for us active participants in the conclusion of this treaty to pass judgment on its import and significance. As negotiators on behalf of the Empire of Russia, as well as of the Empire of Japan, we may with tranquil conscience say that we have done all that was in our power in order to bring about the peace for which the whole civilized world has been striving.

There was nothing stagey about this simple ceremony. It rang true and deeply impressed the audience and the invited witnesses had formed a large circle around the delegates sitting at the table. Baron Komura was the first to break the silence. Rising from his seat, the ambassador looking Baron Komura and Mr. Takahira straight in the eye, said a few words, which one had only to hear to know that they came straight from his heart.

TERRORIZED BY TARTARS

They Are Overrunning the Whole of the Southeast Caucasus.

St. Petersburg, Sept. 5.—A despatch from Tiflis received today says: "The whole of the southeast Caucasus is now terrorized by Tartars."

"Refugees are pouring in here from Baku, Elizabetopol and Shusha. Details from Shusha show that several engagements were fought between Tartars and Armenians behind regular positions and that a considerable part of the town was soon in flames."

"According to an official estimate over 200 houses were destroyed. Baku, Sept. 5.—Troops under the direction of the governor are acting with the utmost vigor but they have not succeeded in restoring order, although there is rather less firing."

Armed rioters today attacked the oil works in the suburb of Balikhian and after a hot fight set fire to them. Tartar bands are scouring the country, murdering and pillaging. The country is in a state of wild panic and country houses and farms are being abandoned."

The famine in many parts of the country renders the situation more terrible. Baron Rosen and the Japanese plenipotentiaries alone for a few moments. The four retired to the Russian office and there they remained for ten minutes. What transpired in that final conference of the plenipotentiaries the world may never know. The plenipotentiaries have refused to disclose it even to their secretaries."

While the conference was in progress, the secretaries were affixing the official seal to the treaty, there being four seals to each of the four copies. Upon their return to the conference, the plenipotentiaries then signed the protocol of their last meeting, which records the signing of the treaty, September 5, 1905, at 3.30, in the Portsmouth Navy Yard.

DISEASES.

Of the "Strenuous Life."

Lack of exercise is the modern cause of disease. Walking and horseback have given place to electric cars. No exercise means Constipation, Dyspepsia, inactive kidneys and maddish skin. When the bowels do not move regularly, the body suffers from poisoned blood. The natural tissue-waste is removed by the bowels, kidneys and skin. When the bowels do not move, their work has to be done by the other two because the waste products in the system must be gotten rid of. And the result? Backache, sallow or grey complexion, headaches, furred tongues and irritable tempers, all symptoms of blood poisoning. Well, can constipation be cured? Certainly it can be—by fruit, which is Nature's purgative. A well known physician in Ottawa has discovered a process whereby the juices of apples, oranges, prunes and figs are combined and made more active, as a medicine, by forcing into the unaided juices one more atom of bitter from the orange peel. This makes a new fruit, many times more active than ordinary fruit, which acts on the stomach, liver, bowels and skin. The laxative fruit extract is condensed into tablets and sold under the name of "Fruit-Liver Tablets" or "Fruit-Liver Tablets."

These tablets are only fruit with tonic added. "Fruit-Liver Tablets" are a natural cure for constipation, headaches, biliousness, kidney and liver diseases and all blood impurities by acting on the bowels, liver and kidneys just as fresh ripe fruits act. They will not gripe. All druggists have them for sale. 6 cents for \$5.00 or sent on receipt of price by Fruit-Liver Tablets, Ottawa.
