Studebaker

Established 1855

THINGS YOU FORGET

The Studebaker Series "18" car is an evolution and perfected piece of mechanism. That is why you can FORGET many little things about Studebaker that you have to REMEMBER and care for on other cars not so highly developed.

For instance: the cooling system of the Studebaker car will work in any climate, at any temperature, providing you keep water in the radiator.

The lubrication system of a Studebaker car will work unfaithfully in absolutely all conditions, if you will remember to put oil in the crank case occasionally.

The electric lights, and the electric starter will never fail you if a little distilled water is put in the battery from time to time.

You will not have to paint your body frequently to keep it looking nice, because Studebaker's finishing work is the sum of years of experience.

You won't have to renew the leather on your cushions, because experience has taught Studebaker how to select and buy the highest quality of leather.

You won't need to worry about making a grade with a Studebaker car, because the Studebaker motor has been perfected into the most powerful motor in the world in ratio to gasoline consumption.

You won't have to continually worry about lubrication, about oil and greasing parts of your car, because every part is equipped with ample capacity grease cups.

These are the things that make it a delight to own and run a Studebaker car, and cause you to say, "I never have any trouble with it."

LOCAL NEWS

FROM GUNNER STEPHENSON

A field card came to a friend this week from Gunner George A. Stephenson, now at the front. He reported himself well, under date of February 17. Gunner Stephenson was with the Canadian Consolidated Rubber Co., Ltd., here, before enlisting, and was popular in social and musical circles.

TALK OF PETITION

The dismissal of Sergeant Thos. Sullivan from the local police force is causing considerable comment in the North End and there is some talk of his friends getting up a petition to present to Commissioner McEwen. While acting in the capacity of night sergeant he won the confidence of the citizens and made many friends.

EGGS CHEAPER

Eggs are reported to be still on the decline. In the local market this morning they were selling for forty cents a dozen retail and indications were that they would go lower. On Tuesday they were reported to be forty-three cents a dozen wholesale. Merchants today said they were strictly fresh at forty cents.

NO OPPORTUNITY YET

In speaking to a Times' reporter this morning Chief Simpson said that he had made no appointment as yet to the vacancy caused by the dismissal of Thos. Sullivan night police sergeant of the North End division. The appointment, said the chief, would come in due course with the issuing of police orders. It is understood that several are in line for the position. There are expressions of regret on all sides on Sgt. Sullivan's case.

CONDORS WIN FOUR

In the Y. M. C. I. bowling league last evening in a rather one sided match the Condors took all four points from the Crows. The scores were as follows:

Condors	Crows
Cromwell .. 97 95	83 275 918
Gorman .. 94 91	82 274 918
Campbell .. 102 80	71 292 873
McShane .. 81 88	80 253 844
McKean .. 108 97	86 296 102
477 470	443 1390

Crows.

Power .. 84 87	84 255 83
Sweeney .. 72 103	82 255 83
Glynn .. 80 84	86 250 838

BOY SCOUTS DOING THEIR BIT

That the Boy Scouts of St. John are alive to the opportunities for service presented by the war is shown by the varied work which is being carried on by the members of the various troops. Under the direction of the district scout master, B. C. Waring, the boys are proving of great aid to the military authorities in performing various tasks. The scouts are now supplying members for regular service at the discharge depot and at military hospitals and, from time to time, have aided the various units by the distribution of advertising matter and in other ways. The members of the scout organization are pledged to do at least one good turn every day and the boys seem to welcome the opportunity to perform such service as they are called upon to look after by the military authorities. Of course their service is entirely voluntary. One of the latest calls is for boys to distribute posters for the forestry battalion's recruiting campaign and four teen boys will be on hand for this work on Saturday morning.

DON'T GET ALONG WELL

In the police court this morning a disagreement among tenants in a house in St. David street which, it is said, has been going on for more than two years was summarily and judiciously disposed of by Magistrate Ritchie when he fined the defendant in the case \$20 for an assault on the complainant and fined the complainant \$8 for causing annoyance to the defendant.

The nature of the case, according to the complainant, a woman, was that she was roughly used by the defendant, a man, who also kicked in the panel of a door in her part of the house. The man, on the other hand, said that the woman was the cause of continual annoyance to the whole household, which consisted of no fewer than seven tenants. He also said that the complainant was always "sneaking" and had attempted twice to shut a door leading to the cellar when his wife was in the cellar doing some work. The landlord was in court and informed that for future peace, he had better ask someone to make a change.

SAGAMORE, FROM BOSTON, SUNK

Warren Liner Had Cargo Valued at Million and Half—Was Armed

Boston, March 15.—Agents of the Warren Line announced today that they had received indirect word that the British steamer Sagamore, which sailed from Boston on February 21 for Liverpool had been sunk by a submarine. The Sagamore was in command of Captain P. Cummings and had a crew of fifty. There were no Americans aboard. She carried a general cargo and was armed with a 4.7 inch gun. Vessel and cargo were valued at \$1,500,000.

While declining to give the source of their information, Warren Line officials said they were satisfied that the vessel had been sunk. They explained that the delay in reporting her loss probably was due to the admiralty ruling under which the list of ships sunk by submarines is issued weekly.

The Sagamore, which registered 5,000 tons, was accommodations for twenty-five passengers but had been engaged exclusively as a freighter since the early days of war. She was built at Belfast in 1892.

FRONTIER CLOSED.

Amsterdam, Mar. 15.—As an illustration of the completeness of the closing of the Belgian frontier, the Telegraph says that Dutch, American and Spanish couriers now travel to Brussels, where they meet their colleagues from Belgium and exchange bugs. They are allowed to speak only German and in the presence of a German officer.

BANDMASTER LONG WARRANT OFFICER

Praise for Band of 104th Battalion and Honor for Leader

There has recently been received in the city word that Bandmaster Murray Long, who was responsible for bringing the band of the 104th battalion to such a high state of efficiency, has been made a warrant officer in England. The rank comes to Bandmaster Long in recognition of his services in the training of one of the finest bands that has left the shores of Canada.

Since the transferring of the 104th battalion to the 18th reserve regiment the band has not lost its identity. It is still composed of forty-three pieces. In a recent inspection by a brigadier general the former 104th regimental band was declared by him "to be the finest band in England." It has been in training under Bandmaster Long for a year and five months.

Many friends in St. John and elsewhere will hear with pleasure of Bandmaster Long's well deserved promotion.

NO PARCELS DIRECT FROM INDIVIDUALS TO WAR PRISONERS

Summary of Amended Regulations Regarding Forwarding of Supplies

The amended regulations regarding the forwarding of supplies for prisoners of war in Germany are given in a circular issued by the London, Eng., office of the Canadian Red Cross Society. Under the system now in force no parcels of food or clothing may be sent direct from individuals to the prisoners. The society sends parcels at regular intervals and, in addition, will send extra parcels to any individual if money is given to them for that purpose. Persons wishing to secure an additional supply of articles for any particular prisoner may contribute the money and the society will purchase and forward the goods. In St. John such contributions will be accepted at the Canadian Red Cross Depot, Chipman Hill, or by the secretary, Miss Alice Walker, 156 Princess street.

The Canadian Red Cross Society now sends every fortnight to each prisoner of war from the Canadian contingents nineteen shillings worth of provisions, twelve pounds of bread, 100 cigarettes and a half pound of tobacco. This is irrespective of any money the men may assign for their pay or that their relatives may contribute towards extra parcels.

Private people may no longer send parcels of food or clothing themselves, but the society will purchase and despatch food parcels for them, to any particular prisoner, with any money contributed. The society will do its best to carry out any wishes as to the contents of the parcels. The minimum amount of food a man can receive is about forty-four shillings (\$11) worth a fortnight.

No people are allowed to adopt prisoners, either wholly or partially, by subscribing towards their nineteen shillings of provisions fortnightly, to be forwarded extra parcels. These parcels are sent in the name of the subscriber and are acknowledged direct to them.

The Canadian Red Cross Society sends the authorized outfit of clothing to each prisoner as soon as possible after his address is known. These outfits consist of the following: Great coat, jacket, trousers, cap, boots, two shirts, two pair socks, one pair canvas shoes, two vests, two pair drawers, cardigan, pair gloves, kit bag, three handkerchiefs, two towels. The society is not allowed to accept any parcels of food or clothing to forward to Germany; neither may it purchase and despatch any extra clothing. The outfit sent, which is renewed every six months, should be sufficient.

The amount of tobacco which may be sent to one person has been limited to 800 cigarettes and a half pound of tobacco fortnightly.

Books and games are sent occasionally by the society. Books and playing cards may be sent by private people if they are ordered through an authorized firm. Books of an educational nature will be sent to prisoners free on application in writing with full details to A. T. Davis, Board of Education, Whitehall, London. The society supplies medicine or other medical comforts if required and an ample supply of soap is sent.

Parcels containing food or clothing or any articles on the prohibited list may be sent by private people addressed to a prisoner, care of the Canadian Red Cross Society.

FLYING CORPS COMING HERE

That St. John is to be the quarters for members of a flying corps unit from Upper Canada, was the information that was received in the city this morning. The unit is to be quartered in the Martello Hotel. No word was received as to the name of the unit. Military men are of the opinion that their stay in the city will be only temporary.

NO MUMPS OR MEASLES

Lieut.-Col. Cooper Kills Rumor Regarding "Buffs"

(Toronto Star)

The Star has received a letter from Lieut.-Colonel John A. Cooper, officer commanding the 188th Toronto Buffs, from St. John, N.B., stating there is no truth in the rumor of serious sickness in the battalion, which has caused the Buffs to be held up.

Colonel Cooper writes in part: "I hear there is a rumor in Toronto that we have measles and mumps, and for that reason are held up here. Would you mind stating that there is nothing in the report? Our men are well, and we have not had a single case of serious sickness. Our men are being entertained royally by the people here, and are having a grand time. We have a route march every morning, and as the streets are all up and down like ice quakes, we are all becoming expert hill climbers. We have been served with rifles, and are keeping up our training."

BURIED TODAY

The funeral of Charles Panjov took place this afternoon from Messrs. Chamberlain's undertaking rooms. Services were conducted by Rev. N. J. McLaughlin, and interment was made in Cedar Hill.
