**CAUL TAYLOR MISSING**

Paradise Row Man Not Heard From in Month

Last Seen in Mill Street in February—Anxious Wife Has Been Seeking News of Him in Vain

What has become of Caul Taylor of 88 Paradise Row? That is a question which his wife is trying anxiously to solve and which has been a source of worry to his friends. He has not been seen or heard of since February 17, and now that almost a month has passed without word of him, fears are expressed as to his being still alive. Mr. Taylor was quite well known about the city. He had worked for a time with Wm. Steiger, and later with Michael Harley, but at the time of his disappearance had not been working.

His wife has made diligent inquiries, but without succeeding in getting any information concerning him beyond that he was last seen in Mill street on February 17. She has been making search quietly, with the aid of the police. Her husband, she said today, when last seen was wearing a light hat, black overcoat, and dark clothes. He is about five feet three inches in height, weighs about 145 pounds, fairer dark complexion and with a black moustache. Mrs. Taylor would appreciate any information which might lead to his whereabouts.

**GRAMPAN ARRIVES SAFELY AT LIVERPOOL**

Steamer From St. John Had Lifeboats Ready For Launching in Case of Submarine Attack

A Liverpool despatch says: "The liners Cameronian and Grampian, from New York and St. John, N.B., respectively, arrived here safely today. Both passed through the Irish Sea, without being attacked by submarines, but their lifeboats were made ready for launching as soon as the liners reached British waters."

**FAIRVILLE SCHOOL CLOSED TODAY**

Tomorrow Also, To Guard Against Diphtheria—Petition to Mayor and Commissioners

Because of some cases of diphtheria among the scholars in the school the authorities deemed it necessary to close the building today and tomorrow so that all the rooms may be thoroughly fumigated. During the past few months, several of pupils have been sick with this disease, but hitherto only the particular room to which the scholar belonged was fumigated at the time. It is hoped by making a complete job to stamp out the trouble entirely.

The agitation was begun by the Lancaster board of trade for improvements in the water system, has resulted in a petition in the name of the Fairville Drug Co. and is being signed by ratepayers and property-holders. The petition, which is addressed to the mayor and commissioners, follows:

"We, the undersigned property holders and ratepayers of the parish of Lancaster humbly petition that the proposed improvements in the water service in this district be a matter to receive your immediate attention in order that work may commence on same as early as season permits and be completed in summer of 1915. The said improvements to be in the form of stand pipes to be situated so as to insure a proper force of water for the supply of residents between Spruce Lake and City Line without the necessity of pumping, and also that, in viewing this matter you bear in mind that we have been long suffering and patient, that we are and have been heavily taxed for very little benefit and in many cases no benefit, and that we are asking not for a luxury but for a very great necessity."

Miss Margaret Irvine who is employed in the government service in Fredericton, spent Sunday with her mother here.

The firemen this evening are to try their hand at another little celebration in their snug room over the engine house.

**POLICE COURT**

Preliminary hearing was commenced in the police court this morning in the case against William Larson, charged with stealing a photograph from Eskel Helin, a Swede, who is sail-maker on board the bark Bellville, at Long wharf. The plaintiff testified that on Friday, the 11th, he missed the photograph, and later found it in Gilbert's second-hand store. He said he got the instrument from his uncle in Stockholm.

William Vangerson, a Russian Finn, carpenter on board the bark, testified that he saw the defendant on the ship about seven o'clock Thursday night.

Joseph Gilbert, who is employed with his father in the second hand store in Mill street, said that the defendant sold him the machine for \$2. He gave his name as W. Johansson, and said he resided in Main street. The case was then postponed until tomorrow morning.

In the police court this morning two men arrested on drunkenness charges were remanded.

James F. Boyle was fined \$5 or two months in jail for using profane language.

**ST. PATRICK'S DAY TEA**

The Valcartier Chapter of the Daughters of the Empire is to hold on March 17 a St. Patrick's Day tea at the Brown Betty Tea Rooms, the proceeds for patriotic purposes. Tickets have been sold by the members, but anyone failing to secure tickets can buy them at the door. The tea will run through the evening from eight to eleven, and there will be ices and ginger ale in addition to the tea. Gentlemen desiring to smoke can secure cigarettes. There will be music from nine to eleven. Anyone desiring to send donations of candy, preserves, etc. can do so by sending them to the Brown Betty Tea Room on Wednesday evening, where they will be received and greatly appreciated by the committee.

**CHILD IN HOSPITAL**

Little Daisy Brown, daughter of Mrs. E. Brown, 35 King Street, was operated on for appendicitis at the public hospital Thursday night. She is progressing favorably.

**CHANDLER WILL INVESTIGATE**

E. S. Carter Receives Letter From Commissioner Saying he Will Hear Evidence on Berry's \$2,900 Transaction—Berry Needed as a Witness

E. S. Carter, Liberal organizer, received a letter this morning from Wm. B. Chandler, K.C., in which Mr. Chandler says:

"Although I am still somewhat doubtful as to the matters mentioned in your letter to me of the 13th instant, being within the scope of my powers as commissioner, I have concluded to hear the matter. I shall be obliged if you will give me a brief statement of the facts to which you propose to give testimony."

Mr. Chandler adds he will be able to take the matter up on next Thursday morning in Fredericton.

Mr. Chandler's letter is dated March 8, at Moncton, and was mailed there on Saturday afternoon, and Mr. Carter received it this morning.

The matter Mr. Chandler refers to is that of the payment of \$2,900 by the Dalhousie Lumber Company to W. H. Berry, which money did not reach the treasury of the province, but is alleged to have been used to settle some sort of obligation of the province to the Miramichi Lumber Company.

After Mr. Carter wrote on March 12 asking Commissioner Chandler to investigate this matter, the commissioner replied that it did not come within the scope of his commission. Subsequently, on the train, he told Mr. Carter he would communicate with him further. Mr. Carter did not know until this morning that Commissioner Chandler had decided to investigate this transaction.

It is now assumed that Commissioner Chandler will make arrangements to summon to Fredericton and hear, under oath, all witnesses whose presence may be necessary in order to ascertain the exact nature of this Berry transaction. Berry will be one of the witnesses required.

**CARLETON WORK AND THE COMMISSION**

Mr. Wigmore Gives Figures in Refutation of Statements

With a few facts and figures Commissioner Wigmore on Saturday answered an argument put forward by a correspondent in a local paper to the effect that West St. John was not getting its fair share of attention under the commission of government.

Commissioner Wigmore said that during the last three years, out of an expenditure of \$80,000 for water mains and extensions for the whole city nearly \$20,000, or twenty-five per cent was spent in Brooks and Guys wards in spite of the fact that the receipts from the water assessment for those wards was only about \$10,000 or seven per cent of the total.

"In considering these figures," Mr. Wigmore said, "it should be remembered that only about one-tenth of the population and about one twentieth of the assessed valuation are found in these two wards."

The work carried on in the West Side has included extensions of the service and also the renewal of more than 2,000 feet of mains, the latter doing away with every foot of sheet iron pipe which had been a menace to this section of the city for years. The sheet iron pipe, which is not supposed to last more than twenty-five years, had been allowed to rust for almost sixty years under the old common council.

In addition to this, during the last year alone, more than twenty-five new fire hydrants were placed in this section at a cost of \$5,800 while in the whole city only \$6,800 was spent for this purpose.

A comparison of the last three years with the previous period, under aldermanic rule, would show that during the old regime not a cent was spent for the renewal of any of the mains or hydrants, and that the new work undertaken was so insignificant as to be almost unnoticeable.

The entire twelve inch cement lined main from the city line to Spruce Lake, the commissioner said, will have to be replaced at the earliest possible opportunity and he hopes to be able to complete this work within his term of office.

In addition to the work carried on in Guys and Brooks ward a large amount has been spent for new work in the parishes of Beaconsfield and Lancaster, which are outside the city line, and the development which has followed in this district has been of great importance to the merchants and other citizens of Carleton.

"During my term of office the existing works in West St. St. John," he said, "have been looked after fully as well as in any other section of the city and I am sure that an inspection of our books, which are open to any one who wishes to see them, will satisfy any unbiased person that the affairs of the West Side are being well looked after."

**THE FUNDS**

C. B. Allan has received for the Canadian Patriotic Fund the following contributions—People of Havelock, \$3.05; Benjamin Mirey, mainly for March, \$1; H. W. Wetmore, \$5. Belgian Fund.

Contributions for the Belgian relief fund have been received by Mayor Frank as follows—A. B. Es. \$9; People of Beaubien, Charlotte county, per James McMillan, \$48; Miss E. Wetmore, Millig, Westmount county, \$1; "Rim Hill" Ormrook, \$10.70; Benjamin Mirey, \$1.

**TEA AND SALE AT BUNGALOW**

A tea and sale will be held tomorrow afternoon at the Bungalow by the ladies of the Monday Club, the proceeds to be devoted to the Associated Charities. There will be afternoon tea, a fancy dress table and a candy table. All the receipts will be applied to the wants of the poor through the Associated Charities.

**DIED AT 105 YEARS**

Mrs. Duquette, widow of John Duquette, of Lower Weymouth, N. S., died last week, aged 105 years. She had kept her faculties fairly well up to within a short time ago.

**Macaulay Bros. & Co., King Street, St. John, N.B.**

Our Stores Open 8.30 a.m.; Close 6 p.m. Each Evening During January, February, March.

**Spring Millinery Opening**

An event every woman of taste gathers, to revel in, admire, and select from, Tomorrow, Tuesday and balance of week.

During this showing of the Fashionable Spring Hats will be found here the most charming and stylish models from Paris, London, New York and Canada. The shapes depicted are mostly small, although many in dressy styles are in the large flat sailor effects. Other popular shapes are the "Tipperary," Trecon and Small Sailor, in the composition of which the following materials are very prominent, viz.: Ottoman or Gorgiette Silks, Crepe Meteor, Crepe de Chine and Porcupine Braids in all the new shades; also many have transparent brims.

These seem to be generally a flower and ribbon season, as far as trimmings are concerned, chief among these embellishments being small bunches of flowers and fruits. The trimmings are mostly low set, but a few feather novelties are shown in military effects.

But to fully appreciate the true beauty and becomingness of these models, you require to visit this exhibit and examine them yourself.
