A. T. WELDON IS QUESTIONED BY COL. RALSTON

Continued from Page 1

be taken up. Hon. Mr. McKeown said it was not possible to say just when this would be held, but there would be no undue delay.

C. P. R. STATEMENT.

Mr. Flintoft said he would like to address a few general remarks to the board, which he had not had an opportunity to do at the Moncton meeting. So far as the C. P. R. was concerned they were sympathetic toward the Maritime Provinces. They had established in Saint John their Atlantic winter terminus, and it was to their interest to develop trade through this port to as large an extent as possible. He said that Canada had the largest railway mileage per capita in the world and also the lowest net ton mile earning the world. Taking the field as a whole, Canada was getting its railway service at less than cost. The government system was operating at a deficit, and the C. P. R. net return was less than the value of money today, last year it being about 4½ per cent.

SAYS RATES LOW.

The present rates to the Atlantic seaboard, he said, were abnormally low, and if any further reductions were made there must be additions somewhere to take up the slack. He asserted that, due to competitive conditions, the New Brunswick rates as a whole were low and this province practically had a blanket rates. The rates in Central Canada, he said, were competitive with Americans roads and water carriage and fixed by these conditions.

LANCASTER APPLICATION

The application of the Board of Management of the Parish of Lancaster for free wagon delivery into the Parish of Lancaster by the Dominion and Canadian National Express companies was next taken up. Hon. J. B. M. Baxter, K. C., J. King Kelley, K. C., and G. Earle Logan, appeared for the Lancaster Board of Management, and C. N. Hamm, secretary of the Express Traffic Association, for the Express Companies.

A map showing the area in which the delivery system was sought was placed before the Board. Mr. Hamm contended that under the order of the board the companies could not deliver outside the city limits.

It was suggested by Dr. Baxter that a special charge be made for the service but Mr. Hamm said they could not make a charge which would be profitable to the companies. He asserted this delivery was sought for the benefit of T. Eaton Co., Moncton, who were in competition with the local merchants.

The Board took the application under consideration.

TIMES-STAR CASE

Dr. F. R. Taylor, K. C., asked that the application of the New Brunswick Publishing Co. for an order from the board to prevent discrimination in the matter of the sale of papers on the Moncton depot platform be taken up at the present hearing.

Hon. Mr. McKeown said his only objection to taking the matter up now was that it was in the civil court.

Dr. Taylor said the only matter to be decided by the civil court was whether permission had been granted for the sale.

After conferring with his colleagues the chief commissioner said the board were of the opinion that they could not not hear the application until after judgment had been given in the civil court.

Dr. F. R. Taylor withdrew the application of W. C. Allison and others for an order to the C. N. R. to provide cattle loading facilities at Rothesay.

Adjournment was then made until 2.30.

IS SET FOR 23RD.

F. R. Taylor, K. C., appeared before the board of railway commissioners this afternoon and asked for a ruling in regard to the sale of the Saint John Times-Star on the platform of the railway station at Moncton. I. C. Rand, K. C., appeared for the Canadian National Railway and asserted the board had no jurisdiction. The matter was set for hearing at the court house here on April 23.

CAPITAL ASSESSMENT BILL TO BE OPPOSED

FREDERICTON, April 12—The consideration of the Fredericton assessment bill before the Municipalities Committee Tuesday morning will produce large delegations for and against. Numerous amendments made shortly before the bill was adopted by the City Council removed a number of features to which objection had been taken. The assessing of stocks in trade on a three-quarters valuation is still expected to cause opposition on the part of the merchants.

POTATO PRICES AT CAPITAL STILL FIRM

Special to The Times-Star

FREDERICTON, April 12.— The local market for potatoes continues firm, $8 being paid today by shippers in Fredericton. At Cardigan and other stations on Saturday $8.50 was paid. There is no indication of the market weakening.

NEAR ZERO AT CAPITAL.

FREDERICTON, April 12—The thermometer dropped last night to near zero, the night being the coldest in some weeks. Winter conditions exist generally with spring set back still farther.

While the boll weevil has held cotton production in the United States almost at a level of ten years, Peru has nearly doubled its cotton crop.

N. S. Teacher Is Badly Injured; Fell Off Train

Canadian Press

WINDSOR, N. S., April 12.—Injuries, which it is feared may prove fatal, were sustained by Miss Mildred Jackson, of Berwick, Kings county, 19-year-old school teacher at Cambridge, as the result of an accident which occurred at the later place early this mroning. Miss Jackson was , in some manner unknown, caught between the Halifax-bound fast freight of the Dominion Atlantic Railway and the Cambridge station platfrom.

MT. ALLISON HEAD ADDRESSES MEETING

At the weekly meeting of the Ministerial Association of the United church was held this morning in Centenary church with Rev. W. MacKay Matthews in the chair and Rev. E. E. Styles secretary. Dr. George Trueman, president of Mount Allison University addressed the meeting on the work of the university. He spoke in the highest terms of the value of the work done there and the quality of the men sent out from the institution. Speaking of the necessary adjustment of educational work in the United church, he advocated sending all theological students to Pine Hill, Halifax, but doing all arts work at Mount Allison.

Others present were Rev. Hugh Miller, Silver Falls, Rev. Hugh Miller, St. David's church, Rev. A. D. McLeod, Rev. W. J. Bevis and Rev. George Orman.

ALL WORKED WELL

Big Molasses Cargo Removed From Vessel By Pipe Line

The tank steamer City of Freeport, which arrived here on Saturday from Haiti with a large consignment of molasses, discharged 600,000 gallons into the two tanks of the Crosby Molasses Co., Ltd., in Water street. This filled the tanks to their capacitl. The work was rapidly carried out and it took only 18 hours' actual pumping time to transfer the large consignment from the vessel's tanks. Permanent lines run from the tanks to the cap of the wharf and all that was necessary was to connect a pipe from the side of the ship to this tank line and start the vessel's pumps. The City of Freeport sailed this afternoon for Norfolk, where she will discharge the balance of her cargo.

SPEAKS ON TAXATION

Dr. George J. Trueman, president of Mount Allison University, was the speaker at the Rotary Club meeting today. Mr. Trueman gave an interesting address on various phases of taxation, and suggested that one of the present day needs of the province was the appointment of a commission that would work on the revaluation and equalization of property taxes in the province of New Brunswick.

BALFOUR ARRIVES; WAS IN HEAVY BLOW

Freighter Suffered Damage and Put Into Fayal For Temporary Repairs

The C. P. S. freighter Balfour, which arrived here yesterday, encountered heavy weather soon after she left Antwerp on March 5, and suffered damage. She put into Fayal in the Azores to complete temporary repairs. It is expected that complete repairs will be made in the drydock here.

The Balfour, which is in command of Captain Rothwell, was swept by big waves that broke over the bridge and upper works. One made a deep dent in the vessel's funnel while others smashed three life boats, carried away portions of the rail an ddid some damage to the bridge. The steamer was delayed 10 days at Fayal on temporary repairs. No one was injured.

DEATHS IN TEXAS BLAST MOUNT TO 25

Explosion and Burning of Oil Tanker Takes Terrible Toll Yesterday

Canadian Press

PORT ARTHUR, Texas, April 12—The blackened hulk of the oil tanker Gulf of Venezuela today rode quietly on the waters of Port Arthur Bay, where early yesterday a gasoline explosion aboard her tore out her vitals and killed 25 men, climaxing a week of oil disasters in the southwest. The vessel was owned by the Gulf Refining Company.

The buckled plates, scorched sides and twisted superstructure of the tanker tells a mut story of how the metal of the ship was heated to a glaring whiteness in two furious hours, wuring which the 25 men were incinerated.

TRAFFIC CASES IN POLICE COURT

Several traffic violation cases were heard before Magistrate Henderson in the police court here this morning. Walter Miller pleaded guilty to making a wrong turn with a horse and team at the corner of Union and Rodney streets on Saturday morning. He was fined $10. Sergeant O'Neill made the report.

Harold Nase was charged with parking his car from 1.30 to 6.30 a.m. on Saturday morning in King street, west, and without having lights on. He also was charged with operating a truck with a passenger car license. He said that there was so much ice in the entry to his yard he could not drive the car in. In regard to the other charge, he said that he had recently purchased the car second hand and thought it carried the correct license. He was excused on the first charge and told to see George L. Ingram, provincial inspector of taxation, in regard to the latter.

Arthur Trifts, taxi driver, pleaded guilty to allowing his automobile to stand in front of a residence in Coburg street, when there were no passengers or chauffeur in the car. He was fined $10.

BRIDES ON STEAMER

HALIFAX, N. S., April 12.—The White Star liner Pennland, which arrived last night from Antwerp via Boulogne and Southampton, this morning landed 42 cabin and 977 third class passengers before proceeding to New York. Among the latter were 647 farm laborers for the Canadian National Railways, Winnipeg and 13 families numbering 68 persons, under the Land Settlement scheme. The liner also brought a number of brides who are to be married in Canada.

WAS IN SAD PLIGHT.

At Fairville crossing this morning two men in a cart were aroused by the shouting of a spectator, calling attention to the plight of a calf they were transportin. In some manner, the calf, which had been placed in the rear of the cart, had leaped over the side, probably in an attempt to reach some field on the way. Its foot got caught, and there it hung, suspended by one leg, its nose almost touching the road. How long it was in that unnatural position is not known, but when the attention of the drivers was called it was quickly placed back in the cart.

SCHOONER, HIT BY STORM, COMES BACK

Lincoln Springs a Leak and Takes Shelter in Beaver Harbor

The schooner Lincoln, which sailed from this port on Saturday afternoon for New York with a full cargo of laths, was damaged by the storm which swept the coast yesterday and was forced to put into Beaver Harbor for shelter. Captain Kelson, who is in charge of the Lincoln, telephoned R. C. Elkin, Ltd., local agents for the vessel, this morning that his schooner had been damaged and was leaking. He requested that a tug be sent down to tow him back to the city.

F. P. Elkin said this afternoon that he had dispatched the tug Ocean Osprey to tow the Lincoln back to Saint John. Mr. Elkin said that he did not think the vessel was damaged other than having sprung a leak.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

ELECTION RETURNS; SINGLE MATINEES

Imperial Theatre Makes Two Important Announcements to Patrons Today

There will be civic elections returns at the Imperial tonight as the program progresses. The big feature will open the show—following a preliminary or "seating" reel of Pathe News, and the Rossley Kiddies appear at the close, which will be in the vicinity of 8.15. Two shows of pictures at night but during the remainder of the week (as today) only one showing of the pictures at the matinee, starting 2.30. The great length of the program—films and Kiddies—makes two shows impossible. Remember matinees start 2.30, ending 5.

DID NOT MEET

Because of the city elections the Monday morning meeting of the commissioners at City Hall was not held today.

ICE REPORTS

The signal service at the customs house, Saint John, has received hte following report of ice conditions from the ice patrol at Cape Race, April 10: Ice patrol, 44.10 north, 47.50 west, near three small bergs, drifting north-eastward. Field ice from 45.30 north 48.20 west, to 46.32 north 47.36 west. Ships may expect to meet growlers and occasional bergs in this locality.

KIPAWO OUT IN THE BAY TOMORROW

The new steel ferry Kipawo will take a short run outside Partridge Island tomorrow afternoon if weather conditions are favorable so that the vessel's compasses may be adjusted. It is then planned to hold the official trial trip of the ferry on Wednesday. It was originally planned to make the run to Parrsboro, one of the vessel's regular ports of call when placed in operation, but owing to ice conditions the Kipawo will probably return here after her trial run.

CANADA STEAMSHIP LINES

It is understood that several plans have been and are under advisement regarding what disposition can be made of the arrears problem to the satisfaction of all concerned. The preferred stockholders undoubtedly have a claim, but on the basis of the company's past earning record, they could hardly expect a one hundred per cent. adjustment, keeping in mind the best interests of the enterprise. It is likely that a plan will be submitted to shareholders at the forthcoming annual meeting, and that such plan, if accepted, will be ratified within 30 to 60 days following the annual meeting.
