## Fables On Health

**YES, YOU HARBOR T. B. GERMS**

PRACTICALLY every adult person living in a large city is infected with tuberculosis.

This does not necessarily mean that the person has the disease, or that the person is in immediate danger.

For as long as the body resistance is kept up to neutral the tubercular germs can do no harm. If the resistance is weakened to any great extent, however, the germs become active, and the disease gets a hold.

Thousands of human bodies treat tubercular germs very much like they treat any foreign substance that enters the body. They build a wall of cells around the germ so it may do no harm.

Thus the germs lie almost dormant in the body for sometimes as long as 25 years before they get a chance, because of weakness of the body, to break through and cause serious trouble.

It is almost impossible not to become infected with tuberculosis. But to prevent serious results, one should keep the body fit at all times.

## Adventures of the Twins

By OLIVE ROBERTS BARTON. THORNS, SPARKS AND WIND.

"What do you want?" asked Twelve Toes, the Sorcerer, as Nancy and Nick appeared at his front door.

"We came to get the rainbow-colored balloon for the Sour-Old-Woman-Who-Lives-Under-the-Waterfall," said Nick. "Humph! I don't care if you came to get it for the Dear-Old-Man-Who-Lives-Lives-on-the-Moon," said Twelve Toes. "You can't have it."

"That's too bad," said Nancy, "for we have got to get it some way."

Twelve Toes looked suspicious. "How can you?" he asked. "Have you any magic along?"

"Just our shoes," said Nick bravely. "Oh, ho!" said Twelve Toes. "No, but we run with them," said Nick, who had spied the many-colored balloons floating in a dark corner near the ceiling. Seizing the balloon by its string, he was off with one bound, Nancy close at his heels.

Twelve Toes was so surprised that he almost forgot to gnash his teeth as he always did when he was disappointed or surprised—or cross.

The Twins were over the Wobbly Mountain before Twelve Toes quite realized what had happened.

Then he was too far behind to follow, so he waved his magic wand and muttered:

"Eler-brier! Humber lock. Thorns grow thick, their way to block."

Instantly a thicket of thorns appeared before the Twins, directly in their path.

Remembering what the Sour-Old-Woman had said about thorns, Nancy pulled Nick by the coat-tail.

"You'll have to stop," she said. "You will spoil the balloon if you go on."

Suddenly a voice said, "Feel us! Just feel us!" The Twins looked around but saw no one. Then Nick remembered that the thicket had not been there when they had come that way before. "It must be magic," he thought. "And being magic it is the thicket talking."

## Club Bag Is Gift At Cullum Lodge Meeting

A pleasing presentation was made last night at the regular meeting of Cullum Lodge, No. 88, I. O. B. A., in the hall, Simonds street, when Worthy Mistress Slater Jewett was presented a brown leather club bag before leaving for a few weeks' holidays to her home in Newfoundland. The presentation was made on behalf of the members by Brother Perkins and the recipient, although taken by surprise, accepted the gift with a brief reply of thanks.

## CHECKS AUTOS AT PARKING STATION

New Service Is Established at King Square For Car Owners.

Something new in the way of automobile service for Saint John has been started on the side of King square next the Admiral Beatty Hotel and the Imperial Theatre by a local man, James King.

He acts as an unofficial automobile checker, affixing his own tags to the radiator caps of automobiles left in his charge by people desirous of leaving them in his care. He gives a duplicate check to the automobile owner and watches all the cars until their drivers return to their posts and show him his tag.

### Services Free.

While he has no official power, it is said by motorists that his presence and his watching are of great help. In case of an attempted theft he could notify the police or could raise enough of an outcry to at least frighten away the would-be thief. Automobile owners using that side of the square as a parking place are using his services more and more.

He makes absolutely no charge for the service but is generally rewarded with a small sum by the owner of the watched car.

He started his work at the time the new hotel opened and worked in conjunction with the policeman in charge of parking there. Yesterday he was outfitted with a uniform by the Imperial Theatre and now presents a snappy figure.

## Presentation As She Leaves For Rome

The girls of St. Rose's and minton Club held an enjoyable picnic at the summer home of Joseph L. O'Brien, South Bay, in honor of his daughter Miss Margaret O'Brien, who left for Rome on Sunday evening. Miss O'Brien was presented a beautiful umbrella and other gifts. The following girls were present: Miss Kathleen Donahue, Marie Sexton, Helen Hennessey, Charlotte Hayes, Winifred Lee, Blanche Hanlon, Emma Love, Katherine Murphy, Margaret Hayes, Elspet McKinnon, Geraldine O'Brien, Mary Joyce and Margaret O'Brien. Dancing and other games were enjoyed. Mrs. John McKinnon and Mrs. Hugh Cullinan were the chaperones.

## GIRLS BORN 1908 TO 1912

May Need Medicinal Treatment

How Two Mothers Helped Their Daughters By Giving Them Lydia E. Pinkham's Vegetable Compound

Every mother possesses information of vital importance to her young daughter, and the responsibility for the girl's future largely in her hands. When a schoolgirl's thoughts become sluggish, when she suffers the consequences of wet feet, pain, headaches, fainting spells, loss of sleep and appetite, and is irregular—her mother should have a care for her health and give her Lydia E. Pinkham's Vegetable Compound which has proved a reliable aid to Nature for just such conditions in many cases.

**For Joy of Good Health**

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it—so I got some. Every month after taking it I grew stronger and I soon did not suffer every month. It stopped the pains and helped me other ways. Then when my babies were coming I was tired and worn out the first three months and sobbed badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter and I hope some one will be helped by it."
