H. C. ROBERTSON TO TAKE CASE TO COUNTY COURT

More Developments in Matter of \$50 Fine on a Speeding Charge.

Harold C. Robertson, grocer, fined \$50 and costs in Magistrate Allingham's court on charge of speeding in Rothersey avenue on last Sunday evening is carrying the case into the County Court on appeal. The report to the magistrate was made by Provincial Constable Robert Crawford. Repudiation of his plea of guilty will be advanced through his solicitor, G. H. V. Belyea.

Mr. Robertson's case is that he pleaded guilty to speeding at a place where he was not speeding and that he can produce witnesses to support the statement. The defence contends there was no evidence that Mr. Robertson was speeding and that the plea of guilty was a matter of misleading advice from a provincial constable. It is further asserted by him that statements published to the effect that he was reported for speeding in the county and that he narrowly missed four old people near Fern Hill have no one to substantiate them.

Mr. Robertson has applied to Magistrate Allingham for a copy of the proceedings and expects to have the whole matter reviewed before Mr. Justice Barry.

INCREASE MORE THAN HALF A MILLION DOLLARS

Lumber and Products From Here to U. S. in Two Months \$1,587,961.

Total for corresponding quarter of 1923 ... \$3,031,668.58

RECORD YEAR FOR U. S. AUTOMOBILE TRAVEL IN N. B.

Bangor Chamber of Commerce Bulletin Tells About Us.

The province of New Brunswick is receiving some publicity through the bulletins of the Bangor Chamber of Commerce. Several articles, supplied by the local Board of Trade and Automobile Association, have been published this summer. The latest bulletin says that "Never before have there been so many U. S. motor cars rolling through New Brunswick as this summer. From near and far they have been coming, some as far distant as California, others from Ohio, Alabama, Indiana, Kentucky, Rhode Island, New York, New Jersey, Massachusetts, Connecticut, New Hampshire and other States. It certainly has been a lively period for the local hotels." This travel is attributed very largely to the improved roads.

MISS BUNNELL GETS HOSPITAL APPOINTMENT

Miss Elizabeth S. Bunnell was appointed chief dietitian at a special meeting of the Commissioners of the General Public Hospital field last evening with the chairman M. E. Ager presiding. Miss Bunnell is a resident of Sussex, and is a graduate of the Normal College at Fredericton and also a graduate in Household Science at Mount Allison University. For the last four years she has been instructress in Household Science at the Rothersey Consolidated School, and during the last three months was a student dietitian at the hospital. Miss Bunnell, who left recently to be married, assumes full charge of this department today. The matter of bye laws also came up for discussion at the meeting last evening, but nothing definite was accomplished.

WORKING ON REPORTS RE BREAKWATER

Alexander Gray, Dominion engineer in charge of St. John harbor, said this morning that there were no new developments in connection with the extension of the Negro Point breakwater. He intimated that there would be none for a month or six weeks at least. A great many reports had been made on this work and the department had given him the various reports to assimilate and call this was a laborious matter. He is preparing his report which will be forwarded to Ottawa when completed.

SHOWER FOR MISS JOSSELYN

Miss Maude Josselyn of East St. John was the guest of honor at a shower held last evening at the home of Miss Florence Gillen, 23 Victoria St. There were about twenty present. The bride and Norman Armstrong as flower girl, presented to the guest of honor many beautiful and useful gifts. Games and music were enjoyed and refreshments served.

REPORT SHOE MEN IF EARLY CLOSING NOT OBSERVED

Orders to Police—As to Merchant Who Makes Shoes Only a Line.

As Hiram Sees It

"I see," said Mr. Hiram Hornbeam to The Times reporter, "some feller has been complainin' about boys playin' ball in the streets. I was just wonderin' how much work he's done to help along them there Improvement Leagues or that there Playground Association. I'll bet a big appin' is ferger—'an' about 'em. Now I mind when the boys in the south end of the ball in the streets an' hed fellers posted at the corner to watch for the police. They broke a winder now an' agin—an' was growin' up with no ideas about the police but to dodge 'em an' go on bustin' holes in the law an' the winder. Well, sir, you mind how some men got together, rememberin' how they was boys one time, an' they went to the school board an' got the use of that there King Edward school for some meetin', and they formed up the South End Improvement League—the other night, a playground, a skatin' rink an' a boys club—all grown out o' that fust school house meetin'—by some men that was thinkin' about the boys instead o' the laws an' the winder. That states the difference in the world. I seen more'n two thousand people at a ball game on that south end house meetin'—an' take hot an' boost the playgrounds, an' the Boy Scouts an' things like that—yes, sir."

LOCAL NEWS

NO OLYMPICS TONIGHT
Captain Bowie, who is in charge of the Olympic trials now being held at Rothersey, announced this morning that this evening's events would be postponed on account of the weather and the stress of the grounds.

DREDGING WORK
The dredge Leonard has been working since July 18 on the channel to Courtenay Bay. The dredging was started at the outer end of the channel and good progress is being made.

FEAST OF SAINT ANNE
Today the feast of Saint Anne is being celebrated in Catholic churches throughout the city. St. Peter's church this morning solemn High Mass was celebrated by Rev. Denis C.S.S.R., who was assisted by Rev. H. McGuire, C.S.S.R. as deacon and Rev. George Coffin, C.S.S.R. as sub-deacon.

DR. BRODERICK WILL ATTEND
Dr. W. P. Broderick, of this city, past state deputy, and B. A. Bourgeois, of Moncton, state deputy, will represent this jurisdiction at the annual supreme convention of the Knights of Pythias, which will be held in Montreal on August 7, 8 and 9. It is expected that at least 15,000 will attend the convention.

TENNIS AT ROTHERSEY
It was decided by the tournament committee of the Rothersey Tennis Club to allow one more day for entries to the singles tournament scheduled to commence tonight. Up to last night the names of about fifteen ladies and thirty men were received. The Fredericton Tennis Club tournament team will play Rothersey a return match at Rothersey on Saturday. In a recent match at Fredericton the Rothersey club was victorious.

TEVIOT ON THE WAY
The Teviot, the Royal Mail Steam Packet vessel which is to replace the Carquet on the St. John, Halifax and West Indies run, sailed from Barry, England, on July 23 for St. John direct. She will arrive here about August 8 or 9 and will probably be a day or two late in sailing for Halifax. She is expected, however, to get away from Halifax promptly on August 17, the sailing date of the Carquet.

RENFORTH ENJOYS PICTURES
A greatly enjoyed moving picture show was held last evening in the Renforth club house under the auspices of the Renforth Athletic and Outing Association. C. F. Wetmore, chairman of the boys' tournament committee, was in charge. E. A. Job looked after the tickets. An amateur orchestra, composed of Mrs. F. Cross, W. C. Clark, H. S. Morton and Guy Smith, played during the performance. The films were run off on a machine owned by the local M. C. club.

REMEMBER WHEN—

Common Council resolved for the adoption of Atlantic Standard time, on Monday March 31, 1902. Clocks went ahead twenty-four minutes.

Steamer Lake Superior was wrecked on Mussel Bar in harbor on Sunday March 30, 1902. Was sold at auction on April 19, 1902 to Connor Brothers Boston for \$26,600.

Boer attacks couldn't beat back sturdy Canadians in desperate fight on March 31, 1902.

Mortgage for \$1,700 on Exmouth Street Methodist church was burned on Monday 14, 1902. John Frederickson, aged ninety years, applied the match.

Application of J. Fraser Gregory and others on April 9, 1902 to Common Council for a lease of the three islands in the falls above suspension bridge to develop electric and other power by harnessing the falls.

C. P. R. changed names of number of stations between St. John and Fredericton, Monday April 10, 1902. Old Millcote Indian names were used.

Dr. Walter W. White, was elected Mayor of St. John over Enoch B. Colwell, by majority of 1,911, on April 15, 1902.

REPORT SHOE MEN IF EARLY CLOSING NOT OBSERVED

Orders to Police—As to Merchant Who Makes Shoes Only a Line.

That under the recent by-law for the early closing of shoe stores all shoe stores which were offered for sale must close and that he had given orders to the police to warn dealers to that effect and report offenders, was the statement made at a committee meeting of the City Council this morning by Commissioner Thornton. Mayor Fisher said that he had been advised by the city solicitor that in making up the list of dealers all who sold shoes must be included and that he had not yet had time to check the lists to see if the required 75 per cent had signed the early closing petition. Commissioner Thornton said the law as printed required all stores dealing in shoes to close and he intended to see that the law was carried out, and that the police reported all who violated it. Mayor Fisher contended the law required the closing only of the section in which boots and shoes were sold, and said he had been so informed by the city solicitor. Commissioner Bullock expressed the hope that the Commissioner of Safety would not have the law too strictly enforced until a ruling had been obtained from the city solicitor. Commissioner Thornton said he would take the matter up with the solicitor.

They Talk Not Of Ships But of Perils of Road

Some gentlemen of sea-faring aspect were standing on the end of Thorne's wharf this morning, indulging in general conversation. Were they talking about ships and charters and the perils of the sea? Not at all. They were discussing the dangers of motoring on any road out of St. John. They told of thrilling encounters with speedsters and road-hogs at curves and on a straight course. It was clear to one listener who gets his exercise with a baby carriage on a secluded sidewalk, and a reporter who just "snoops" around, that for a life of adventure one does not need to seek distant fields, but only to get an old "boat" of some sort propelled by gasoline and hunt the Rothersey and Westfield roads. Some of the conversation had a marine flavor, as when one man told of "one big done" by a party who had done damage done to the public well who came over his guard with a boarding party before the crew could draw their cutlasses. It would be highly improper to print all he said.

Pythians Prepare For Decoration Day

Active preparations for the observance of Decoration Day by the Knights of Pythias of this city were begun at a meeting of the committees from New Brunswick, No. 1; Union No. 2; St. John No. 30 and Carleton Town No. 37 of this week. E. L. Shepherd was elected chairman and J. E. Arthur secretary of the general committee. The parade will leave Castle Hill at 2 p.m. on Thursday, August 30, and march to Fernhill, where the usual services will be conducted and the graves decorated. In the morning of that day the graves in Cedar Hill and other cemeteries will be decorated by a committee. As the number of graves to be decorated is increasing every year the members of their respective lodges intend along plenty of flowers.

WHY POLES IN SOME STREETS ARE SHORTER

It was announced from the office of the St. John Power Commission this morning that the transformers for the ornamental lighting system had arrived and were being unloaded today. No word was given out as to when it was expected to turn on the ornamental lights. Asked why longer poles than being erected in some streets, than being erected in others, R. A. McAvity, explained that there was a primary system and a secondary system and that longer poles were necessary for the primary system than for the secondary, on account of the drop in voltage. The power survey was being carried on and he held very satisfactory results were being obtained.

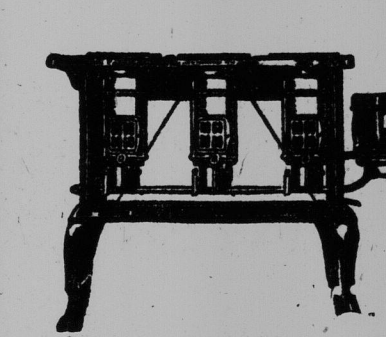

WHICH ONE OF THE TWO WAS ONE?

Did one o'clock come at one o'clock today or did it come at five minutes after? There were quite a few who were puzzled over this matter for they heard the fire alarm signal twice. The first time it came at what their watches told them should be just about one o'clock. Then, about five minutes later they heard the same sound again. There had been no alarm for fire for which it could be the "all out" signal and many were puzzled. Chief Blake, when asked regarding the matter, said that it was probably the result of an accident in the handling of the alarm.

Fight Bulletins Given Tonight

Results of the Crique-Dundee fight at New York tonight will be bulletined at The Evening Times building. The main bout is expected to start about 11 o'clock, St. John time. Those who cannot visit The Times building are invited to call Main 2417 when information will be gladly given.
