**IT PUMPS LIFE INTO YOU**

I can take a man like you and pump new energy into your body while you sleep, and in a few weeks you will be transformed into a giant of strength and courage. Energy is but electricity, and if you lack energy you need electricity.

Dear Sir—I write to let you know that your Belt has cured me, and I am entirely satisfied with your treatment. I then gave it to my sister to wear, and she, too, was entirely cured, after being treated by many different doctors, and she being told that she would have to go under an operation to which she would not consent. She used your Belt and was entirely cured.

JOHN W. THIRIAULT, Bruce Mines, Ont.

Wake up, you drug fiend, and let your reason prevail. Your experience with drugs teaches you that you must cast them aside and look for a natural method. When your health failed it seemed inherent by nature for you to look for some magic cure—something that you could take into your stomach to do the work of your digestive organs, bowels, liver and kidneys.

The first dose brought you relief, but with each succeeding dose you found the effect lessened, until you are now down and out, a perfect invalid, for you have allowed drugs to do the work of your vital organs, and without them you are even in a worse condition than when you began.

If you feel tired and stupid, with no ambition to get out and hustle; if you have spells of despondency, and a desire to give up the fight, you show new energy. The race is to the strong. Show me a failure and I'll show you a weakling, lacking in courage, strength and ambition, three essentials to the make up of a successful man.

My Belt is an appliance for infusing a powerful, but soothing current into the body without the least shock of unpleasant sensation. You can use it two to eight hours every day and waste no time—you need not be conscious that you are taking treatment. It is cheaper than a course of drugging.

GET IT FREE.

Cut out this coupon and mail it to me for my 80-page illustrated book of information.

This book tells all about my remedy, how it cures and price of treatment. It is absolutely free, and I'll pay the postage.

**FRECKLES**

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

**Try Skin Absorption Instead of Cosmetics**

The constant use of rouge and powder invites a coarsened, roughened condition of the skin, eruptions, enlarged pores and wrinkles. If you've learned this from experience, suppose you...  
try the following:  
Ask your druggist for an ounce of ordinary vasoline and begin using this tonight. Apply like cold cream, washing it off in the morning. Keep up for a week or two. The wax will literally absorb the coarse, enlarged, and irritated top skin, but so gradually as not to discommode you in any way. The result is a clear, velvety, naturally tinted under-skin comes to the surface. And marvellous work becomes your everlasting friend.

For those wrinkles and large pores, make a face bath by dissolving an ounce of powdered salicylic acid in a half pint witch hazel. This has remarkable astringent and tonic properties, and beneficial results come quickly.

**COAL RICH IN HEAT VALUE**

This Kind Has the Maximum of Burnable Matter With the Minimum of Ash—it is Clean Coal.

All coals are much alike in appearance, but there is a great difference in the work they do. Low grade coal will burn out quickly without much heat except in starting. High grade coal burns gradually and evenly and holds its heat for the longest time. The special American anthracite being imported by the Consumers Coal Co. is a coal rich in heat, lasting in effect and leaves a surprisingly small amount of ash to go to the ash barrel. Just at the present time, they are quoting lowest summer prices on all sizes of anthracite. Household holders will do well to inquire about this coal and get prices, if they anticipate filling their bins through the summer for winter use. Consumers Coal Company's address is 381 Charlotte street, just below Britain street. Phone M-2670. This American anthracite is clean glossy coal and means more than the ordinary value to the ton.

**INTERESTING MEDICAL BOOK.**  
LET.  
We have just received a little booklet published by the Sanol Manufacturing Co. of Canada, Limited, in which they give an interesting history of the treatment of diseases of the kidneys. A good amount of space is devoted to the opinions of physicians and druggists, as well as articles of medical journals dealing with the merits of the Sanol preparations. This firm, while only about two years in operation in Canada, seem to have succeeded in winning the endorsement of physicians for their remedies.

Miss Mary Lackey, who has retired after 50 years' continuous service in the St. Louis public schools, never had a sweetheart and says she is glad of it, and that she never had time for a romance. 6-25

**MACK MOTOR TRUCKS**

Capacities—1, 1 1/2, 2, 3, 5 and 7 1/2 tons

"What kind of service may I expect from the manufacturer after I have purchased a motor truck?" An important question to consider.

Mack service begins with an analysis of your delivery problems, the furnishing of accurate and interesting data regarding the experiences of business men whose transportation problems are similar to yours.

And Mack service ends when the truck wears out—how long this will be we do not know, for the first Mack Truck built, 14 years ago, is still doing reliable work at Tucson, Arizona.

The strength of the company behind the truck should be as carefully investigated as the strength of the truck itself. Address Dept. 35
