WONDERFUL DISCOVERY IS CLAIMED

Chemical Which Will Revolutionize Warfare on Germ Life

IT'S NOT A POISON

Eight Times More Powerful Than Carbolic But Can Be Taken Internally—Safe With It, Says Discoverer to Drink From Typhoid Pool

St. Paul, Oct. 24.—To a Minnesota seat of learning belongs the honor of giving to the world the most wonderful discovery for the physical benefit of mankind that has been known since medical science discovered the germ theory.

Prof. H. C. Carel, of the University of Minnesota, for many years head of the department of medical chemistry and toxicology and chemist to the Minnesota State Board of Health, has discovered a chemical which will revolutionize the warfare upon germ life, that has been the enemy of the human system, and bring success in cases where the physician and surgeon has been heretofore baffled, because of the lack of a proper agent with which to wage the warfare.

Before giving out the result of his research, Prof. Carel has had exhaustive tests made by several of the leading state and university bacteriologists, and their reports having more than borne out his own, he comes before the world of medical science with his discovery, which he has fancifully styled Benetol, (Benetum Naphtolum) in spite of the desire of many of his friends that he give the chemical his own name.

To the public mind it is enough to know that the new chemical is eight times as strong as carbolic acid, and yet is not a poison. That is to say, that by its discovery physicians will be enabled to attack the deadly germs where they are lodged and living, within human beings, externally. Never before have the guardians of the public health been able to give doses of any of the disinfectants in sufficient strength to be in contact with the human frame.

TEN MILLIONS FROM ENGLAND

British Capital in Lake Superior Corporation—To Run Algoma Central Line to Join C.P.R.

Sault Ste Marie, Oct. 24.—(Special)—General Manager Franz of the Lake Superior Corporation said in an interview today, that while British interests in the corporation had not been as active as they have been in the past, they have expended no less than \$5,000,000 in addition to the works at the Soo and have provided \$4,000,000 additional for completion of the Algoma Central Railway.

The first shipment of iron ore from the Magpie mine for the Soo industries was made on Saturday. This mine promises to be a greater producer than the famous Helen mine. The \$4,000,000 provided for completion of the Algoma Central Railway, is at present planned, will carry the road to connection with the C. P. R. The directors are said to be determined to carry the road through to James Bay.

MILLION FOR Y. M. C. A. Rockefeller Gives \$540,000 Other Large Contributors

Washington, Oct. 24.—Contributions of \$1,000,000 for the world-wide expansion of the Young Men's Christian Association, \$540,000 of which was given by John D. Rockefeller, are announced.

Mr. Rockefeller's gift tendered on the condition that a like amount be raised, was met by contributions from many prominent laymen, among them John W. Waukegan and Cleveland H. Dodge, of New York.

A FATAL MISTAKE Huntsman Mistakes Girl's Hair for Squirrel's Coat and Kills Her

Buffalo, Oct. 24.—Mistaking a girl's brown hair for the coat of a squirrel, Seeley Conley shot through a hedge and killed Miss Martha L. Pope, of Alden, seated on the other side of the hedge with her fiancé, Frank Lowney.

Lowney and Miss Pope had been for a walk in the woods, and were resting when Conley shot the girl through the neck. Conley was arrested.

THE WEATHER Northeast and west gales, some showers but mostly dry; Tuesday, strong southwest winds.

FIND GREAT LAKE IN WEST

Report of Discovery of Body of Water in Canada as Big as Lake Superior

Windsor, Oct. 24.—Announcement of the discovery of another great lake in the Canadian Northwest, the existence of which was hitherto undreamed of, is contained in a letter received by Mr. P. M. Donlure, of this city from his son Wm. Donlure, now in Edmonton, Indiana arriving in Edmonton from the far north, are said to have brought information that a party of government surveyors have discovered a new lake supposed to be nearly as large as Lake Superior.

CRIPPEN TO BE HANGED ON NOV. 8

London, Oct. 24.—Dr. Hawley H. Crippen, convicted of the murder of his wife, Belle Elmore, the actress, will be hanged on November 8. The date originally announced was November 15, but today the sheriff advanced the day one week.

Roosevelt Lashed Cornell Professor, at Political Meeting Calls "Colonel a Unmitigated Liar"

Ithaca, N. Y., Oct. 23.—Twice in one speech here Prof. E. H. Woodruff, of Cornell University, called Theodore Roosevelt a liar; once an "unmitigated liar." His attack, making a political rally over which he presided, threw the house into an uproar. There were catcalls, hisses, cheers and clapping with a steady accompaniment of a steady stream of "Parker, Parker" for "the next" speaker, former Judge Alton B. Parker. Judge Parker, who has been indicted and begged the audience to allow Woodruff to be heard. The noisier part of the house complied and the rest of the evening went more quietly.

Prof. Woodruff began to open up the Bellamy Store episode, which Col. Roosevelt felt only recently declared was closed. He charged that when the colonel denied sending Bellamy Store to the Vatican, he was "an unmitigated liar," and there were letters in his office, said the professor, to bear him out. The uproar over this attack had barely subsided when the professor took up his cudgels again. Roosevelt was twice a liar, he said, when he denied that the late E. H. Harriman had subscribed to a corruption fund to be used for Roosevelt's election to the presidency. He closed with a quotation from the Italian historian of Rome, Ferrero, transferred from Clodius, to whom it was originally applied by the writer to Roosevelt. The speaker was careful to specify that he meant to imply no comparison between the private life of Clodius and Roosevelt.

The youngest recruit in the ranks of the proletariat, who knew neither fear nor scruples, and combined the violence of the demagogue with the self-assurance of the aristocrat, he was prepared to assert his claim to dominate the community so much by his intellect, which was indeed in no way remarkable, but by the one quality in which he outshone all his rivals—by his uncontrollable audacity.

EXPEDITIONS TO SEEK THE MISSING BALLOONISTS

New York, Oct. 24.—Edmund F. Stratton of New York representing the Aero Club of America will arrive in Ottawa, Canada, today to take active charge of the work of searching for the missing balloonists, and his companions, Alan R. Hawley and Augustus Post.

Mr. Stratton is accompanied by William Hawley, brother of the missing balloonist. They have credentials to the governor general of Canada.

They will organize a central bureau in Ottawa and will engage two civil engineers to plan relief expeditions.

To the officers of the Aero Club here, it seems very probable that Messrs. Hawley and Post have surpassed all the other records made and that they will eventually be located several hundred miles further from the starting point than anticipated.

P. E. ISLAND CASE RESUMED TODAY

Charlottetown, P. E. I., Oct. 24.—(Special)—The trial of Victor Hudson, charged with causing the death of his aunt, was resumed today. Dr. Johnson, who performed an autopsy said he believed death due to shock; it might have been caused by a blow on the solar plexus. There were no marks of violence.

Breaks World's Record

Detroit, Mich., Oct. 24.—The world's motor cycle record for one mile over a circular dirt track was broken here yesterday by Don K. Klark, of Detroit, who, after a flying start, went the distance in 51 seconds. The record was held by Fred Huyck of Chicago, 51.35 seconds.

Likely Fatally Shot

Waterville, Maine, Oct. 24.—Charles Carey, aged 17, son of George Carey, received what may prove a fatal wound in handling a rifle yesterday afternoon. While returning from target practice he pulled the rifle from his shoulder in such a way as to discharge it, the bullet entering his abdomen.

WHEN THE THRONE OF PORTUGAL TOPPLED OVER

Liabon did not fall into the hands of the Republicans without a desperate struggle on the part of the Royalist troops. Acts of the greatest bravery were accomplished by the Municipal Guard, who fought to the death for their king, and suffered heavy losses during the street fighting. The Royalists, indeed, had little chance of victory, and were eventually overcome by sheer force of numbers. The photograph shows Republican soldiers resting under a Republican banner, although their bed is a public street, amid much commotion, they are apparently fast asleep. These are the first pictures out of Lisbon.

GREAT NEW PROVINCIAL PEOPLE IN THE TIMES' BOSTON SPECIALS

SHIPS FOR C.P.R. FERRINGTON MAN WEDDING LAST HOPE AFTER THE BATTLE

Belfast Cable Brings a Rumor of Two Gigantic Liners for the Atlantic Trade—Dominion and Free Trade

Times' Special Cable

Belfast, Oct. 21.—It is rumored that the shipbuilding programme of the C. P. R. includes two new gigantic steamers for the Atlantic trade.

London, Oct. 24.—Sir G. Doughty, who was on a recent tour of Canada, said that an unfair inference had been drawn in some quarters from Sir Wilfrid Laurier's speeches. On the question of free trade, Sir G. Doughty said he found nowhere in the whole Dominion any even moderate opinion in favor of following the lead in England. He said that Premier McBride of British Columbia said that in the whole of British Columbia there was no free trade party. Premier Scott of Saskatchewan did not think there were 800 who had a leaning towards so-called free trade principles. Sir G. Doughty is of the opinion that there is a strong feeling of reciprocity between Canada and the United States.

Bond quotations today include—Dominion of Canada convertible 4 per cent, 1911 at 99, 101; Province of Ontario 4 per cent, 1947, at 102, 103; Montreal 4 per cent, 1912, at 101, 103; Montreal 3 1/2 per cent, 1942, at 91 to 93; Vancouver, 4 per cent, 1931, 101, 102; Vancouver, 4 per cent, 1932, at 100, 102.

John Rogers & Co's, Liverpool office today states that the demand in Birkhead was very slow and, although prices held firm, the tone was weak and it would not be unexpected if prices came lower. Quotations ruled as follows:—States steers from 13 1/4 to 14 cents; Canadiana from 12 3/4 to 13 1/2 cents; and ranchers from 12 1/2 to 12 3/4 cents a pound.

Hogs killed in Denmark in the last week numbered 39,000; in Ireland, 8,200.

Glasgow, Oct. 24.—Edward Watson & Ritchie report 424 cattle on offer, trade slow and prices as follows:—Prime cattle, 12 1/2 to 14 cents; secondary and ranchers, 12 cents; bulls, 11 cents to 11 1/2 cents a pound; weather mild.

CAPT. SOL PAYS A VISIT TO HALIFAX

Halifax, Oct. 24.—Capt. Sol Jacobs, the veteran mackerel fisherman of Gloucester, arrived in port on Saturday night for shelter and spent Sunday in Halifax. His schooner is the George, and is a trim looking craft.

Capt. Jacobs reports having on board 115 barrels of mackerel valued at more than \$3,000. Large shoals of mackerel were seen off this port on Friday, but the weather was so rough that it was impossible to lower the seines. The George sailed again for the fishing grounds.

A Hobbie Skirt Tumble

Detroit, Oct. 24.—A crowd of 200 saw a young woman, attired in a hobbie skirt, tumble down the stone steps of the Federal Building to the sidewalk below. Her escort made a vain effort to save her. The young woman, with tears in her eyes, managed to replace two patent leather pumps and was lifted to her feet by two University Club men. The couple then hurried away.

THE TIMES' NEW REPORTER

CONVENTION ECHOES. Woodstock, (Special) to the Times new reporter.—Mayor Jones has ordered repairs to be made to the new court house, where the plaster fell off when the St. John delegate was discussing the question of taxation. The mayor wants to know what kind of plaster they have in the city council chamber in St. John. One of the best speeches, by common consent, was that of a St. John delegate. He told another St. John delegate to sit down. The latter got mad, a d said he didn't have to sit

down, for he was able to stand up. Ald. McGoldrick's assertion that the C. P. R. had no opinion on him is regarded here as an intimation that he favors the Canadian Northern for the Valley route. The next session of the Union will be held in the open air. One of the subjects for discussion will be:—"Why is an Alderman?"

TIE THE EYE. Our esteemed fellow citizen, Mr. James Jones, is of opinion that Attorney-General Hazen and Recorder Baxter should be given a furlough, to enable them to go away and recover from the effect of Dr. Pugsley's evil eye, which was fixed on them during the settlement of the Mayor's case, and so utterly demoralized them that they let him go instead of bringing him to justice. James says he never heard of two strong and sane men being so completely overcome by hypnotic influence. James once read a story in the old New York Ledger, entitled The Evil Eye, or the Red Doctor, and is firmly convinced that the mantle of the man who gave that story his title has fallen upon the minister of public works.

CANDY BANDIT IN HANDS OF POLICE

Youth Wanted on Theft Charges, Also Gives Hint of Two Murders

East St. Louis, Ill., Oct. 24.—Lee Rhodus, 24 years old, known to the police of St. Louis and East St. Louis as the Candy Bandit, has been arrested here. Following his capture he hinted at the murder of two persons. He made a full confession as to the robberies charged against him. He was called the "Candy Bandit" because most of his alleged robberies were in drug stores and candy was usually a part of his plunder.

BRITISH COLUMBIA LEGISLATURE, JAN. 11

Some of the Matters Which Will Engage Attention of the M. P. P.'s

Victoria, B. C., Oct. 24.—It is announced that the next session of the British Columbia legislature will meet on January 11. Many matters of interest to the province will be introduced. The principal features of the session will be the consolidation of the provincial statistics, the report of the forestry and insurance commissions upon which it is expected legislation will be brought forward, and applications for important railway extensions. It is also anticipated that the budget will show a substantial surplus as the year has been a prosperous one.

Philadelphia Pitcher Threw 621 Balls to Plate During Series; Cubs 659

Chicago, Oct. 24.—In the final defeat of Chicago for the world's championship, Combs, the Philadelphia pitcher, who already had won two games, threw only 129 balls to the plate, while Mordcaev, of the Cubs, threw 621 in his effort to stop the team which finally became champions last night.

As compared with the former game, Combs' throwing was about equal. On Monday in Philadelphia he threw 120 balls to the plate. On Tuesday Combs threw 121, the game in which he gave nine bases on balls. On Thursday, he threw 120 and on Saturday sent 110.

Chicago pitchers in the opening game in the east threw 101 balls to the batters on Thursday, 149; and on Saturday 125, as against 142 yesterday. During the series the Chicago pitchers threw 621 balls to the plate as compared with 621 by the Athletics.

STARTLING PREDICTION IN LABOR DISPUTE

Denver, Oct. 24.—Prediction by a national official of a labor union that the building of three local newspapers whose pressmen are on strike will encounter destruction before the publishers win has startled the Denver trades and labor assembly. The speaker was Albert B. Kreidler, third vice-president of the International Printing Pressmen and Assistants Union of America, who appeared before the assembly asking aid in the strike. When asked to make a prediction, he was appointed to investigate the situation.

"I tell you the buildings will blow up before this thing is settled the way we want it," he said, "and I am sure the publishers want to settle it," he said. He finished his speech amid applause.

Persons who attended the assembly directed attention to the seemingly careful phrasing of the prediction, particularly that Kreidler did not say the buildings "would be blown up."

ANOTHER STRIKE OF GAS IN ALBERT

Moncton, N. B., Oct. 24.—(Special)—Another big strike of gas was made in the Albert county wells on Saturday at a depth of 1,480 feet. Another large flow was struck in Well No. 14 at a depth of 1,400 feet. This well yields 2,000,000 cubic feet of gas. The present strike will bring the yield up to at least 10,000,000 feet, experts say.

Harry Attis, complainant in an assault case against Provincial Constable John W. Colpitts, was arrested on Saturday evening on a warrant sworn out by John W. Colpitts charging Attis with common assault. The assault is alleged to have been committed when Colpitts is alleged to have committed an assault on Attis' wife.

Attis was before Magistrate Russell on Saturday evening, but as the complainant did not appear the Magistrate adjourned the case until Thanksgiving day, allowing Attis to go on his own recognizance.

In connection with the robbery of S. C. Carpenter's store, four boys were arrested, aged from 7 to 11 years. They were allowed to go with a severe reprimand from the court.

Three Lewisville youths while in the woods on Sunday near Lockhart's Pond, were charged by a bear.

Conductor Was Killed

Portage, Wis., Oct. 24.—A special train with a cargo of milk, being taken at express train schedule to the east, collided last night with a night train on the St. Paul Road here, and Thomas Steinfeld, a conductor, was killed and his body burned in a fire which followed the wreck. Three other trainmen were slightly hurt.

Are in Montreal

Montreal, Oct. 24.—The venerable Archdeacon Madden of Liverpool, and the Rev. G. H. Hansen, M.A., D.D., of Belfast, who are visiting Canada in the interests of the Evangelical Alliance, are in Montreal after going as far west as Edmonton and Calgary. Everywhere they have been received with enthusiasm.

AN EMPIRE EXHIBIT AT CORONATION

Resources and Life of All British Dominions To Be Shown

INDIAN PALACES

Priceless Treasures From the East With Exhibits From Canada, Australia, New Zealand, Jamaica and Other Colonies—Australia to Send 18 Delegates

London, Oct. 24.—The great event of next year, the coronation of King George V., will be celebrated at the white city, Shepherd's Bush, by an exhibition which is intended to show the dominion, power and resources of the British Empire. For the first time in the history of this country there will be seen representatives of all races and nationalities who own allegiance to the king, and all their special industries will be reproduced.

From India will come some of her most skilled artisans, while exhaustive specimens of her agricultural and mineral products will be housed in exact replicas of Indian palaces. Her priceless treasures will be for the first time adequately set forth, thus enabling visitors to see how large a part India plays in the greatness of the British Empire. Canada, Australia, New Zealand, Jamaica, the Fiji Islands and others will tell the story of their origin and development.

In addition to gold miners, backwoodsmen and other pioneers of the empire, there are to be natives from all these places, and their homes and habits will be seen as well as their work. The resources of England, Scotland, Ireland and Wales will also be shown, and the grounds will contain representations of some of the beauty spots of the United Kingdom.

In short, the coronation exhibition will be a glorified stock-taking of the British Empire at the commencement of the new reign.

Melbourne, Aust., Oct. 24.—The Australian commonwealth Parliament has decided to send a delegation consisting of sixteen members to represent the commonwealth on the occasion of the coronation of the king. The ministerial party as well as the opposition will be represented, the former by eleven and the latter by seven members.

LARGE IMPORTATIONS OF PRECIOUS STONES

Some \$32,000,000 Worth of Diamonds Into New York This Year

New York, Oct. 24.—Large shipments of diamonds and other gems received at the port of New York in September and during the first half of the present month have swelled the total valuation of diamonds and other precious stones received thus far this year to more than \$32,000,000. One Maiden lane merchant estimates that the receipts for the calendar year will be \$40,000,000.

This estimate is much greater than the valuation of the gems received during 1908, when only \$12,862,896 worth of diamonds and other precious stones passed through the custom house at this port.

EXCLUDED FROM THE IRISH LEAGUE

Editor of Catholic Register Arouses Ire of the Society

Toronto, Oct. 23.—Strong words were spoken at a meeting of the United Irish League here with reference to an article in the Catholic Register, following the reception in Massey Hall recently, which was addressed by T. P. O'Connor, M. P. It ended in a resolution being passed excluding Father Bur, editor of the Register, from the league.

The objectionable part of the article is "Irish affairs often get into ruts. There is a small class of professional Irishmen everywhere butting in on these occasions, that is neither good for creed nor country, and the decent element of the community is about sick and tired of them and their pretensions. This sort of thing could not fail to have a discouraging effect, and the distinguished speaker was quite aware of it himself."

DEATH OF JAS. W. FANJOY

James W. Fanjoy, a well known and highly respected citizen, died this morning at his home, Clarence street. Mr. Fanjoy who was seventy-three years of age, was a descendant of the Loyalists of his father, Samuel Fanjoy, being one of those who came to St. John in its teens.

Mr. Fanjoy figured very prominently in the early shipbuilding life of this port. He was an honorary member of the old Carleton Fire Department, having the honor of being one of those who took part in drawing the late King Edward in his carriage along the streets during his visit to St. John as Prince of Wales.

Besides his wife, Mr. Fanjoy is survived by one son, William, and three sisters. The funeral will take place tomorrow at 2 o'clock. Rev. Dr. Raymond will read the burial service. Interment will be in Church of England burying ground.

Out of Dry Dock

Halifax, N. S., Oct. 24.—(Special)—The steamer Crown Prince Olaf, which was in collision with the C. P. R. Lacer Montreal some months ago, has come out of dry dock here and sailed for Sydney to proceed to Montreal.
