Ended in Dispute

Last night's game in the Commercial League between the McEvoy and Brook & Peterson teams ended in a dispute, the latter team claiming the game because their opponents refused to continue on account of darkness. The game was stopped at the fifth inning, when the score was 4 to 4. The B. & P. team had a man on second with two men out when the McEvoy men refused to continue. According to an agreement the game was to go six innings, therefore the dry goods men claim the game. Broard and Myers pitched for the McEvoy side and Mahoney served for the B. & P.'s. The following is the tabulated score of the match:

Freighter Truck Across Continent

New York, N. Y., August 3.—With an escort of a dozen other commercial vehicles, which met it in Yonkers, the five-ton truck known as the "Pioneer Freighter," reached the end of its five thousand mile journey at City Hall yesterday afternoon. When it reached there, its driver, bearing a letter to Mayor Gaynor from the Mayor of San Francisco, had covered the continent between oceans, carrying throughout a load varying between three and four tons. The journey is one that would have been considered remarkable for a touring car a few years ago.

Some months ago the truck left Denver westward bound, piloted by A. L. Westgard. After a journey of continuous hardship it reached Los Angeles, and continued on to San Francisco over California's good roads. Shipped back to Denver it began the eastward section of its journey, which ended successfully yesterday.

It has been made evident, for one thing by the ocean to ocean run, that there is a field for the motor truck as successor to the horse drawn stage for transportation of both passengers and goods, and that where railways and other common carriers cannot operate profitably in sparsely settled regions, power vehicles may be the means of building up the territory.

The truck's arrival was celebrated by the Motor Truck Club at a dinner at Rescuer's last night. Mr. Westgard was the principal speaker and he told in detail the story of the arduous trip through the western wastes. The club is made up of dealers in trucks of all kinds, and every one appeared proud of the feat of the Saurer.

Athletic

Chinese to Olympic Games

A great sign of the universal spread of athletics is the fact that the Chinese are going to have a team at the Olympic games at Stockholm next year. Very little information can be gathered about the size of the team or the individual ability of the members only the official announcement from Hong Kong that a team would be sent and that China wanted to have a member of the International Olympic committee in future. This would mean that the Chinese are in the game to stay and will have representatives at all the Olympic games to come as well as a voice in the executive department. It may sound odd to most people that the Chinese, the last people in the world to adopt modern habits, should be hit with the athletic bat, but it seems that matters have been changing themselves that way for some years. Magoe Verdict Against Player

Chicago, Aug. 3.—President Lynch, of the National League, announced this evening that the directors of the National League have sustained him in every particular in the Sherwood Magoe case and that the suspension and fine will stand. A formal decision, he said, would be handed down soon.

Lynch added that the directors ruled they had no jurisdiction in an appeal from his decision and that Magoe's future was left entirely in his hands. He declined to say whether he would entertain a charge of force him to remain out of the game.

St. John will be represented at the Canadian Ladies' Golf Championships this afternoon by two local players, Miss Mabel Thomson, the former champion, and Miss Sara Harre. Both ladies are entered in all the events and it is confidently expected by those who have been watching their play lately that they will succeed in bringing home a full set of the prizes. Miss Thomson has been playing an especially fine game this year. Some days ago when the ladies were playing against the men on the local links she did some holes in 38—a score which will keep the best of the men.

The championships will be played this year on the links of the Ottawa Golf Club. Play will commence on Monday September 25th and will continue until Friday, the 29th.

Several other members of the St. John Golf Club have been talking of entering, but have not yet definitely decided to do so.
