THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, FEBRUARY 16, 1923

7

VISITING SKATERS AND OFFICIALS ARE BANQUETED

Delightful Affair in Y. M. C. I. Gymnasium — \$25 in Fines Collected for Orphans.

The banquet tendered by the Rotary-Y. M. C. I. joint committee to the visiting skaters in the Y. M. C. I. last evening was the occasion for much hearty fun and good fellowship. The meeting was conducted under Rotary rules to make it still more informal and enjoyable. More than 250 people were present, including about thirty-five skaters and twenty visiting officials. Among the notable ones who took no part in the evening's speeches were His Lordship Bishop LeBlanc, Hon. R. J. Ritchie, R. D. Patterson, the chairman; Ken Haley, George Lawson, Mayor Fisher, H. Mont Jones, F. I. McCafferty, Dr. Spangler, D. J. Corr, George McDade, Patrick Hennessy of Lake Placid, William Fisher and Julian T. Fitzgerald.

After the toast to the King had been responded to with musical honors, Mr. Patterson, on behalf of the Rotary-Y. M. C. I. committee, welcomed the visitors and those who helped to make the meet a success so far, and he hoped when the visitors went away they could carry with them the knowledge that St. John was not only good, clean sport. To the St. John people he said that

he felt that the skating meet, as well as the Carnival as a whole, had done more to bring the people of St. John together than perhaps any other event in the past. He paid a tribute to the Y. M. C. I. for the success of last year's meet.

What had been accomplished by our Carnival, he thought, had gone a long way to put St. John on the map. He felt that such meets as these in doing away with any petty jealousies that may exist between the people on both sides of the line.

Lieutenant-Governor Pugsley. Mr. Patterson then called on Lieutenant-Governor William Pugsley. Hon. Mr. Pugsley, on arising, said that he believed in the encouraging of sport in view of its good effects—physical, mental and moral. To those from outside the city he had a most hearty welcome. He referred to the great thing which international events do, that being staged were to bring the people of two countries together. Not in 100 years had there been a foot race between the people of the United States and Canada.

He spoke of the extension of the American republic to the south. Canada was extending its limits into the far north and one day, he said, the people of the two countries would be sailing into and out of the waters of Hudson's Bay.

He hoped that the friendship between the two countries would exist until the end of time. Lieutenant-Governor was obliged to leave to open the Carnival at the Arena last evening and he was accompanied by his wife and daughter.

United States Consul. The chairman then called on H. S. Culver, United States Consul, who was given a hearty welcome at health and home. St. John, he said, seemed to have everything she asked for—stop scalds, lumbago, headache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest St. John's Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away!

Stomach troubles are due to acidity. Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion. Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisulphate of Magnesia, a good and effective corrector of acid stomach, should be taken in a glass of water or cold water after eating or whenever gas, sourness or acidity is felt. This sweetener of the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisulphate of Magnesia which can be obtained from any drugstore in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering from any of these cruel, torturing pains, you can hardly get around, just try Red Pepper Rub! Nothing has such concentrated, penetrating heat as red peppers, and their heat penetrates right down into pain and congestion relief comes at once. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

The Coughs And Colds Of Children

Only the mother knows how hard it is to keep the children from taking cold, they will get overheated and cough off too suddenly, get their feet wet, kick off the clothes at night, and do a dozen and one things the mother can't prevent.

A great many mothers are now giving their children

DR. WOOD'S NORWAY PINE SYRUP.

It is pleasant and nice for them to take and relieve the cough or cold in a very short time. Mrs. J. Wilson, Portage La Prairie, Man., writes: "I have used Dr. Wood's Norway Pine Syrup for my five children. My little girl, two years old, had a very bad cold last winter, which I thought was croup. I had some 'Dr. Wood's' in the house so gave it to her and she was fine the next day; also my baby, three months old, had a bad cold and I gave it to him. It cuts and brings up the phlegm, and the best cough medicine I ever used."

Price 50c. and 60c. a bottle; get up only by The T. Millburn Co., Limited, Toronto, Ont.

of the work they had done to make the meet a success.

President of A. S. A. J. A. Taylor, president of the Amateur Skating Association, and one of the five original members of the International Skating Union, was the next speaker. He had been asked, he said, how the skaters of today compared with those of twenty years ago. He said today they were at least the equal, if not the superiors, of those of days gone by, and he thought there were more of them today.

He spoke of the growing tendency to make the long distance races more of a show. In the interests of the spectators he hoped this matter would receive consideration of all the contestants. He did not feel that there was a city anywhere that could put on a meet with greater success than the city of St. John.

Vice-President of I. S. U. W. G. Bratton, vice-president of the I. S. U., called upon to speak, expressed the thanks of the skaters and visitors.

Terrible Headaches And Dizziness

Miss S. Raphael, 287 Kenilworth Ave., N. Hamilton, Ont., writes: "I used to suffer from terrible headaches and dizziness. Last summer, while I was walking up a side street, I got a dizzy spell and fell in the middle of the road. An old gentleman helped me to get to where I was going and told me to get a vial of Milburn's Laxative Pills. Well, I did, and they did wonders for me. I don't know how to thank you, as I don't get headaches or dizzy spells any more."

When your liver gets sluggish and inactive your whole health suffers, and the only way to keep well is to keep the liver active and performing its proper functions by using Milburn's Laxative Pills.

Price 25c. a vial at all drug stores or mailed direct on receipt of price to The T. Millburn Co., Limited, Toronto, Ont.

Don't let child stay bilious, constipated

MOTHER, YOUR CHILD'S BOWELS
NEED "CALIFORNIA FIG SYRUP"

Even Cross, Feverish, Sick Children Love its Taste and it Never Fails to Empty Little Bowels

If your child is listless, full of colds, has colic, or if the stomach is sour, breath bad, tongue coated, a teaspoonful of "California Fig Syrup" will quickly start liver and bowel action. In a few hours you can see for yourself how thoroughly it works and constipation, sour bile and waste right out and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today may save a sick child tomorrow. It never cramps or overacts. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

his thanks for the opportunity of coming to St. John both this year and last year.

The financier then presented \$25 collected by fines to Rev. W. M. Duke to be presented to the orphans.

Father Duke, in acknowledgment, thanked those who so cheerfully contributed. He congratulated those responsible for the meet which was making skating history for St. John. He referred to the co-operation given by the people of St. John in making the event a success. He commented particularly on the fact that a world record had been inscribed on the glassy surface of Lily Lake, and he hoped the success attained in the past would be augmented greatly in the future.

A most delightful evening was brought to a close with the national anthem.

FINGERPRINTS OF WHOLE NATION

Women Backers of a State Compulsory Law Have Yet Wider Aims — See Prejudice Vanishing.

New York, Feb. 16.—Long standing public antipathy to finger printing as a means of identification has been greatly lessened according to Mrs. Mary E. Hamilton of the Police Department, in the recent adoption by the New York State Federation of Women's Clubs of a resolution recommending compulsory legislation. So strong has the feeling been, from her own experience as a police woman, that the resolution was almost laughed off as a piece of mischief. The result of her plea was when first presented. Mrs. Hamilton undertook the task of changing the women's attitude, by presenting the results of her own experience as a police woman, in which a positive means of identification would have proved a blessing. The result of her plea was when first presented. Mrs. Hamilton undertook the task of changing the women's attitude, by presenting the results of her own experience as a police woman, in which a positive means of identification would have proved a blessing.

While this infallible means of identification is widely known because of its use in detecting criminals, its value in non-criminal circles is not so well known, according to Mrs. Hamilton. In the last three years more than 600,000 fingerprints of new-born babies have been taken, and with their mothers' fingerprints on the same tag, at the New York Nursery and Child's Hospital, while quite to meet the British naval establishment, having at the outbreak of hostilities about 80 per cent. of the naval strength of Great Britain.

"Let us profit by this experience. We do not want an 80 per cent. navy, but one that is up to the full 100 per cent.," he said.

Recognizing the fact that pacifists are right in theory, the naval officer asserted that their ideals have not been borne out in practice. No class of men disparage more war more heartily, and than do the officers and men of the navy who have given their lives and best endeavors over to the service of their country, yet such men can see more clearly than can others the necessity of maintaining a strong and efficient fighting force.

MOTHER AND CHILD KILLED. Perth Amboy, N. J., Feb. 16.—While walking along the Central Railroad of New Jersey tracks, carrying her five-year-old daughter Tillie, Mrs. Mary Elasko, twenty-six, was struck by a Lakewood special train and instantly killed. Her child was also killed.

They were on a southbound track and were apparently on the way to the Perth Amboy cigar factory, where it is believed Mrs. Elasko intended to seek employment.

The resolution asks that Chapter 468, Section 1287-9 of the Charter, Laws of 1901, be amended so that the fingerprints of all children at birth, to include the fingerprint of the mother and child, be made to appear on the birth certificate; marriage license and the fingerprints of all deceased on all death certificates; and that all children be fingerprinted at school age. The fingerprinting of all children at birth, to include the fingerprint of the mother and child, be made to appear on the birth certificate; marriage license and the fingerprints of all deceased on all death certificates; and that all children be fingerprinted at school age.

The reason why the women's clubs have heartily endorsed the movement is because women are considered far more difficult to identify than men. While the husband carries a watch, laundry marks on his clothing and many other references to put in her bag even a stolen her pocketbook, rush to the address on the card, open the door with key and return.

The resolution states that fingerprinting "would save relatives of victims of sudden disease or accident expense, insure identification and great anguish of mind" and "would prevent forgery, fraud, mistaken identity and would greatly facilitate the settling of estates."

All these benefits would be vastly increased, it is pointed out, if the present twenty-six States require birth records and only twenty both birth and death records, according to Mrs. Hamilton.

"When the International Association for Identification convened at Washington several months ago," she said, "with a view of gaining support of its program for establishing a national registration of fingerprints to be kept at Post Offices as an official record, President Harding gratified the delegates by the convention by submitting to having his fingerprints taken for the association archives. It would be a wise

RODMAN WANTS U. S. NAVY TO BE SECOND TO NONE

Country's Foreign Policies Cannot be More Powerful Than Its Fleet, Admiral Says.

Washington, Feb. 16.—The foreign policies of the United States cannot be more powerful than the country's navy, Rear Admiral Hugh S. Rodman declared tonight in the course of an appeal for the construction of ships of less than capital strength in such numbers as to make the American Navy second to no other nation in the world in this respect.

Speaking to the District of Columbia Commandery Loyal Legion, in a Lincoln Day address, Admiral Rodman referred to the fact that Germany had been engaged in the development of a powerful navy for several years prior to the World War, but had not been able quite to meet the British naval establishment, having at the outbreak of hostilities about 80 per cent. of the naval strength of Great Britain.

"Let us profit by this experience. We do not want an 80 per cent. navy, but one that is up to the full 100 per cent.," he said.

Recognizing the fact that pacifists are right in theory, the naval officer asserted that their ideals have not been borne out in practice. No class of men disparage more war more heartily, and than do the officers and men of the navy who have given their lives and best endeavors over to the service of their country, yet such men can see more clearly than can others the necessity of maintaining a strong and efficient fighting force.

Smashes many foolish fallacies—The idea that eating meat causes rheumatism is no longer accepted—Should keep the poisons moving out.

"Man poisons himself by the absorption of certain substances that should be eliminated, this is the cause of so much rheumatism," is the statement of well known authority.

Many pet theories about rheumatism of the joints, that is chronic arthritis, have been smashed during the last few years. The old idea of meat causing rheumatism is ridiculous; just think of the large number of vegetarians who suffer from rheumatism; these people never eat meat. Cases have been known where people living entirely without meat were great sufferers from rheumatism. These people would go so long without meat they would become so weak they would not have sufficient strength to throw off the disease. Just so soon as they began to improve and with the help of good medicine like Decco, they were well in a short time.

Great harm has been done by the ordinary rheumatism medicines because they not only disturb the stomach, but often fail to remove the poisons which have taken hold of the joints. The moment you chew a few "Pape's Diapiesin" tablets your stomach feels fine.

Correct your digestion for a few cents. Pleasant! Harmless! No drug store.

Instant relief from sourness, gases or acidity of stomach; from indigestion, flatulence, palpitation, headache or any stomach distress.

There are a great many medicines on the market for rheumatism but do you remember seeing anything about Decco will benefit you. Decco is also sold in St. John by Moore's Drug Store, 105 Prince Edward street, and F. W. Munro, 357 Main street. It is also sold in Fairville by T. H. Wilson and in West St. John by Watson R. Dunlop.

Skin Troubles Soothed With Cuticura

Indiantown and Lancaster Ferry Service

Tenders are invited by the Indiantown and Lancaster Ferry Commission for the maintenance and running of a ferry and ferry service between Indiantown (so called) in the City of Saint John, N. B., and Pleasant Point, in the Parish of Lancaster. The specification of ferry must be supplied at time of making the tender by the tenderer, must conform with all laws, rules and regulations governing ferries. The highest or lowest or any tender not necessarily accepted.

Tenders must be delivered not later than noon on the seventeenth day of February, 1923, on a sealed envelope to J. King Kelley, County Secretary Saint John, N. B., and marked "Ferry Tenders."

JAMES KING KELLEY, County Secretary, 9041-2-5.

By Order of the Common Council of the City of Saint John: PUBLISHED NOTICE is hereby given that a Bill will be presented for enactment at the next session of the Provincial Legislature, the object of which is to amend the Police Act of the City of Saint John, 28 Victoria, Chapter 32 so as to provide that no shop or place for the purchase, sale or barter of gold, silver or second-hand articles shall be kept open for the transaction of business except during the hours between the rising of the sun and 10 o'clock in the evening of each week day.

HERBERT E. WARDROP, Common Clerk, Saint John, N. B., 30th January, A. D. 1923.
