Chambers.

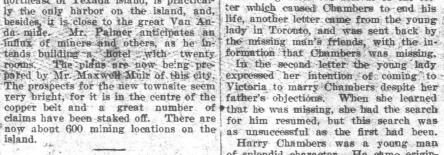

Received a Letter from His Fiancee and went Out and Committed Suicide.

The remains recently found near the E. & N, railway track in the vicinity of Parson's Bridge, are believed to have been those of Harry Chambers, who disappcared mysteriously about six years ago. The information upon which this theory is advanced was furnished the provincial police by Mr. S. W. Bodley. of 46 Fort street. Mr. Bodley reports that Chambers and a man named Joe Saulter, whose brothers carry on the business of felt roofers in Toronto. worked together putting the roofs on

Creek to Teslin Lake, thus opening up residences on Belcher street, and also did the lathing. It will be remembered that with the remains was found a portation purposes as far as Telegraph metal souvenir on which was engraved: Creek, and from there to Teslin Lake "Saulter Bros., felt and gravel roofs; the country is said to be open, offering Tel.
