WORST TRIP ALLAN

Linier Ever Made

Tunisian Met Heavy Gales—Several Injured During Voyage.

HALIFAX, N. S., Jan. 17.—Three days overdue from Liverpool and after the worst voyage she has ever made, the Allan liner *Tunisian* arrived this afternoon. The *Tunisian* left Liverpool on the evening of Friday, Jan. 17, and under ordinary weather conditions should have arrived here last Friday afternoon. She, however, met the full force of the heavy gales that have been sweeping over the North Atlantic for the last couple of weeks. Every day it was a fight of the ship against the elements. Although the steamer came through without sustaining any damage, her passengers and crew were not so fortunate. Two of the saloon passengers and two seamen were injured during the gale. Capt. Faircliff said it was one of the worst trips he had ever made. From the time he arrived at 41 west longitude, they were running into a heavy gale and on one Sunday, January 8, they made 133 miles. While the storm was at its height Madame Thorne, a passenger, was thrown to a deck and injured. On the same day a young man, also a passenger, was injured by falling overboard. One of them had several ribs broken.

DEBTS OF PRINCESS

REACH \$3,125.00

Tradesmen and Hotels clamor for Payment From Louise of Belgium.

VIENNA, Jan. 17.—According to a detailed list compiled by the Neues Wiener Tagblatt, Princess Louise of Belgium owes \$3,125.00, exclusive of debts contracted by her last year. The tradesmen, hotel proprietors and other creditors are making anxious inquiries regarding the estate of the late King Leopold, and the possibility of Princess Louise securing a greater legacy than that accruing from the estate inherited by Leopold II. from his father and bequeathed by him to his children.

Princess Louise is said to owe hotel proprietors in Paris, Berlin, and Monte Carlo \$140,000, while she is indebted to various Berlin money lenders for over \$300,000.

She purchased estates from various land owners, mostly in Hungary, and gave bills of exchange which show that she owes \$1,000,000. The princess owes Frau Stoecker, her former chaplain, over \$80,000.

In addition there are many unpaid debts incurred by Princess Louise in Vienna when she was the wife of Prince Philip of Coburg. Her former husband paid about \$400,000 on her behalf, and she owes another \$300,000, of which her creditors in Vienna are dressmakers and jewelers.

A curious debt is one of \$15,000 due Herr Weizer, who financed the princess' flight from Lindenhof Asylum, near Dresden, where she was detained by the order of her husband.

In this connection it has been ascertained that the late King Leopold apparently made an extraordinary mistake when he estimated the amount of the fortune bequeathed to his three daughters.

According to the will published shortly after his majesty's death, he stated that the amount was \$8,000,000, being the estate inherited from his father, Leopold I.

Later, however, when Baron Goffinat, the king's secretary, met the solicitors of the three princesses, the inventory prepared by the baron showed the king's fortune to be \$11,000,000, including \$4,000,000 in certain shares.

There is now little probability of any of the princesses instituting lawsuits against Baron Goffinat, King Leopold's reputed wife. The announcement that her legacies will be more than three times the sum of \$8,000,000, according with King Leopold's estimate has caused great gratification in Brussels.

EXPLOSION IN BIG FACTORY.

MONTREAL, Jan. 17.—A special from St. Hilaire says: The Hamilton Powder Company works, situated about one mile west of Bell station, on the banks of the Richelieu River, was today at 3:35 p. m. visited by an explosion which resulted in a total loss of the nitro-glycerine building. Fortunately, because of the excellent system installed by Mr. Wilson, the resident manager of the works, for giving warning in case of impending danger such that the occupants of the building and those surrounding it had time to escape without the warning it would have been certain death to all therein. A few moments after the alarm the building was totally demolished. The cause of the accident, it is thought, was an escape of nitro-glycerine from an underground pipe over which there was to control.

OLD SPINSTER MISER

MAKES SURE OF DEATH

Older's That a Dagger be Driven Three Times Into Her Heart.

PITTSBURGH, Jan. 17.—"Thrust a dagger through my heart three times to make sure I am dead. Let my body lie ten days, cremate it then and bury the ashes in Allegheny Cemetery."

These were the written instructions lying beside the body of Laura Witte, single, aged 65 years, a supposed pauper, living alone. The dead woman was discovered early today in a room with five locks upon the door.

Police found bank books, and a will disposing of \$100,000 to local charitable institutions in a trunk in the poorly furnished lodging house. Cancelled checks of the woman ranged in amounts from 15 cents to \$1000. Real estate held by her is located in Indiana, Montana and California.

The will makes special request that a "competent medical authority examine her body for ten days" to ascertain a certainty that death has occurred. She directs \$20 shall be paid for this service. The doctor stabbing her heart three times is to receive \$25. Detectives are searching for possible relatives.

KIDNEYS ACT FINE

AND BACKACHE GOES

A Few Doses Regulate the Kidneys and End Bladder Misery

PROMPT CURE WAITING

If you take several doses of Pape's Dietetic, all backache and bladder trouble will vanish, and you will feel fine.

Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritable bladder, urinary system, swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

Feeling miserable and worried is needless, because this unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder or feel rheumatic pains, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Dietetic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible firm, in the early part of February.

Only curative results come from taking Pape's Dietetic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and no backache.

DECREASE IN CABLE

RATES NOW IN SIGHT

Lenieux to Introduce Bill—Control of Rates to be Placed Under the Railway Commission.

OTTAWA, Ont., Jan. 17.—Hon. Mr. Lenieux, Postmaster General, has given notice of an important measure in the House of Commons having for its object the substantial reduction of cable rates charged by companies handling messages to and from Canada. The bill proposes to place the control of rates, both for wireless and for cable messages, under the railway commission on the same principle as now obtains in the case of telephone and telegraph companies.

It is expected that concurrently legislation will be passed in the British Parliament enabling the Canadian law to apply to all messages received in Canada as well as sent from Canada, pending the establishment of a state owned cable between Canada and the Netherlands which is the ultimate object of the Postmaster General.

The present measure will go a long way towards securing the desideratum of cheaper cable rates. It is asserted that the present rate of ten cents, per word on press messages can be very considerably cut down and still leave a fair margin of profit for the cable companies which have now by agreement an arbitrary rate. This is another move in the direction of the extension of the "intellectual preference" which Mr. Lenieux has so successfully inaugurated.

Mr. Lenieux believes that the rate for press messages can be cut down to six cents, per word and the rate for deferred commercial or personal messages can be cut down to twelve cents, per word.

SEDITION IN INDIA
