ATION IS the marked preference broadcloth wrap cut on Empire lines shown untrimmed hats. At one time and trimmed with velvet and cloth business along these lines amounted covered buttons. Exclusive colorings to very little, but since the pressed will also appear in this modish cloak. shapes have come so strongly into evidence, untrimmed millinery all over favorite, and one young girl with a the country has taken a strong position. It does not require the services of a skilled milliner to tie a ribbon in the new shade of purple. The maaround a hat, or to affix thereto a jority of school girls, however, are not bunch of flowers. Any woman or girl so fortunate, and one warm, servicewho understands anything about mil- able coat does duty for the entire sealinery at all and who is possessed of even an average amount of taste can The mother reasoning from a practical do this work very well, and practically standpoint, prefers the three-quarter without cost to the retailer.

THE VELVET SUIT IS TO BE MORE OF A FACTOR IN THE READY-MADE GARMENT business than ever. Manufacturers who have heretofore never put it in their lines | PRESIDENT'S FORGERIES RUIN BANK. are doing so this fall, and others whose factories are not equipped for the manufacture of velvet suits are regretting that fact. It is the velveteen suit which is largely exploited by the manufacturing trade for the tailored suit, WITH THE ADVENT OF OCTOBER while both velveteen and chiffon velvetare being used for the construction president, announced this morning that FURNISHING WARDROBES com- of costumes and wraps intended for they decided to suspend, but they would mence. Not only the children are evening wear. The majority of the vel- call comptroller of the currency to wind be provided with good warm clothing jacket, while in the better-priced gar- and was held behind closed doors. It velvet suit is on account of the addit extra quantity of material necessary in its construction. Dressmakers and women's tailors will be those who will exploit the most fashionable styles in velvet suits in which the greater quantity of material is required.

IN . STREET AND WALKING GOWNS THE SUN-PLAITED SKIRT IS IN THE HIGHEST FAVOR. The later designs include a liberal use of plaids in conjunction with a plain material. A few long coats are shown, and those are of the semi-fitted rather than found in girls and young women, the close-fitted variety. Conspicuously short and loose sacques, some of them coming barely to the waistline, and per, shortness of breath, dizziness, none of them passing the curve of the faintness, headache, easily fatigued, hips, find favor in high-class materials. Little vest effects are smartly developed in these, and sleeves are of the full, baggy, bishop pattern, and either proper working of the bodily organs, of elbow or wrist length, The three-and can only be restored by the use quarter models shown here do not of iron, as any qualified physician will seem to find favor in Paris circles.

CAPES OF ALL KINDS AND SIZES ARE EXTREMELY PROMINENT. Garments modelled upon the Inverness tain nerve restoratives in such a way order are displayed in satin-faced as to be easily assimilated into the cloths, in chalk and cream white, the ivory tints, primrose, sulphur, chamois lasting benefit to the system. and mustard yellows, and the dead shades of rose and lilac. The coat part Food, through its action on the nerves, is usually without sleeves, so that the sharpens the appetite and aids digesarm-covering of the evening gown shall not be crushed. The lining is usually of plain white satin, while that food taken into the body. of the cape is quilted. Fur, marabout or ostrich feather borders are among the later novelties in these. The Conne mara cape is another garment that, so is beyond doubt the most effective far, does not seem to have appeared in treatment for anaemia and similar domestic manufacture. This is an ex- wasting disease that was ever comact copy of the cloak that the Irish pounded. Note your increase in weight peasantry wear. There is a shallow, round yoke over the shoulders, to Miss Vitaline Tulip, Lower Neguac, which the cape is applied with many N. B., writes: "Since the age of twelve rows of shirring or gauging. This is in I have been subject to spells of weakfull length, and slits are cut through on the sides to admit the passage of three times a week. I would be obliged the hand. Over the shoulders there is a deep hood that entirely covers the yoke, this being satin lined and edged with fur.
