IMPORTANT DISCOVERY.

CONSUMPTION CURABLE BY THE USE OF

Woolen Hall

This Venerable Preparation has proved itself to be the most remarkable medicinal preparation ever discovered, for the effectual cure of PULMONARY CONSUMPTION, and also of Coughs, Colds, soreness of the Chest, Bronchial Irritation, and all other affections of the air passages, which have a tendency to produce that FEARFUL MALADY in those predisposed.

This wonderful discovery, from its volatile nature, gives vapors freely, and consequently acts DIRECTLY upon the Lungs and Air Passages, arrests the development of tubercles in the lungs, and in their softening process causes the matter to be expectorated without difficulty, and effectually heals the ulcerated cavity; it quiets the cough, subdues the night sweats, the hectic fever and the chills, and restores the healthy functions to all the organs of the body.

A trial of one bottle will speedily convince the most skeptical of its efficacy, and its superiority to all other specifics.

CERTIFICATE OF DR. A. A. HAYES in reference to the UNRIVALED VIRTUES OF THIS GREAT DISCOVERY:

"This preparation by chemical analysis, was proved to be free from Opium or any of its compounds; nor were any of the Alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original and adapts the compound to inhalation, or other modes of administration."

Respectfully, (Signed) "A. A. HAYES, State Assayer, 16 Boylston street, Boston, Dec 1, 1857.

Directions in English, French and German accompany each package. Price \$3 per bottle.

All orders by mail or express, accompanied by the money will be promptly attended to.
