

LIVE TOPICS OF SPORT AT HOME AND ABROAD

ST. JOHN BOY
ON WORLD TOUR
WITH CHICAGO

A letter received by James B. Daly of the H. M. Customs, gives the itinerary of the New York-Chicago baseball tour in which Tom Daly, the former St. John boy, is a member, playing with the Chicago White Sox.

The letter says that Tom is finding the world tour very pleasant although the teams are kept on the move all the time. The players are travelling on a special train, spending a day in each place, and their itinerary keeps them busy.

The Cambridge boy has been showing up well during the tour, both behind the plate and at the bat. In a game recently he found Tesreau and touched the big fellow for a homer.

The White Sox and Giants are in Montana this week; next week they spend in Texas.

They reach Seattle November 17, and sail from Vancouver November 19, on the Empress of Japan for Yokohama, Japan. They reach there December 3. On the 8th they play in Shanghai, China, going on to Australia and will spend about two weeks there. The first week of the tour will be spent in Egypt, then Italy, France, England and Ireland will be visited. The party sail on the homeward trip from Queenstown on March 1, reaching New York, March 6, the White Sox proceeding at once for California for the training camp.

ROTHESAY AND
HIGH SCHOOL
PLAY TODAY

St. John High School and Rothesay College meet this afternoon at four o'clock on the Marathon grounds. Both teams have been playing good football and a fast game should be witnessed. Dr. D. Malcolm will handle the whistle.

Rothsday intends to present its strongest line-up today, while the local team will be there in its best form.

The High School team will be: Pull back—Nixon. Halves—Morrison, Donnelly, Anglin, McAndrews. Quarterbacks—Moore, McIntosh, Willis. Forwards—Allen, Day, Kirk, Jenkins, Campbell, Nason, Garnett.

Cincinnati, Ohio, Oct. 28.—August Herrmann, chairman of the National Baseball Commission, in a statement today, said he could see very little that is inequitable or improper in the demands recently made by the players through David Fultz, president of the Players Protective Association, and he thought the troubles complained of by the players could be easily adjusted.

The statement follows: "On looking through the demands made by the players, I find few things inequitable or unreasonable, and very few things that cannot be settled quickly, with fairness, and the best of good will on both sides. There should be amicable relations and good understanding between employer and employees, in every profession, and the present baseball troubles can easily be smoothed over. Most of the players' requests could really be adjusted without need of special states simply by a few hours' talk between the parties involved."

"Officially, we have not yet received a copy of the players' demands but we will no doubt receive them in due season. Only one hitch is likely; the commission will not talk with Mr. Fultz. If the players wish to send a delegation of their own number, with an active player as spokesman, we will receive them in the most amicable fashion, but we cannot see where any outsider has any business in this affair, any more if we should ask the players to stand for dictation from the attorney without a share of stock or the slightest interest in any ball club."

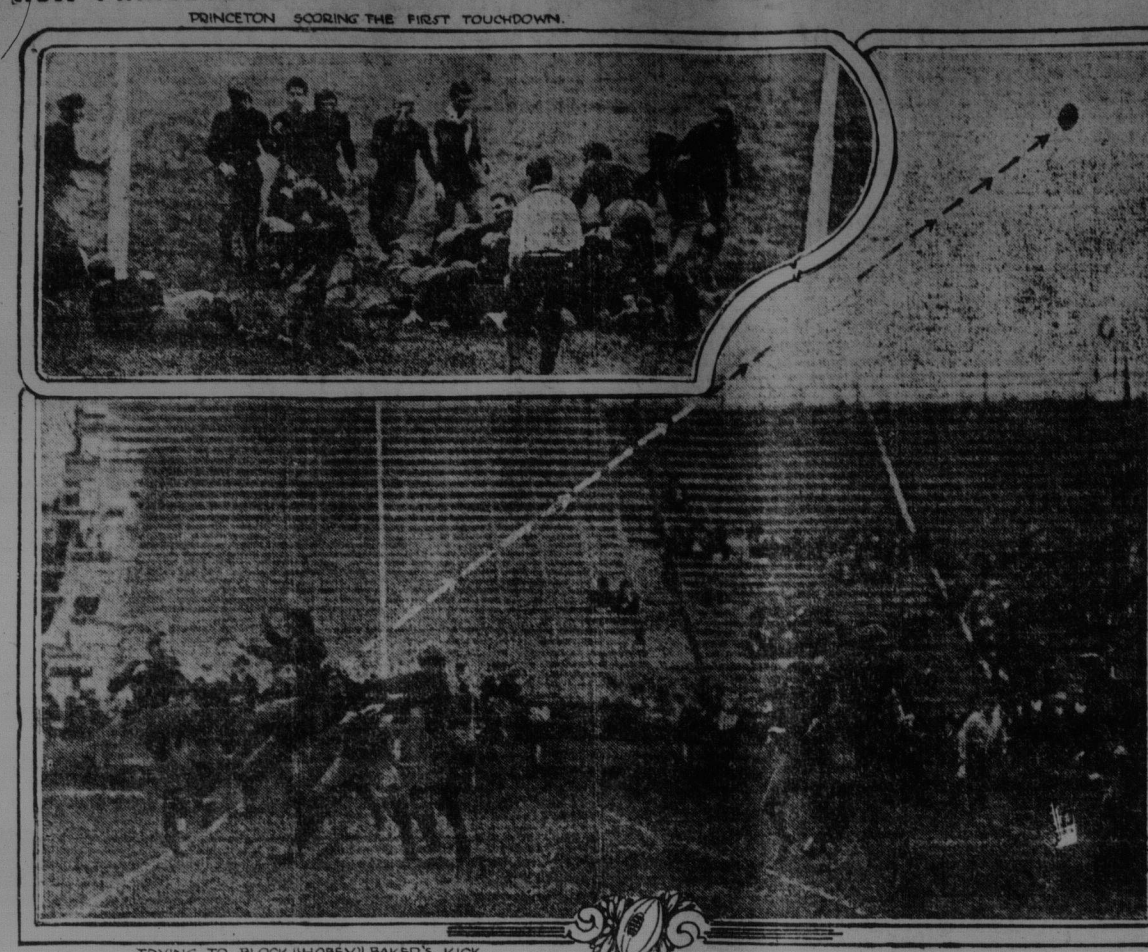

DEATH OF
FREDERICKTON
ATHLETE

News of the death in Guelph, Ont., of Austin J. Sweeney, formerly of Fredericton, reached the city last evening. Mr. Sweeney was a graduate of the U. N. B., and was known throughout the province in connection with baseball and football. For a time he was manager of the old Fredericton Tarsars baseball team. He was 35 years of age and was the son of the late Patrick Sweeney of Fredericton.

WILL ACT AS REFEREE.
Fredericton, Oct. 28.—Louis Sideraki, of Glace Bay, C. B., has definitely accepted the appointment as referee of the U. N. B.-Mount Allison game, which opens the Inter-Collegiate Football League season here on Friday.

MADE HIGH SCORE.
Healy Bishop won 113 points made the highest score on the Victoria silvers yesterday.

HOW PRINCETON'S HUSKY GRIDIRON WARRIORS DEFEATED SYRACUSE, 13-0.

Princeton was too speedy on the attack and too alert on the defence to be caught napping by Syracuse and the eleven from Salt City was beaten by a score of 13 to 0. All the scoring came in the second period. The rest of the time found the invaders sturdy enough to stand off the attacks of the flashy Tiger backs, and in spite of the fact that their goal was threatened several times they were always able to get out of difficulties. Princeton really should have had two more touchdowns, but a tendency to play off side by Strait, who would limit on starting before the ball, cost these points. On these two occasions Strait was shot over the last line, but each time the ball was called back by the referee and a penalty five yards inflicted against Old Nassau. Two attempts were also made to rally from drop kicks, H. Baker making the effort each time, but the first one simply rolled over the heads of the scrimmaging players and the second, a very easy try, was a bit wily of the posts.

ready come forward to represent and lead their people in affairs."

PHILIPPINE INDEPENDENCE
A MATTER FOR THE FUTURE

Not Brought up in Last Presidential Election in United States—American Commissioners being Replaced by Natives—U. S. Preparing to Retire with Honor.

In the last Presidential election in the United States the Philippines were hardly discussed, being pushed into the background by much more pressing business. However, the Democratic platform contained a plank, as three former platforms had done, calling for the ultimate independence of the Philippines and the withdrawal, as soon as possible, of the United States from the Pacific. In other elections the Philippines was a very live topic, the Democratic party having gone on record in the most emphatic language as opposed to any sort of imperialism. It was supposed when Wilson was elected that he might be able to bring about a settlement of the Philippines, but his party's policy in this respect, even though he was anxious that the pledges should be redeemed. It was recognized, however, that withdrawal from the Philippines would be an extremely difficult move. It was pointed out that at one time Britain intended to withdraw from Egypt, but that she still remained with the best of intentions.

Native Commissioners.
It is to be admitted now that President Wilson has done something to redeem the often-repeated pledge of his party. He has taken an important step toward the day when the United States can withdraw without feeling that a recession is equivalent to a scuttling. It has been announced that a majority of the Appointive Commission, which is a sort of Senate in the Philippines, will be composed of natives. The resignation is shortly expected of Frank A. Branganza and Vice-Governor Gilbert, and their places will be taken by natives. There will be then six native commissioners and three Americans. At present the United States has two vacancies on the commission, due to the resignations of Commissioners Worcester and Elliot, and these will be filled by Americans. Probably natives would have been given these posts were it not for the fact that Francis Burton, the new governor, is so recently on the job that he would be hardly in a position to nominate the natives most competent for the work.

One Step at a Time.
In his inaugural address, Mr. Burton made the announcement, which was greeted with terrific applause from the assembled natives, and it was fitting that the first declaration of the government's intention should have been made in Manila rather than in Washington. Governor Burton said: "We regard ourselves as trustees, acting not for the advantages of the United States, but for the benefit of the people of the Philippines. Every step we take will be taken with a view to the ultimate independence of the islands and as a preparation for that independence, and we hope to move toward that end as rapidly as the safety and the permanent interests of the islands will permit. After each step taken experience will guide us as to the next. The Administration will take one step at a time. It will give to the native citizens of the islands a majority in the Appointive Commission, and thus in the Upper as well as in the Lower House of the Legislature. It will do this in the confident hope and expectation that immediate proof will thereby be given, in the action of the commission under the new arrangement, of the political capacity of those native citizens who have al-

ready come forward to represent and lead their people in affairs."

Only the Veto Between
Further on he made reference to the time when the independence of the Philippines should be complete, and said that until that day should dawn the United States would demand no recognition of its sovereignty. It was now the privilege of the people of the Philippines to prove that they were capable of establishing a stable government. We place within your reach the instruments of redemption," he said. "The door of opportunity stands open, and the event, under Providence, is in your hands." While the Republicans used to hint at a time when it might be possible to leave the Philippines to manage their own affairs, no Governor ever spoke so hopefully and definitely as Governor Burton. At the present time the natives are in a majority in the Lower House, and with a majority also in the Upper nothing stands between them and complete legislative autonomy but the Governor's veto. In the matter of local and municipal government there is complete independence, except in certain barbarous districts, where military law is supreme.

Has the Veto Been Abolished?
The new instalment of independence is criticized in some sources, but oddly enough on the ground that it is really not such a boon to the Philippines as it appears. It is argued that since the Governor is a member of the commission, he will not be able to exercise a veto should he be out-voted in Council. Hitherto, he has always been sure of a majority, because the majority was American, and there was no necessity for a veto.

PLAYER RUN DOWN BOY.
Cleveland, Ohio, Oct. 28.—George Paskert, outfielder of the Philadelphia National League team, ran down and fatally injured John Ferris, 12 years old, late today, while driving his automobile through a crowded street in front of the department store where the boy was employed. The boy's skull was fractured and doctors say he cannot live. Traffic police reported that Paskert was not to blame for the accident, but later he was taken to police headquarters and held on a charge of violating the speed ordinance.

COOMBS RECOVERING.
Pennsylvania University Hospital physicians report Jack Coombs as now fairly on the way to recovery from his spinal affliction. Doubtless the result of the world's series was quite a tonic for Coombs.

KINGS IS
WHITWASHED
BY ACADIA

Windsor, N. S., Oct. 28.—The inter-collegiate game of football between Kings and Acadia was played in the college grounds here this afternoon. Kings held the territory but Acadia showed better form in the second and the team worked well throughout, in rough and tumble football Kings plays a fairly good game but the Acadia men had greater science. The weather was good and the attendance small.

VICTORIA TWO MEN LEAGUE.

Norris	76	91	76	83	84	408	81-45

Whyte & Mackay's Scotch Whisky

There is only one quality of WHYTE & MACKAY'S. You get the same drink wherever you order it.

Sold Throughout Canada

GEORGE B. CALDWELL, PRESIDENT OF INVESTMENT BANKERS' ASSOCIATION OF AMERICA, GIVES VIEWS.

Chicago, Oct. 26.—George B. Caldwell, president of the Investment Bankers' Association of America, in opening its second annual convention here today said that stocks and bonds were down "almost to panic prices" because of the dissatisfaction of capital with the present and the last of the ministrations. For the last two years the security market has reflected the disgust of capital because the administration of Taft and Wilson seemed determined to irritate and regulate business. The agitation has gone so far that our government at Washington is almost certain to be on the bear side of the market.

"Good stocks and bonds are down almost to panic prices chiefly because of a lack of confidence and a belief on the part of investors that what we will get will be worse than what we have had and that the corporations, especially the railroads will not be given in the next three years a square deal."

Mr. Caldwell, who is president of the Continental and Commercial Trust and Savings Bank of Chicago, said that the thrifty poor would suffer most. "The little people, the host of small investors in stocks and bonds, are the ones who will suffer most from reversion to uneconomic processes."

SICK, SOUR STOMACH,
INDIGESTION OR GAS

"Pape's Diapepsin" makes upset stomachs feel fine in five minutes

Wonder what upset your stomach— which portion of the food is not digested—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into, stubborn lumps; head dizzy and aches; belch, gases and acids; eructate undigested food; tasteless, coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it dissolves food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.
