

IN THE COURTS

CHANCERY DIVISION.

The monthly sitting of the Chancery Division of the Supreme Court was held yesterday morning. Mr. Justice McLeod presiding.

In the matter of John E. McDonald, a person of unsound mind not so found by inquisition: At the last hearing Mr. Justice McLeod ordered, on the petition of Isabelle McSherry, a notice of motion to be sent to John E. McDonald advising that the matter was coming up for hearing, and that an affidavit be obtained from Dr. Geo. T. Tuttle, medical superintendent of McLean Hospital, Waverley, Mass., where the patient is confined, J. A. Barry read the affidavit of service and the affidavit of Dr. Tuttle. In the latter it was stated that Mr. McDonald went to the hospital on the 23rd of December, 1911, and after the examination he diagnosed the case as general paresis. The affidavit further disclosed that Mr. McDonald is still suffering from this disease and is entirely unable to take care of himself or to manage his business affairs. As J. B. M. Baxter, R. C., who is counsel for C. H. Ferguson, solicitor for Wm. P. McDonald, was absent, further hearing was adjourned till Friday, the 23rd inst., by consent of all parties interested.

In the matter of James B. Miller, infant, W. A. Ewing, K. C., moved to confirm the master's report and for an order to discharge guardian and bond of fidelity filed by guardian, and for costs of filing accounts. The order was made.

In re R. Heber Arnold et al. Hon. John R. Robertson, trustee, Wm. J. Weir and R. O. Weldon, his wife, Boyer S. Smith moved for an order for the sale of certain lands in Moncton belonging to defendants to foreclose a mortgage of \$1,650 and interest of \$146.18. An order of referee was made for sale of the premises, giving all parties leave to bid.

To Keep Skin in Fine Condition in Summer

(From The Family Physician.)

It would be much better for the skin if little cream, powder or rouge were used during the heated term. Mixed with perspiration, dust and grime, these things are anything but beautiful. Ordinary mercurized wax will do more for the complexion, and without giving an oily, shiny, streaked, spotted or pasty appearance. It is the ideal application for the season, as it not only keeps the pores clean but daily removes particles of dirt or weather, by constantly keeping the complexion clear, white and satiny. It does more toward perpetuating a youthful countenance than any of the arts or artifices commonly employed. One ounce of mercurized wax, obtainable at any drug store, will completely renovate the worst complexion. It is applied at night like cold cream and washed off in the morning.

To keep the skin from sagging or wrinkling, or to overcome such condition, there's nothing better than a face bath made by dissolving 1 ounce powdered naxolite in 1 1/2 pint witch hazel.

A reliable report comes from Elgin that \$9 per ton is being asked for hay in the field, due to the fact that the crop is light and a large portion has been very much injured by the almost continuous wet weather of the past few weeks. A very small percentage of the hay crop has been gathered in this section, the marsh lands remaining untouched up to the present.

SCHEPPS FUSSY ABOUT COMFORT IN CONFINEMENT

Orders Eiderdown Quilt and Silk Socks of Exclusive Dealer to Help Him Bear His Troubles.

New York, N. Y., Aug. 20.—Sam Schepps was still the most interesting figure in the hospital matter case today. His first act this morning was to give the keeper of the west side prison, a list of articles he desired to alleviate his confinement. These included an eiderdown quilt, six pairs of white silk socks to be purchased at an exclusive Fifth Avenue haberdashery which Schepps designated, a pair of slippers and many toilet articles. He also sent telegrams to George Howell, captain of the Hot Springs police, and to Chas. J. Pettit, acting mayor of Hot Springs, thanking them for their many courtesies and expressing the hope that they soon would meet again.

SALVATION ARMY HEAD PASSED PEACEFULLY AWAY LAST EVENING

Continued from page 1.

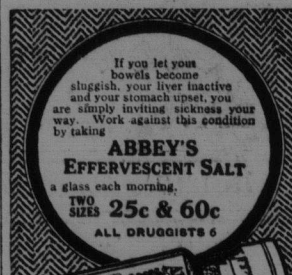

turning in his favor, General Booth published "In Darkest England and the Way Out," therein setting forth an elaborate scheme of social regeneration which he desired to carry out. Rich and titled people approved it, and incidentally gave the Army a higher place in their esteem.

Henceforward, except for occasional defections, such as those of Ballington Booth and others, things went smoothly with the General and his troops. The days of misrepresentation and verbal and physical abuse were passed. General Booth was officially recognized and invited to be present at the coronation of King Edward VII.

The progress of the Salvation Army has made under its leader during the last ten years is well known.

Not a little of General Booth's success in his earlier days was due to the unflinching aid of his wife who died in 1890. Mrs. Booth was largely responsible for the winning quality in the Army's appeal. She endowed the Army with its effective weapon when she used her influence to give women an even chance.

Mrs. Booth, who herself had begun to preach as far back as 1869, not only offered opportunities to women, but made the opportunities worth while in that they led to honor and position. From the Army's first days to the present a woman has been as likely as a man to be sent out to "open a town" or to take command of it. In keeping with these principles and practice Eva Booth is today the chief in charge in the United States.

THE COMMISSIONER OF PUBLIC SAFETY AND POLICE PROBE

Mr. McLellan Refuses to Discuss Time, Place or Scope of Investigation for which Council Voted \$500.

Asked last evening for information as to the scope of the police investigation which the city council yesterday voted the sum of \$500, Commissioner McLellan said he had no information to give out at the present time.

"Is the investigation for some special purpose, such as getting after some of the police for wrongdoing?" he was asked.

"I have nothing to say now," was the answer.

"Is the investigation to be made with a view to a reorganization of the department?"

"I don't propose to discuss the matter now. There will be a general inquiry. I will get all the information I can about the department and then view to making it more efficient and reorganizing it if it is necessary."

"The public investigation is open to the public?"

"I don't want to be asked questions now. It will probably be private. I'm not telling the public anything just now."

"Don't you think that the investigation should be about forty, or fifty, or sixty, or seventy, or eighty, or ninety, or one hundred, or two hundred, or three hundred, or four hundred, or five hundred, or six hundred, or seven hundred, or eight hundred, or nine hundred, or one thousand?"

"It's no use to ask me questions, now. I'm not going to say anything about the matter."

"The public will be employed to conduct the investigation by the city or by the policeman?"

"I can tell you now—I have nothing to say at present."

MAYOR HOOPER OF FREDERICTON MAY VISIT GERMANY

Fredricton, Aug. 20.—Mayor Hooper, who was elected grand representative to the meeting of the grand lodge of Oddfellows of the Maritime Provinces at the meeting of the grand lodge at Yarmouth, N. S., last week, expects to leave here on September 12th for the meeting of the sovereign grand lodge to be held at Winnipeg.

He will go to Montreal and there join the great delegation from the New England states and Province of Quebec, and the start will be made from Montreal on the morning of the 13th of September. They will arrive in Winnipeg on September 15th and it is expected that they will be 3,000 Oddfellows in line at the big procession during the meeting of the sovereign grand lodge.

On the 22nd of September the delegates will leave Winnipeg and Mayor Hooper will probably return via the exclusive Fifth Avenue haberdashery which Schepps designated, a pair of slippers and many toilet articles.

His appointment as grand representative holds good for two years, and the sovereign grand lodge is likely to meet in Berlin, Germany, in 1913, which would mean a European trip for his workshop.

ICE STILL PLentiful

Boston, Mass., Aug. 20.—After a slow trip through ice fields and fog, the steamer Parisian arrived here today from Glasgow. Capt. Hains reported that only 22 miles were made last Thursday, because of the proximity of icebergs and the density of the fog.

DON'T WANT CONFERENCE.

Washington, Aug. 20.—The Senate resolution for a congressional committee to confer with the President on tariff revision, failed of consideration today in the senate. Senators Heyburn and Smoot objected, Senator Heyburn declaring he was opposed to considering the measure at any time.

PROMINENT PRELATE DIES.

Buffalo, N. Y., Aug. 20.—Right Rev. James Lenigan, D.D., monsignor and domestic prelate attached to the household of the Pope, and rector of St. Bridget's Roman Catholic church, this city, died today.

There was a great deal of excitement in the Market Slip yesterday afternoon about 4.30 o'clock. A youth named George Pope drove a horse and sloop into the slip while the tide was high and when he went to turn the horse the animal fell and was very nearly drowned. Some men went in a rowboat and held the horse's head above water. James Nichols backed his double team and large wagon into the water, a rope was fastened to the drowning horse and it was hauled safely ashore on the beach.

FOUR HORSES NATIONAL SUCCUMB TO INFLUENZA CHAMPS

Middleton, N. S., Aug. 19.—Mayor Goucher and the town council are receiving many congratulations upon the smooth way in which the proceedings in connection with the visit of the Duke of Connaught were carried out. The royal visitors were very complimentary in their references to the Orchard Town, as Middleton has come to be called.

There was one disappointment in connection with Connaught Day. That being the day, but Thomas C. Bundy, of Los Angeles, one of the challengers, developed a slight illness during the night and the holders, Raymond D. Little and Gustave F. Touchard, of New York, generously requested a day's delay.

The postponement of the doubles event was not announced until a crowd of two or three thousand had gathered about the grand stand court, but the committee immediately staged a lively contest in singles between former champion, William J. Clothier, of Philadelphia, and Edward P. Larned, of Summit, N. J., a brother of the well known veteran, Clothier won the match in straight sets, but every game was hotly contested and 44 games were necessary for a final result.

Both Clothier and Larned ran in on their services and the exchanges at the net were fast and skillful. A hard rain during the night held up the play until nearly noon, but the training and turf conditions of the casino court enabled the players to get together within a few hours after the downpour had ceased. The best call for delinquent entrants was made at noon and among those against whom a default was recorded was the champion, Beals C. Wright, of Boston. A score of other entries who failed to appear enabled the players to get into the third round.

During the day the officials of the United States Lawn Tennis Association sent a cablegram to the British association, stating that America would not be represented in the trial matches for the Davis international cup now being held in New Zealand.

Members of the order have arrived, St. John, St. Andrews, Hampton, Marysville, Fredericton, Woodstock, St. Stephen, Halifax, Dartmouth, Advocate Parrsboro, Port Granville, Springhill, Truro, Stellarton, Inverness, Westville, New Glasgow and Charlottetown are all represented. The D. O. K. "Dokers," also attending. The 62nd Regimental band, St. John, arrived this morning and rendered a number of selections in front of the station and hotels which were much appreciated, and tonight will give a concert on Bond View Square. Among those attending are: Grand Chancellor G. E. Ritchie, Halifax; Vice-Chancellor G. N. Palmer, Moncton; Grand Priest E. Levesque, McEay, Charlottetown; Grand K. of R. and St. James Moulson, St. John; Grand M. of Exchequer J. R. Polley, St. Stephen; Grand M. of A. George H. Clarke, Fredericton; Grand Inner Guard F. A. Kinnear, St. John; Grand W. of W. McEay, Charlottetown; St. John; Supreme Representatives Hon. Geo. K. Clarke, St. Stephen and Hon. Geo. K. Clarke, St. Stephen; Grand R. J. Roxborough, St. Stephen; E. Woodworth, Parrsboro and James P. Inch, Marysville.

At 11 o'clock this morning Mayor Robinson extended a welcome to the visiting Knights. The cash on hand was \$12,086.00; widow and orphan's fund, \$8,718.19; paraphernalia and furniture, \$1,306.00; real estate, \$10,070.00. Making a total of \$45,789.76 which is an increase of \$4,367.30 as compared with 1911. For 1911 the total was \$41,422.46. The balance of 1911 was \$1,573.25, were paid out, as against \$475 the previous year.

This afternoon a procession of the Knights, led by the 62nd Regimental band is being held. This evening a reception will be tendered the visiting Knights at the Grand Opera House.

JOHNSON AND JOE JEANETTE FIGHT TALK

New York, Aug. 19.—Assurances that the proposed bout between Jack Johnson and Joe Jeanette would be staged in this city advanced a step tonight when the McMahon Bros. proprietors of the St. Nicholas Athletic Club, posted with the sporting editor of a New York newspaper, a certified check for \$5,000 as a forfeit binding them to stage the bout at the St. Nicholas on Sept. 25. It was said here that Johnson was expected to post a \$5,000 forfeit in Chicago to-night.

There is still great doubt that the State Athletic Commission which regulates boxing in New York state will allow the two colored men to meet here. Some months ago when promoters here were trying to get Johnson to appear, the members of the commission let it be known that they would oppose the idea. It had been expected that the athletic commission would meet today and decide upon its attitude in the present instance, but the meeting was not held.

PERSONAL.

Rev. R. P. McKim left on the steamer Calvin Austin, last night for Boston and en route to Montreal, where he will speak every day at the summer conference. Mr. McKim will be away about ten days.

Miss Jessie F. McLean, daughter of Inspector Wm. F. McLean, returned home yesterday after a three weeks' visit on the Washington and St. John River with the Natural History Society.

Who Knew John Kirby? Last evening Chief of Police Clark received a telegram from the Pinner and Merritt Company of Auburn, Me., to the effect that John Kirby, supposed to be from St. John, is dead there and that there is no one to claim him. The chief was asked if he could locate any of the man's relatives.

Newport, R. I., Aug. 20.—Of the 159 aspirants for the National Lawn Tennis championship in singles who were on the entry list yesterday morning, but 33 remained in the running when the play closed today. Although two score matches were run off during the day there were no unexpected results and the survivors are considered the pick of American tennis players.

The national championship in doubles was to have been decided today, but the holders, Raymond D. Little and Gustave F. Touchard, of New York, generously requested a day's delay.

Vitagraph's Three-Reel Sensation "THE MONEY KINGS"

The Men Who Make or Unmake Nations

IN THIS MOST engaging story we have a pictorial narrative telling how universal peace was declared and the principled schemes of greed and avarice to prevent it were defeated by a quick-witted young girl and a daring aviator in his hydroplane. It is a fiction dealing with the world's politics, great money combinations—in a word with those inner circles of politics and commerce which make and unmake nations. Thrilling situations and startling climaxes are worked up by the introduction of trans-Atlantic liners, aeroplanes, a female secret service agent, wireless messages, etc. It is one of the most engrossing pictures the Nickel has ever shown
